**HOPE "PERMIT" SYSTEM WILL EASE SCHOOL ADMINISTRATION**

North Halton High School District board has adopted a permit system for district students planning to attend other schools and for students from outside the district who attend any of the three high schools in the district.

At a board meeting in Stewarttown on Monday, a resolution was passed which denies financial responsibility for any North Halton student who attends an outside school unless permission has been given to this student by the board. The school board pays tuition costs for students who take courses which are not offered in North Halton ((these are mainly of a technical nature) or for those who are not accessible to one of the three schools, but are accessible to an outside school.

At the same time the board has adopted a firm attitude regarding outside students who attend North Halton schools for the same reasons. Up to the present there has been much confusion at the end of the year when other districts have been billed for student costs. Two years ago, this resulted in a law suit against the Oakville-Trafalgar board and this year there has been trouble with Burlington-Nelson. The board decided that if no permit has been received from his home school board by November 1st, permission to attend school here will have to be denied an outside student.

Ending a dispute between Burlington and North Halton the board agreed to accept \$864 as full payment for Nelson students attending Milton school in 1950 and to waive a claim for their tuition for the first six months of 1951. Burlington had advised the board early this year that they would not pay such a bill.

Bus drivers have all signed contracts for the next school year, and the transportation committee has mapped out bus routes in preparation for school opening in September. It is planned this year to have a bus go into Eden Mills to pick up students who might otherwise go to Guelph.

Applications of 8 students to attend Guelph were approved and three applications were turned down. Students given permission were Donald McLean, Alan and Donald Brinklow, Nassagaweya; David Nelles, Esquering; John Haydon and John Lambert, Acton; Richard Chester, Campbellville, all of whom are taking a technical course; and Marjorie Chester, taking a general course with commercial options, who is not accessible to Acton or Georgetown where these courses are taught.

Three girls taking a general course will have to attend Acton school where bus transportation is provided.

**Local Student Enjoys Summer Camp Life**

For two years now, the Physical Education branch of the Ontario Department of Education has offered courses for girls at the Ontario Athletic Training Camp on Lake Couchiching under the directorship of Mr. J. E. McCutcheon, University of Toronto, and Miss Gladys Heintz, Leaside High School.

Other staff members this year included Miss Elizabeth Graham, Northern Vocational, Toronto, Miss Nancy Redfern, Belleville C. I.; Miss E. MacDonald, Western Technical School, Toronto; Miss E. McInnis, Galt, C. I.; Miss Joyce Pollock, Orillia; C. I.; Miss Janet Taylor, York Memorial C. I.; Miss Betty Winchester, Kingsville, H.S.; Miss Claire Walsh, Scarboro C.I.; (Senior instructor) and Miss Alice Woldnick, Parry Sound, the camp nurse.

It is considered a great honour to be chosen as school representative for this camp that offers a significant contribution in leadership training for schools and communities throughout the province.

A carefully planned schedule enables the girls both to develop their leadership ability and to value the privilege of living and co-operating with girls from all parts of Ontario. In addition to the basic instruction given in such varied activities as basketball, volleyball, speedball, badminton, tennis, archery, golf, track and field, swimming and square dancing, training in the art of public speaking is an important feature.

As all activities progress the girls have every opportunity of refereeing, coaching, teaching, planning and running tournaments, track and swim meets, and square dance parties. In addition, the Leaders' Council takes complete charge of all Chapel Services, presides over closing banquet ceremonies; assigns camp administration duties, and enforces disciplinary measures for any breaches of camp regulations.

In these ways, the girls are being trained to assist in school or community recreation programs. Also, by experiencing the joys of teaching and by learning to cooperate with others, they are receiving a valuable character training which may help them to be better citizens with high ideals.

This year's camp student from Georgetown, Eileen Oates, put her training to good use when she became a director of the Stay-at-Home Camp, sponsored by the Lions Club and the Ministerial Association during the last two weeks in July.

As a mark of her two weeks course at Lake Couchiching, Eileen was the proud recipient of her distinctive honour crest at the closing banquet, presented to all girls who worthily discharged their responsibilities as representatives of their schools.

**TERRA COTTA ICAM FAMILY REUNION HELD IN GUELPH PARK**

A reunion of the Icam family was held on Sunday at Riverdale Park, Guelph.

A wonderful turnout is reported at the bazaar which the Thimble Club sponsored recently. The quilt draw was won by Mrs. G. Puckering, Inglewood, and the hooked rug by Mrs. Constance Lansdale, Long Branch.

The Flyers beat the Glen on the 19th, the score being 15-10. Sympathy goes to Mr. and Mrs. McCrea in the death of her aunt, also a cousin.

Mr. and Mrs. J. Eves and Beverly are back home after spending a week at Tory Hill near Haliburton. They also spent two days at Wilberforce with friends.

Jim Emmerson is back in Sunnybrook Hospital for further treatment after a back operation which he underwent last year.

Terra Cotta Inn was really busy last Sunday. Cars lined the road on both sides with people who had come out for Sunday dinner.

**TALE ABOUT TEETH WINS \$25.00 AWARD**

Mrs. John Kennedy, Wesleyan Street, won \$25 for submitting the prizewinning anecdote during the last week in July to the "Over the Teacups" column in the Toronto Daily Star.

Mrs. Kennedy told of her adventures after she started to drive 100 miles to Paisley to see her dentist. She forgot to take her denture with her. Her husband, after she left, alerted police in Acton and Guelph to stop her car, and started out after her with the teeth. Mrs. Kennedy had meanwhile started home for them, was stopped by Acton police, but by the time the two parties met, her husband had sent the teeth on the bus to Walkerton, where she picked them up after having driven many weary miles out of her way.

**AUCTION SALE**

HOUSEHOLD FURNITURE  
The undersigned has been instructed by

**MISS EVELINE BROWN**  
Charles St., Georgetown, to sell by auction on

**CANADIAN SPORTS PARADE**

GOOD footballers and hockey players have made new and greater games for themselves in the field of government during their post-careers. Similarly, good paddlers and scullers make good businessmen and the commercial world recognizes the fact. No doubt, the same drive and tenacity which won on the water, ice or playing field still sustains our athletes when the glamour days are done. A few months ago, in this column, we endeavored to bring the records up to date on a few former athletes who are now prominent men in Canada's business. Here are other names you know.

**The Ice Men**

One of the outstanding centre men of the Boston Bruins was William Mailes Cowley. For years he travelled and played with Clapper, Shore, Weiland and the rest of those great Bruin teams. Bill Cowley still holds the NHL record for highest number of points, 594 (195 goals, 353 assists in regular season play, 12 goals, 34 assists in Stanley Cup playoffs). Today, at 39, Bill lives in Ottawa with his family (two girls and a boy) and is Manager of the Ottawa office, Lands and Forests Department, Provincial Government.

Reginald "Holey" Smith went a long way after he started with the Granites when they became Olympic Hockey Champions in 1924. The centre of the "Big S" line of Stewart, Smith and Siebert, Holey in his greatest days was the guiding light of the old Marauding Maroons of Montreal. Today, Holey Smith (48) lives and works in Montreal as President of the Smith Sanitary Supply Company. He has one daughter, Barbara, age 16.

If you have occasion to visit the Ottawa Railroad Terminal and pass the CNR traffic office, you may see a slight figure bending over a desk. A 270 goal man in the NHL, a member of the Hockey's Hall of Fame, Aurel Joliat (50) is living and working in his home town. Every day routine must be a far cry from the magic days with Canadians when Cleghorn, Mantha, Morenz, Vezina and Joliat were in their prime.

**The Water Boys**

It's twenty three years since Joe Wright, Jr. made his second bid for the Diamond Sculls at Henley, England, and brought them home to Canada. Still active on the gridiron and in the water affairs of the Argonauts, Joe Wright (45) is a senior executive with the Weaver Fuel Company at Hamilton.

Denis Barclay, a prominent paddler in the 'thirties, out of St. Lambert, Quebec, remembers the "day of the big wind" (1930), at Hamilton Bay when the British Empire Games were under way. Many of the boats were swamped but Barclay and company won the Junior 4's. A winner of the Eastern Intermediate Singles at Leaching, Denis Barclay (38) has rowed 30,000 miles in two years as Regional Public Relations Officer for I.C.A.

A long-time member of the Argonaut "eights" was Rod Denison (1931-37), the well known clothier. A stickler for precision and balance on the water, Denison (41) recalls an inquisitive step too many off the dock in the early spring. Chill Lake Ontario was no respecter of Argonauts.

**Gridiron Greats**  
The names Frank Turville and Brian Timmis will bring back memories of the Terrible Tigers of the '30's. Turville, the long bouter of many a tensioned afternoon, is now an executive lawyer for the CPR. "Old Man of the Mountain" Timmis (52) is industrious as ever as Supervisor of Sales for Calvert Distillers.

One of the greatest Canadian football players of all time was Harry "Red" Batstone of Queen's. Today Batstone (52) is resident doctor at the Ontario Hospital, Kingston, and practices his profession within a quarter mile of the scene of his greatest triumphs. Time marches on!
