OLD AGE SECURITY APPLICATION FORMS READY

Application forms for old age pensions are now available in all post offices throughout Ontario the regional director of old age security, F. C. Jackson, said here today.

Persons who are already receiving Government old age pensions do not have to fill out new application forms, Mr. Jackson emphasized. Their names and addresses are being obtained from provincial records and transferred to central lists without any action being required on their part. Ontario has approximately 91,500 persons in this group. Those who are receiving a \$40.00 a month pension will have it continued at that level; those who are getting a partial pension will find it increased to \$40.

Ontario has between 179,000 and 180,000 persons aged 70 or over not now getting pensions who will be eligible for a pension under the new program, Mr. Jackson said. It is essential, he emphasized, that these people send in their applications immediately so that proof of age and residence in Canada may

be checked and all arrangements completed for the first cheques to go out toward the end of January.

Delay in sending in an application may mean that the application cannot be put through in time for the January cheque issue. The longer the delay the less chance there is that the application will be handled in time.

Applicants must prove their age, and the proof should be sent along with the application form. Birth or baptismal certificates are best evidence. Other documents that will be considered include records in the family Bibles, church rolls or registers, marriage records, communion certificates and acknowledgements by insurance companies.

"If you cannot send evidence of this kind, please send any documents you do have that support your claim of age", Mr. Jackson said. "These documents will, of course, be returned to you. If you cannot send anything to prove your age, send in your application anyway,

stating that you have no documents to support your claim of age. You will then be told what you must do about proving your age."
