## Schultz Family is Moving to Texas

Residents of town for the past four years, Mr. and Mrs. Fred Schultz and daughters Joan and Gloria expect to leave for Texas next week. They held an auction sale of their furniture on Saturday and this week are staying with friends while Mr. Schultz completes some business details.

Mr. Schultz moved here to establish an electrical business which he has operated under the name Schultz Electrical Construction, operating from his home at the corner of King and Sarah Streets. For some time Mrs. Schultz has been suffering from an arthritic condition, and for reasons of health it is necessary for her to move to the warm, dry southern climate. They will be making their home in Austin, Texas.

Mr. and Mrs. Schultz, originally came from Montreal and had been living at Mimico before moving to town. They attend St. George's Church, where Joan, a first year high school student is a member of the choir. Gloria is in Grade 8 this year. Mr. Schultz has been a good worker in the Lions Club and Oddfellows. Loage and will be greatly missed in these organizations.

Saturday night a number of their friends staged a real surprise party at their home, when presentations were made and good wishes expressed for a happy home in a new country.

## Shopping is a Pleasure

... IN GEORGETOWN

There are many good reasons for you to plan on doing all your Christmas shopping right here in Georgetown. Variety is the keynote which marks the holiday displays along Main Street these days. Whatever it might be, from clothing to television, jewellery to food delicacies, toys to toiletries . . . you can find endless variety on the well filled shelves of local merchants. And it's true, that prices not only compare with those of the big department stores but in many cases are actually lower.

Why not save that extra gasoline and bus money and use it for better and more gifts this Christmas. Why not save the headaches of elbowing your way through the crowds in the city and shop at the more leisurely pace of a small town.

Shopping in Georgetown means that you'll be shopping among friendly merchants who want to help and please you and who want to see you come back again after Christmas. So shop at home and make it a merrier, thriftier Christmas for all your loved ones this year.

Back in the 1800's, King Charles of England obtained from a French manufacturer the art of making ice cream and paid the seller a yearly pension to keep the recipe secret from others.
