● Legion Notes ●

FAMOUS LAST WORDS: "I wonder who will be injured for the play-offs this year", says Scotty Patterson to Everett Wilson before the beginning of the Glen-Legion series . . . so guess who? Everett is out for the Glen with an injured hand and 'Jawn' is out with a broken nose, a couple of beautiful shiners and what have you! Tsk. tsk. Scotty, evidently picked up the broken nose last winter playing hockey, but it seemed to be O.K. up until a week ago Thursday when it got a nasty jar, and that finished things.

However, the boys on the Legion team got strict orders from him to win Sunday's game, or else, and came through with a win 11-8. But they sure 'sweated it out' in the first of the seventh with the Glen all but tying it up. As this is being written (Tuesday afternoon) there is no report of the Tuesday night game, however that will appear in another part of the paper.

And we have been reminded by a number of the players that both the spectators and players owe quite a bit to Lloyd Keir, who has appointed himself in charge of the ball diamond, and has done an excellent job of keeping it in shape. For instance last Sunday he was out there bright and early, cleaning up and generally getting the field in shape for the game. The boys appreciate the efforts made by you and those that helped you, Lloyd.

WHO SAYS that late corn can't be tender? . . . Maybe it was 'helped' a little by the 'deluge' of rain that we had right in the middle of the affair. But even with the thunder shower, everyone reports a fine time.

AND KEEP IN mind that a week Thursday night is the first monthly fall meeting, and there will be certain important items of business to be brought up, so please make a special effort to be present . . . that is next Thursday September 27 at 8.00 o'clock. The meeting will be short, and refreshments afterwards.

MY, OH MY, what a ball game! The Glen took it 12-5, so, the crucial game will be Thursday night at 6.00 o'clock in the park. And let's see a good crowd of Legion members on hand to cheer the boys on!

ALUMINUM IS FRIENDLY TO HEALTH

When you see aluminum used as a food container or wrapper, you can be sure the purity of the product is well-protected. Look for butter in aluminum foil and pies baked in foil plates. And remember that more and more maple syrup these days is made from sap collected in clean, hygienic aluminum pans.
