· Glass Boats Being Made in Georgetoun Factory

Fiberglas boats built in factory at Georgetown will be supplied to the RCAF and Canadian Navy. These models are sportmen's runabouts. Fifteen-foot craft, fitted with outboard motors, weigh only 200 to 300 lbs.

A little boy boarded the street ear wearing long pants. The conductor charged him full fare. At the next stop a little boy boarded the street car wearing short pants - our being detected. Just as he was half fare. Next stop, a young lady entered the street car and the conductor collected no fare . . . No! No! She had a transfer!

Shoeless, he climbed the starrs, opened the door of the room, entered, and closed it after him, withabout to get in bed his wife, halfaroused from slumber, turned and sleepily said. "Is that you Dusty?" The husband, telling the rest of

What Council Did

ON MONDAY, MAY 7th

Were interviewed again by William McDonald concerning damage allegedly caused to his property on Maple Avenue by sewerage installation into the Langdon survey. Mr. -McDonald has told council on several occasions that K. M. Langdon said he would attend to the matter personally at the time the sewerage was put in: Council had twice written Mr. Langdon, but had received no answer.

Mayor Cleave said he thought Mr. Langdon should pay for any damage, and that if the town settled such a claim it would be wide open and there might be other similar claims. Council, decided to seek legal advice on the matter: ...

Were told by plant manager Cliff. Boutelle of Alliance Paper Mills, Ltd. that work has been completed on the piping system by which mill effluent runs underground to the river. Mr. Boutelle said the odour situation is much improved and that he had been pleased at the cooperative effort between government and industry.

He asked the town to ensure an oiled surface on the road in front of the mill, as dust bothered employees and interfered with production. .

Mayor Cleave thanked the mill for completing the job and assured the town's cooperation in overcoming the dust nuisance

Will drain Ostrander Blvd. by hooking in to the sewerage system for surface drainage. Dick Hawes, representing Hawes & Nelson, said his contracting firm intended to build two new houses at the end of not be done until drainage was ta-

Tommy Corman Delieves that

ELEVISION, whatever you think of it, has at least rendered a service I to the International Baseball League. Almost singlehanded, it has! chased the 1 'te Giants from Jersey City, up and over the Canadian border and to at into Ottawa's Lansdowne Park. The new communication medium cannot claim the entire credit for the move, however, for that stalwart, sporting gentleman, Tommy Gorman of Quawa, was pulling like mad on the Canadian end of the tow rope. Now that the Capital boasts an International League club, it's experted that the well seasoned rivalry of Onawa, Montreal and Toronto will be sustained during the summer season, to be continued in the fall on the tootball gridiron.

Capital Sporting Centre:

There seems to be left field or 386 feet to centre," he little concern whether Ottawa can support a Triple-A baseball entry, and this optimism is Jundly based on the Capital's historical record as a rabid sport town.

Long a hot-bed of hockey and football, Ottawa will undoubtedly honour the Giants with the same enthusiasm which characterized their support of the great Senators in the years of their NHL glory and the die-hard backing accorded their Roughriders in the Inter-provincial Football League each season. No team could ask for more

Tommy Gorman has renewed his lease on Lansdowne Park for another eight years and the club is considering a plan to renovate the present grandstand (capacity 12,000), while the addition of permanent bleachers to seat 2,000 is also being discussed should the baseball experiment exceed expectations.

All in all, the advent of the Ottawa Giants into the International League should do more than any other single factor to increase Canadian interest in baseball.

The Great Gorman:

This week we dropped in on

I-many Corman to ask him about Ottawa's IBL prospects. Gorman

had not the slightest reservation. Ottawa has always been a great

sport centre. During our years in

the Border League we have built

up a strong baseball following in the

Citrawa Valley. The Giants just can't miss here. They're a natural."

Asked about the park itself.

Corman described his newly erected

Poland vs Becker:

The Ottawa Giants are lucky in their managerial choice, with Hugh Poland at the helm. A former major league catcher, Poland (like Toronto's Joe Becker)

has risen rapidly in the New York Giants' baseball command. Now the two former bigleaguers are rival managers and the coming season should provide many a dramatic meeting between their

One of the key men in the rebuilding of the Ottawa Giants is Cart Hubbell, the Baseball Hall of Fame southpaw, who now directs the Polo Grounds' farm teams and scouting departments.

With Poland, Gorman, Hubbell and the rest. Ottawa's Giants should prove a bright star in baseball's firmament.

Here's luck to them!

Renewed a three-year compre- hensive insurance policy with Elmer Ci. Thompson Insurance Service.

(Moved by McGilvray and Tuck) A. E. Wilson, whose company carries the insurance, told council that the premium had increased from \$1783 to \$2675 for the 3-year term. During the term of the last policy, _ 40 claims had been dealt with and \$6011 paid in claims.

Sold the old town grader for scrap, receiving \$150 00

Received approval from the Dept. of Highways for the full budget figure of \$30,000 for 1951 road expenditures, on which government subsidy will be paid.

Replying to a letter from council asking that the highway through town be resurfaced, the district engineer wrote that he would be in town to look over the situation.

Mayor Cleave hopes that the budget will stand a drainage job on the highway this year, so that a nasty situation can be cleared up, when dirt and debris washes down the highway into the hollow in front of the feed mill and garages.

Discussed roadwork for the year, and decide to do considerable gravelling. Gravel will be purchased from Armstrong Bros., Brampton, at \$1.25 a cubic yard, and it is expected to use about 1000 yards. The town will also use a new type of oil for dust control, supplied by Armstrongs.

Appealed the decision of a board of arbitration, establishing a new sharing of high school costs in North Halton district, which would make Georgetown's share \$9730.

(Moved by Lyons and Petch.) The board set the new costs on the basis of the new equalized assessment. The objection will be sent to the high school board, who, in turn, submit it to the Municipal Board for a final decision. This decision is binding for a 5-year term unless the assessment increases 10 per cent for two consecutive years or unless boundaries of a municipality change.

Were asked by Del Laird to have highway corner. Council thought the

new regulations limiting parking to one side of the street would solve the problem.

Filed a resolution received from the Recreation Commission, notifying council of their resignation, to be dealt with at the next meeting. (Moved by Petch and Hill.)

Will notify Harold Wilson that he must abide by decision of the building inspector concerning the position of a stone fence on his Edith Street property. Cr. Lyons brought up the subject, saying the fence was on the road allowance and created a traffic hazard.

Gave two readings to a by-law to borrow \$25,000 for water extensions. Debentures are 20 years, with 4% interest. It goes to the Municipal Board for approval.

Instructed the clerk to prepare a by-law for construction of a sidewalk on Chapel Street under Local Improvements, on petition from H, Derricks, J. Keir, Mrs. Don Hous ton and Mr. and Mrs. Henry Shep-

Will rent the park for \$125 on June 6th to Joe Maich, who plans to hold an auto stunt show.

Finish Playoffs in Local Bowling League

The Thursday night bowling league, consisting of two teams from Alliance Paper Mills, one from Wm. B. Ackerman, Ltd and one from Norton Floral, has completed a twoweek schedule.

High triple in the playoffs went to Jim Carney, 781, playing for Ackermans; men's high single of .7 276 to Joe McMenemy of Alliance; lady's hight single, 194, Mrs. Cyril Brandford, Norton Floral. Hidden score prizes were won by Hugh Dickie, Jack Dempster, Hank Chaplin and James Boyle.
