The appointment of H. B. Parr to be associate manager of the sleeping and dining car services of the Canadian National Railways was announced recently by S. F. Dingle, vice-president of operation for the system.

Mr. Parr will have his headquarters at Montreal and will succeed J. A. McIsaac as manager of that department when Mr. McIsaac retires on pension this July.

Prominent in civic, social and church circles, Mr. Parr started his railway career 32 years ago in Toronto. He moved to Montreal in 1923, and has since held a number of important railway positions that have made him well known throughout the transportation industry in Canada and the United States. In 1949 he was appointed assistant to the vice president of traffic, and last March he became assistant freight traffic manager for Canadian lines of the CNR.

He has been a director of the Traffic Club of Montreal for several years. He is senior warden of the Church of St. Augustine of Canterbury, and a past president of the Association of Gentlemen Ushers of St. Augustine. He is a member of the Mount Stephen Club, the Canadian Railway Club and the Lachine Golf and Country Club, and has worked on committees over a number of years in Red Cross and hospital campaigns.

VETERINARY GUIDE FOR FARMERS!

Here is a book that is just what the customer ordered. Before a line of VETERINARY GUIDE FOR FARMERS was written, the editors polled the faculties of agricultural schools to see just what such a book should contain. They also got farmers to talk about the practical shortcomings of books previously published on animal care. Farm editors and others in the field of livestock production were consulted. The result is a book which is the most practical, authoritative and understandable work on veterinary medicine that has ever been published for the layman. \$4.75
