

Don't trust your eyes!

Can you place a dime on the top of the chest so it does not touch any of the edges? Looks easy... but try it.

PAINT can fool you, too

Optical illusions prove you can't always trust your eyes. When it comes to paint, your eyes can fool you badly.

Any paint looks good when you first apply it. But how will it look in five years... yes, even one year?

C-I-L PAINTS have beauty you can see, quality you can trust. You can depend on them for the high hiding qualities, the enduring resistance to wear and weather, which make your paint dollars go farther.

Whenever you paint, it pays to see your C-I-L Paint Dealer first.

a Graduation Gift
they will treasure all their lives

Give the young graduate of whom you are so proud a present to be remembered — a Canadian National train trip. It can be a coast-to-coast trip with all its thrills — a trip to the mountains or seacoast — to bustling Canadian cities throbbing with interest — to our national capital with its Houses of Parliament and Peace Tower. There's an endless choice. It's a school-finishing experience your boy or girl will always treasure. Travel is educational — travel is fun. They've learned about Canada — your gift of a rail trip will let them see Canada.

We'll be glad to help you plan such a trip — we'll suggest destinations if you wish — help you pick out places to stay and afford friendly cooperation en route. Visit, write or phone your nearest Canadian National agent.

Chatting . . .

With M.H.B.

ON SATURDAY afternoon we went down to the Royal Alex to see the Pulitzer Prize winning play "Member of the Wedding", which starred Ethel Waters. After a couple of hours in the theatre, we emerged with eyes red and swollen from weeping . . . and the worst of it was that thinking back, we don't know just what there was about the play that affected us so. It had a powerful poignant quality; and it must have been this which brought to it the highest award Broadway has to offer. Certainly it was not the plot of the play, for there actually wasn't a "plot." It was the story of an emotionally unhappy little twelve-year-old girl, starting to suffer from adolescence. Her adored older brother brings his bride-to-be home, and when they leave, young Frankie feels quite desolate and alone in the world. In the few days which remain before the wedding, in a turmoil of passionate unhappiness, she does not understand, Frankie makes up her mind that the only thing for her to do is to go along with her brother and his wife, on their honeymoon. Not having a mother to whom to turn, Frankie tells her innermost thoughts and longings to the family maid, Ethel Waters, who radiates comfort and simple wisdom. Many who saw the play wished Miss Waters would have sung more. As it was, she sang only one song — "His Eye Is On the Sparrow" — and while she was singing it you could have heard a pin drop in the theatre.

NOTICED WHAT must be a new fad among the teen-agers in town . . . Several times we have seen young lads walking down the street at night, with "sparklers" lighting their way like flashlights. We always did think the sparklers were the prettiest and most satisfying of the 24th of May fireworks.

SPRING-TIME IS a time when changes seem to be in the very air we breathe. It's the season when most housing changes are made, and holiday trips planned.

During the latter part of this month, Mr. and Mrs. Ernie Alcott and family will move from their house on Normandy Boulevard into their newly-purchased home on Albert Street, formerly owned by the late Mrs. James Mackie.

From Queen St. Mr. and Mrs. Arthur Stamp have moved into one of the Cordaro Apartments, on Main Street. The house in which they lived on Queen Street has been purchased by Mr. and Mrs. Dave Hurren, who will be moving in shortly from their farm in the Hillsburgh district.

The apartment in the home of Mr. and Mrs. Harry Stockford, George Street, has been rented by Mr. and Mrs. Gordon Inglis and year old daughter Jennifer, of Glen Williams. They will be moving in on the 19th of this month.

We were sorry to learn of a popular young couple's decision to move from town. Mr. and Mrs. Douglas Caldwell and son, Douglas Jr., will be leaving shortly for Halifax, N.S., where Doug will be stationed while taking a course with the Royal Canadian Navy. Doug, who was an officer in the British Navy in the last war, has enlisted as an officer in the Canadian Navy. For the past two years he has been a member of the Herald Office staff. The Caldwells have been living in the downstairs apartment of the Cordaro house on Charles Street. We, along with all their other friends in town, are sorry to see them leave, but wish them luck and happiness in their new home.

ON SUNDAY morning, Miss Jessie Leavitt of the office staff at Provincial Paper Ltd., boarded a plane at Malton Airport, bound for San Pedro, California, where she will be a guest for three weeks at the home of Mr. and Mrs. A. J. Stewart (formerly Jean McWhirter of Georgetown.) The trip, which takes about four days by train, can be made in a little over twelve hours by air. Miss Leavitt will leave Malton at 9:40 in the morning, and will arrive at San Pedro at 10:30 the same evening.

Mrs. Noel Reynolds and daughter Vivian and Mrs. Hubert Derrick and small daughter Suzanne, will be sailing aboard the "Scythia" from Quebec City, next Tuesday, for a holiday back home in England. Mrs. Derricks will be staying in London with her parents, Mr. and Mrs. John Lawrence, and also with her husband's mother, Mrs. G. Derricks. Mrs. Reynolds and her little girl will also be staying in London visiting with her mother, Mrs. S. Marshall. Mrs. Reynolds and Derricks, and small daughters will return to Canada in mid October.

GLAD TO HEAR there are such good prospects for organizing a tennis club in town, to utilize the splendid court (and it could be courts with some work) at St. George's. Tennis is a grand sport for anyone, and we'll guarantee when the club gets the court into condition, there will be a good

many hours of pleasure in store as a reward . . .

A DISTINGUISHED ceramic engineer, Dr. Walter Bloch, F.R.I.C. is at present serving Smith & Stone, Ltd. as a consulting engineer . . . Dr. Bloch came to Georgetown two or three weeks ago and is living at the home of Mrs. D. L. Herbert during his stay in town. Of European birth, he has worked in Norway, Switzerland and other continental countries helping to set up ceramic plants, and has also been with Bullers, the largest electrical porcelain plant in Britain . . .

PARDON US IF we seem to do a little "cribbing" just the following item from the "Between You and Me" column in the Tely last week, made us smile, so we thought we'd close our Chat with it this week:

At Upper Canada College the other night there was an extemporaneous speaking session. The boys were given subjects upon which to speak for five minutes.

Ted Rogers delivered his five-minute oration and wound up with this witticism:

"And now, as I come to the end of my speech, I feel like Lady Godiva when her ride was almost finished. She, too, came nearer and nearer her clothes."

For that "extra-special" printing job, no matter how large or small, give the Herald a call. Just phone No. 8 or ask our representative to call.

Skinny men, women gain 5, 10, 15 lbs.

FARM IMPLEMENT PRICES Held at Low Percentage of Increase Offer Outstanding Value for the Money

The chart above clearly shows that in the post-war adjustments to higher costs of material and labour, an outstanding job has been done in maintaining a low percentage of increase on the retail prices of Massey-Harris implements made in Canada.

Raw materials are shown at 103.7% and wages of Massey-Harris Canadian plants 119.1% increase over 1941. Yet Massey-Harris prices of Canadian-made products were increased only 53% in the same period. This is a very moderate increase indeed when compared with the index of all commodities which is up to 83.8%.

Farm implement price indices increased only 53% whereas there was an increase in the price of farm products of 82.3% and farm wage rates of 134.3%.

The great world demand for combines, tractors, and power machines has created a volume which permits high operating efficiency in relation to production and selling costs, making possible the partial absorption of the increased costs of materials and labour. Massey-Harris will continue to offer the utmost in up-to-the-minute design, quality of materials and workmanship, and price value.

Chart shows increase to October, 1950, over October, 1941, except farm wages, which show the increases to August 1950, over August, 1941.
