A Note on Harvey Woods Nylon Hose

The usual nylon hose are knit on a 13 inch needle bar, though a casual glance will not betray it because the stocking is stretched to size before packing. Because Harvey Woods hose are knit on a 15 inch needle bar, a more ample hose is assured, resulting in satisfaction with fit, proportion, and durability. The struggle to meet price-line requirements is not evident in these quality hose. The heels really fit. Lengths are short, average or tall. 54 gauge sell at \$1.95
