

Urges Hospitality To New Canadians

The Easter Thankoffering of The Woman's Missionary Society of St. John's United Church, usually held in April, was arranged for Tuesday, March 27th. In spite of so much flu in town, there was a good attendance. Mrs. A. M. Nielsen presided. The devotionals were in charge of Mrs. Orpha Houston. Her Scripture reading was from the 18th chapter of Mark. Her comments brought lessons from the three women, who went to the sepulchre and there found Jesus had become the Risen Lord.

Miss Shirley Forbes sang very pleasingly "There is a Green Hill Far Away."

The special speaker was Mrs. Gordon Watts, secretary of Christian Stewardship on the Dominion Board, in Toronto. She opened her address by referring to the Easter-tide just past and the security given by faith in the Resurrection, especially in these troubled times. In all the world there is need for a sense of security. Healthful hobbies are useful to this end—something that keeps hands and mind active. Meeting the needs of others is valuable. This is part of the work of the WMS accomplished in many ways. There are port workers, women trained to be on the lookout for immigrants arriving at Halifax, Quebec, Montreal. One port worker can speak seven languages. They are ready to comfort the strangers and their children, toys ready for the little ones. They send their names on to other workers in frontier towns and other destinations. These foreigners are looking for security and the WMS does all it can to meet their needs. Student ministers help in this great work, in their summer charges.

The Sunday School lessons sent by air and mail are very welcome to the people. The WMS along with the Board of Education carry on the youth caravan, which travels out to lonely places, distributing reading material and educational literature. All the various WMS hospitals serve these strangers, physically and spiritually. There are many lonely people everywhere. People need to feel needed. We can share our homes with lonely and needy people, by inviting someone for a meal or for overnight, or to meet others in the church. We members of the WMS may be always on the lookout to meet needs in everyday life. Christ was always satisfying needs in his private and public life. Each woman can meet needs in her job, her office, her daily life, by God's grace and strength. Mrs. Watts closed her address with prayer.

A social time was enjoyed over a cup of tea.

NORVAL

ST. PAUL'S GUILD HOLD EASTER PARTY

The annual Easter Dance of St. Paul's Guild was held in their Parish Hall on Thursday evening, March 29th, with a fair number in attendance despite the heavy fog. The euchre winners included Mrs. Bob Richardson, Mrs. Percy Donaldson, Mr. Lloyd Stapleton and Mr. Robt. Barrow. Dancing was enjoyed to Doris Hulls' Orchestra with Charlie Campbell as floor manager. Those responsible for the success of the party included Mrs. G. Shering, Mrs. Harold Gollop, Mr. and Mrs. Wilson Allonby, Messrs. W. Coupland and W. Finnermore, Mrs. Walter Fidler, Mrs. A. Needham, Miss Edna Kerr, Mrs. W. Finnermore and Miss Maureen Needham.

Legion Notes

IMPERIALS HOLD ELECTION

At a well-attended meeting held last Sunday, the Imperial Section of Branch 120 held their annual meeting and election of officers. The president of the Branch conducted the election.

The list of officers is as follows: President — James Murphy; Past President — C. Parlon; 1st Vice President — Pat Heelan; Secretary — Bob Muir; Treasurer — William Broughton; Executive — Mrs. T. F. Grieve; Sick Chairman — Mrs. T. F. Grieve; Entertainment — Alex Taylor.

It was decided that the next meeting will be held at the home of Mr. and Mrs. Alex Taylor on Sunday, April 22nd.

A group of the Section is attending a meeting in Brantford on Sunday. It is expected a carload will attend, and possibly two.

Plans were made for the annual Buffalo trip which will be one day, a Saturday, and will be held in August. A committee was formed to arrange this.

It is hoped to hold the Zone meeting in Georgetown sometime this summer, subject to permission from the Branch.

A vote of thanks was moved to Mr. and Mrs. Pat Heelan for their hospitality in allowing the section the use of their home.

Glad to see a former member of the Branch, Bert Parr, in town over the week-end.

In the list of sports in this column we forgot to list bowling, one that has become very popular in the Branch. Com. Bob Muir ran it for a few years and the team is now being handled by Charlie Day, and has been very successful so far this year.

NOTE: Regarding what is a very serious situation, namely the wartime housing. It was stated in this column years ago that the Legion president has NO authority in the allocation of these houses and they come under the supervision of a Crown company which has its own representative who is solely responsible for the allocation of houses. His office is in Guelph and is listed under the name Central Mortgage & Housing. All requests for housing should be directed to him. The writer has felt it necessary to mention this in view of the large number of people coming to see him regarding this in the last week. And now would be a good time to say that he would appreciate any one who feels it necessary to see him or phone him at his home in the evenings or lunch hour and not at the Herald Office during working hours.

GLEN WILLIAMS

NEW DUTCH FAMILY MOVES TO THE GLEN

New residents in the former Armstrong home in the Glen are Mr. and Mrs. Charles Dykstra and their family of three, who are anxious to make friends in the community. The Dykstras lived on the 1st Line West, Brampton after coming from Holland and worked at the Dale Estate, Mr. Dykstra is now employed at William B. Ackerman, Ltd. as is 16-year-old Winnie. Son Hendry is still at Dales but expects to start work at the Alliance Paper Mills next week. Janke, 11, the younger daughter has enrolled in Grade 5 at the Glen School.

With Rod and Gun

National Wildlife Week, a period set aside annually by the Dominion Government to arouse Canadians to value their country's renewable natural resources and point up the need for conservation, will be held from April 8 to 14th, inclusive this year, it has been announced.

Harold R. Scott, Minister, Ontario, Department of Lands and Forests, urges all residents of the province to get behind this national conservation effort and also to use Wild Life as a model for the rest of the year.

The Ontario Legislative Committee on Game and Fish will have a complex task, in considering the more than one hundred resolutions and recommendations it received during the recent annual meeting of the committee with groups representing sportsmen, tourist operators, commercial fishermen and trappers at Queen's Park.

A recommendation urged the adoption of a resident angling licence for all over sixteen years contending that it would help make the public more conservation-minded. Others opposed this from the floor unless the revenue from the sale of such a licence went specifically into fish propagation work. Some were flatly against the proposal.

The Department of Lands & Forests has issued the following information with reference to smelt fishing for personal use only:

(1) Fishing for Smelt where a Licence is Required:

Smelt Seine Licence

This licence permits the use of a seine up to thirty feet long and six feet deep or a dip net not to exceed six feet by six feet, for the taking of Smelts only, for personal use and not for sale. It is valid during the months of March, April and May only. The licence will be issued by the regular licence issuers, in the principal smelt fishing areas. The fee is one dollar.

(2) Fishing for Smelt for Personal Use Without a Licence

(A) Three Foot Dip Net

In order to facilitate the taking of smelts for personal use, the use of a dip net having a diameter of not more than 36 inches will be permitted at any time during the months of March, April and May without a licence. Smelts taken with this net are for personal use and not for sale.

(B) Six Foot Dip Net

As described in Section 2, Sub-section (1) of the Special Fishery Regulations, Smelts may be taken, without a licence, in a dip net not more than six feet square or six feet in diameter, between sunrise and sunset, during the months of April and May only.

Fishing for Smelt by any means is prohibited in the waters described in Section 2 of the Special Fisheries Regulations. These include the waters in the counties of Victoria, Peterborough, Northumberland, and Durham. However, the taking of smelt will be permitted in the waters of Lake Ontario fronting the counties of Northumberland and Durham and the mouths of streams in these counties.

It is pointed out that the Seine or dip net for which a licence has been secured to take smelt may be used at any time during the months of March, April and May.

The six foot dip net, if used without a licence, may only be operated during the months of April and May and between sunrise and sunset.

Statement of Convictions

for the month of February, 1951

Allowing dogs to run at large, 1; angling without a non-resident licence 2; destroying a beaver dam, 1; fishing by other means other than angling 7; hunting in prohibited hours 5; hunting without a licence 36; hunting with unplugged shotgun 5; hunting rabbits with ferret, 8; hunting pheasants in closed season 1; illegal possession of furs 3; illegal possession of beaver meat 1; killing squirrels out of season 1; killing male deer under one year 2; loaded firearm in motor vehicle 5; obstructing an officer 1; possession of firearms in game preserve 5; possession of firearms and traps in lumber camp 22; possession of partridge in closed season 1; possession of fish in closed season 1; possession of undersized fish 4; possession of venison in closed season 16; trapping in closed season 1; trapping without a licence 1; violation of condition of licence, securing licence under false pretences 1.

Fishing Trip

Tickets for the perch fishing expedition are on sale at Bud Kentner's. Get them early and be sure of a seat. The perch run will probably be at its peak about the middle of April. —George Hoare.
