CRISP GREEN
Florida CELERY 2 bun. 19c

FANCY GRADE — 6 qt. basket
McIntosh APPLES 59c

NEW CALIF. — large bunch
Bunch CARROTS 12c

SEEDLESS — Size 216
Florida ORANGES doz. 45c

FIRM RED — 14 oz. carton
Ripe TOMATOES 25c

We pay highest market prices for Ungraded Apples. See manager for details. Reg. Grading Station O-29.

These Prices Effective Thurs., Fri., Sat., March 15th, 16th & 17th

DOMINION STORES LIMITED

Hello Homemakers! Many a time I have wished that I had written down the recipes for scones that grandmother used to make. She used to bake 7 varieties and always had about 3 batches baked and stored in covered crocks. The "stone" covers always made a loud noise when we stole into the cold pantry to steal some but grandmother knew we appreciated them because she brought out honey to add to the ones she sliced for us.

Today we find ourselves sure of good baking results due to modern ranges with accurate temperature controls and delicate flavours from manufacturer's tested ingredients, especially the Canadian milled flour.

TAKE A TIP

Scones and baking powder biscuits are known to Home Science girls as soft dough mixtures. (This group of mixes also includes dumplings and drop biscuits but we shall talk about these items in another column.)

1. Have all ingredients cold.
2. Grease cookie or pie plates ever so lightly.
3. Sift once an approximate amount of flour from which the required amount can then be measured.
4. Measure the dry ingredients; mix and sift them 3 times into a mixing bowl.
5. Measure firm, cold fat (butter, shortening, lard or margarine), by measuring spoon. Cut fat into flour with a wire blender or a knife until pieces of fat are the size of peas.
6. Sprinkle cold liquid over the dry ingredients and mix lightly with a fork, adding just enough liquid to make a soft but not sticky dough. Work dough as little as possible to prevent a tough biscuit.
7. Knead the dough on a lightly floured board, not more than 20 turns.
8. Flatten gently with a lightly floured rolling pin.
9. Finish the product according to directions and bake in a hot electric oven.

Fruit Scones

- 2 cups pastry flour
- 4 tps. baking powder
- 4 tsp. salt
- 1 tbs. sugar
- 3 tbsps. shortening
- 1 cup seedless raisins
- 3 tbsps. chopped cherries
- 2 tbsps. chopped walnuts
- 1 egg, beaten
- 1-3rd cup milk

Sift and measure flour. Mix and sift dry ingredients. Add shortening and blend into the dry ingredients. Add fruits. Now blend together egg and milk into the dry ingredients. Turn onto lightly floured board and knead for one minute, divide the dough into 2 parts and pat into rounds 1/2 inch thick. Place on a buttered baking sheet and cut each round into 4 wedge-shaped pieces. Bake in electric oven at 425 degs. about 15 minutes.

Buttermilk Scones

- 2 cups sifted flour
- 2 tpsps. sugar
- 1/2 tsp. salt
- 3 tpsps. baking powder
- 1/2 tsp. baking soda
- 1/2 cup sugar
- 2 eggs, beaten
- 1/2 cup buttermilk

Mix and sift dry ingredients; cut in shortening, sprinkle butter, milk into the dry ingredients. Turn onto a lightly floured board and shaped into 2 rounds about 1 inch thick (not necessary to knead this mixture.) Place each round on a floured pie plate, cut into wedges and make in an electric oven at 450 degs. 12 minutes.

Homemade Quick Biscuits

- 6 cups sifted all-purpose flour
 - 3 tpsps. baking powder
 - 1 1/2 tpsps. salt
 - 3/4 cup shortening
- Measure sifted flour; add baking powder and salt and sift together in a large wooden bowl. Cut in the shortening until the mixture resembles oatmeal.

Cover lightly and place in the electric refrigerator until needed. For tea biscuits we use 2 cups of the biscuit mix and 3/4 cups water or milk.

This dough may be used for: (1) Meat pie toppings. (2) Plain or fruit tea biscuits. (3) Cheese biscuits. (4) Cobblers made with stewed or canned fruit. (5) Short-cakes for fruit or meat. (6) Scones for skillet baking. (7) Pinwheel biscuits for jams or jelly mixtures.

THE QUESTION BOX

Mrs. H. Mc. asks: why do the last few biscuits being baked on a cookie sheet burn on the bottom?

Answer: If only 3 to 6 biscuits are being baked at one time do not use the cookie sheet as the metal gets

FARM NEWS

David Pelletterio New County Junior President

The first annual banquet of Halton Junior Farmers was held in the Trafalgar Township last Friday evening. All sections of the County were represented by the very representative group which filled the banquet hall to capacity. Incidentally, the tables and hall had been very tastefully decorated in purple and gold, the official colors of Halton Juniors. It was, from every angle, a strictly Junior Farmer function and Halton County may well be proud of the manner in which their Juniors not only had looked after all the details, but their general deportment, etc., etc.

While we have had the privilege of attending many banquets, we question if we have ever attended one conducted on a higher plane. Perhaps we might even suggest that some of us older folks might well take a few lessons from them when it comes to handling a toast list correctly. Stan Jay, past president of Halton Juniors, was the very able toastmaster of the evening. Those participating in the toast list were Darlene Thomas, Campbellville; Evelyn Course, Hornby; Mac Sprawl, Acton and Jack Marchmont of Hornby. Iamey Kean of Norval graciously extended the thanks of the gathering to the ladies of the United Church at Palermo, whose efforts in catering left nothing to be desired.

David Pelletterio, newly elected president of Halton Juniors and County Director on the Provincial Junior Farmer Board, introduced the guest speaker, Jack Cockburn of Drumbo, president of the Junior Farmers of Ontario. Mr. Cockburn took as his topic "Opportunities in Junior Farmer Work" and his address was filled with meat and inspiration. While he admitted there may be some uncertainty about present conditions, nevertheless he stated "Agriculture is both a vocation and a way of life and offers something which no other profession does." "In my opinion," he added "future prospects are good and we are fast approaching the time when our urban population will provide a market for all we produce. We will enjoy a greater degree of security than ever before." He then stressed the necessity of equipping ourselves and went on to point out where Junior Farm work ties in. He also pointed out that our greatest opportunity lies through such activities as this — by meeting with others. The Junior Farmers Association, he added, works in three directions — viz. vocational training; organized recreation and in citizenship. "You and I," stated Mr. Cockburn, "must accept responsibilities of the future and take our part in local organizations and community service projects."

Geo. S. Atkins, Halton's versatile Junior Farmer leader, assisted by Miss Mary Woodley of Wentworth County at the piano, led in the very enjoyable period of community singing.

A dance, to music provided by the Millers' Orchestra, brought the function to a conclusion.

hotter when not filled. Use a shallow pie plate for the last few cookies or biscuits.

Mrs. W. E. asks: Why do some of my biscuits look tipsy?

Answer: Perhaps the biscuit cutter has been sticky. Dip cutter into a mound of flour after each pressing. Always press down evenly and transfer cut biscuits to baking sheet with an egg lifter.

Mrs. D. F. asks: Can I substitute molasses for sugar in muffin recipe?

Answer: You may substitute one cup molasses for 1/2 cup sugar and reduce liquid by 1/4 cup of the amount required in the recipe. Do not use more than 1 cup molasses in a plain muffin recipe.

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. New Pep

Thousands who never could gain weight before, now have shapely, attractive figures. No more lumpy limbs, ugly hollows. They thank Norex. It puts flesh on bodies skinny because blood lacks iron. Peppes you up, too. Improves appetite, digestion so food nourishes you better. You'll feel getting too fat. Stop when you gain figure you wish. Introductory "get-acquainted" size only 6oz. Try Oxters Tonic Tablets for new, healthy, lovely curves, new pep, today. At all drug stores.

NIXONS SCOUREX

WILL "SAVE" YOUR CALVES!

SCOUREX WORKS FAST! Removes infections from the intestinal tract overnight. The "combined sulfas" in Scourex work fast.

Promotes appetite for rapid recovery.
