BIG VALUE

YOUR TELEPHONE is one item that takes a smaller part of your budget than it used to. Its cost hasn't gone up as much as most other things.

In another way, too, the telephone is bigger value today than ever before. Now you can reach twice as many people as you could ten years ago and more telephones are being installed every day.

If you haven't service, we want you to know we're working at it. Your place on the list is being protected and your telephone will be installed just as soon as possible.
