Marlene Stewart Plays At Brampton Golf Club
 Members of Brampton Golf Club, including several from Georgetown had the rare privilege on Thursday of watching an exhibition match between two club pros and two ladies including the well-publicized Marlene Stewart.
 Marlene, as anyone know who has been following the golf tournaments this year, has amazed golfers with her triple win of the Ontario Ladies Open, the Canadian Closed and the Canadian open for ladies. The seventeen-year-old wonder and her female opponent in the match, Ann Sharpe, both have Fonthill at Welland as their home club.
 In the Brampton match, Marlene was paired with Bob Gray of Scarborough. They took the match by four points over Miss Sharpe and Gordie Brydson of Mississauga. Marlene scored 75 against the men's par of 70 on the course.
 Following dinner at the golf club, president Jim Linton of Georgetown, who caddied for Miss Stewart in the game, presented gifts to the participants including a compact inscribed with her 1951 wins to Miss Stewart.
 Don't forget the Glen Fair this Saturday, followed by the Georgetown Fair on September 15th.

 A double christening ceremony for two baby cousins was held in Grace Church of England, Milton, on Aug. 28 with Archdeacon W. G. O. Thompson of Georgetown officiating.
 The babies were Mary Dawson, daughter of Mr. and Mrs. Kenneth Dawson, Lansing, Michigan, who with their other children Gail, Donald and Lynn were visiting with his parents, Mr. and Mrs. A. E. Dawson, Glen Road, and Kenneth Howard, son of Mr. and Mrs. Philip Howard of Milton.
 Afterwards family and friends attended a reception at the new home of Mr. and Mrs. Howard on Mill Street, guests coming from Kingston, Brantford, Georgetown and New York. Mr. Howard is an insurance agent in Milton and his wife is the former Darrell Dawson of Georgetown.

Poultry Breeders Lose Valuable Birds to Heat
 Corey Herrington, Stewarttown poultryman who is judging again this year at the CNE poultry show says that this year has been the hottest day for shipping birds to the show in his memory.
 Several valuable birds were lost, including one of his own and four belonging to another Georgetown exhibitor, Harvey Lusty.
 Mr. Herrington judged Plymouth Rocks and Asiatics this year, Barred Rock bantams and some American breeds. In spite of the heat, Mr. Herrington reports the largest entry list in the past twenty years.
 Other local men who exhibited included Percy Clark & Son, Clarence Spence and Carman Copland.

Tom Gard's Note Book
 It is good to see how our recreational facilities are being steadily improved, and how so many recreational directors are being trained to take their places in our communities.

Gift Boxes
 I have made it a practice to dabble in several hobbies, any one of which can be carried over to my retirement years. You will see illustrated one of my articles that can be easily made. The chief reason I like this particular pastime is the number of excursions that must be taken to the country and to the woods in search of native material to decorate the plaques. Wood and flower seeds, grain, cones, acorns, lilac husks and nut burrs are only a few of the items collected.
 Interesting and decorative arrangements can be mounted on wallboard, Amerwood, sand blasted or etched plywood, similar to the one shown.

Open Shelves and Tables
 Always salvage waste plywood or packing box lumber for use in making shelves and tables. Kick-track shelves can be easily made from the thin pieces in which prefabricated windows and doors are shipped. Book shelves will require heavier boards. Attractive tables can often be built from scrap plywood that might otherwise be thrown out. It will take some scurrying around to find the right source for material of this nature, but once located and safely stored in your basement, it will be worth the effort.

NEW BOOKLET You'll find more information on these and many other interesting ideas in the booklet "Around the Home Again", just published. Write for your copy to Tom Gard, c/o MOLSON'S (ONTARIO) LIMITED, P.O. Box 490, Adelaide St. Station, Toronto.
