Championship Looms for Raiders

EDGE ELMIRA IN OVERTIME THRILLER

JUVENILES PLAY FOR PROVINCIAL HONOURS

It was all Georgetown's week in hockey.

In two thrill-packed games here Saturday and Monday, the Raiders pulled ahead of the Elmira Polar Kings to lead 3 games to 2 in their Intermediate B playoff series. The juveniles won handily Friday in their second game with Kincardine to advance to a playoff for the Ontario championship with Havelock.

Raiders play in Elmira this Friday. If they win the group championship is theirs. If another game is necessary it will be played here Tuesday. Juveniles were to play in Havelock tonight but the ice went out in the arena and as yet no arrangements have been made for the series.

A three-goal splurge in the last period opened up a tight game in the Intermediate match Saturday. Elmira had the edge of the play in the first half of the game, but a strong finish by Raiders sewed up the game.

Monday was another story. Raiders overcame an early Elmira lead to tie the match 7-7 in the third. Then the excitement began. With a minute to play, B. Martin tallied for Elmira. With five seconds to go, the miracle happened and Chappel got his third of the night, the Beaumont brothers getting credit for an assist.

The ten minute overtime period was heads up hockey all the way. Chappel scored, again from the Beaumonts, half way through the period. The final minute was wildly exciting, as Elmira milled around the Georgetown net, but couldn't quite make the all-important score.

THE MAIL BAG

C'MON, ELMER... WHO ARE YOU?

Dear Mr. Editor:

I trust that being a resident of Georgetown for forty years, you will permit me to make a few observations.

In answering Mr. Gunning, Elmer says he had to defend his honor as a sport writer. After reading his column we can let that one slip by and give him the benefit of the doubt.

It would appear that there was no report of the March 3rd game in Elmira by Elmer. Was he too busy to go and report this game for his public? The coverage given on the front page of the Herald, March 5th, was by the editor. He further says the teams and players of the NHL are criticized by Toronto writers. Granted they are, but they are signed with the sports-writer's name.

I trust that Elmer will be able to answer the criticism in a straightforward way rather than bring in the birthdays of those who check him up.

ST. GEORGE'S MEN ATTEND COMMUNION

Thirty two men of the church attended corporate communion of the Men's Club at St. George's early Sunday morning, and afterwards had breakfast in the basement. It was the second such communion service, and will be a regular monthly event.

At the morning service, Archdeacon Thompson spoke about Jacob's experience at Bethel. He compared the loneliness of Jacob before his vision to the loneliness of those who have not found God for themselves. Hymns included "Lord of Mercy and of Might", "Lo God is Here" and "When I Survey the Wondrous Cross." Bunnell's "Thine, O Lord, is the Greatness" was the anthem sung during the taking of the offertory.

"He answered her not a word" was taken as the text for the evening service by the Archdeacon, a discourse on how God's silence is often used to test people's faith. The anthem "O King and Desire" by Sir John Stainer was used. Flowers on the altar were in memory of the late Christopher Sargent.

ST. GEORGE'S AYP A HAVE CLEAN-UP BEE

Members of St. George's AYP A held a work night at their last meeting when a large number of the church young people joined in a cleanup bee. The clubroom was changed around, Sunday School tables were set up and the books in the church rearranged.

It was announced at the meeting that plans for Golden Jubilee week include a candlelight service on May 11th in which some AYP A members will take part, a banquet served by the Daughters of the Church on May 16th and a corporate communion for the AYP A the next Sunday.

Will Partition Rooms in St. George's Sunday School

Teachers and officers of St. George's Sunday School met recently at the home of the superintendent, Harvey Dewhurst for a discussion on ways of improving the Sunday School.

A committee composed of Edwin Wilson, Wilfred Mino and Jesse Brandford was named to plan for portable partitions between classes to make a better set-up in the school. It was decided to arrange special sessions in connection with the 100th anniversary of the church in November. Painting and supplying new equipment for the beginners department was discussed and Mr. Mino volunteered to make a board for recording attendance.

The treasurer, Mr. Wilson reported a balance of \$340 on hand and a 35 per cent increase in attendance and offertory. It was decided to hold meetings on the first Wednesday every other month, and the next meeting is planned in May.

After the business meeting Mr. Dewhurst showed slides of famous cathedrals in England. Refreshments were served by Mrs. Dewhurst and the meeting closed with a prayer by Mr. Brandford, and two minutes silence in memory of King George VI.

She stepped onto the highway into the path of a Glen Taxi cab, operated by the owner, Fred Leeder, which was coming east on the highway. Mr. Leeder applied the brakes, and had come almost to a stop, when Mrs. Rosalter was hit by the bumper. Timothy, who was holding his grandmother's hand was also knocked down but suffered no injury.

Continues Sermon Series At St. John's Church

Regular morning worship at St. John's on Sunday was based on the theme "Faith" and the sermon was the third in a series entitled "Four Steps into the Kingdom". In his remarks Rev. J. M. Smith stressed the importance of faith in the Christian life and showed the necessity of each individual transforming traditional faith to which he gives mental assent into that faith of conviction to which he surrenders his whole personality. The choir sang the anthem "Green Pastures" and the Junior Choir sang "Children Pray This Love to Cherish".

The Junior Choir led the singing at the Evening Song Service, and accompanied by Isabel Dobson sang "The Crusader's Hymn" and "All on An April Evening." The minister's remarks were based on the theme "Salvation" and were a continuation in the catechism series.

Mr. Buck has recently returned from Bolivia so that his account was very up to date. Beautiful coloured movies of the work of various mission stations and of the life of the people made the presentation a very vivid and informative one. This mission is making rapid progress towards the goal of all foreign mission enterprises — the assumption of responsibility by the native church for its own affairs.

The young people served refreshments at the close of the meeting.

PUBLIC SCHOOL NEWS

HOCKEY STILL IN THE SCHOOL NEWS

Hockey has not lost its charm for the school boys despite the approach of spring. Paul Marshall's Barrie Flyers led 1-1 with John Hulme's College View River Rats. The former's goal was obtained by a combination play from Ward to Hur-

Decision to build new high schools at Georgetown and Acton and to add a gymnasium to Milton school was made at a meeting of North Hallow high school district board on Thursday in Milton.

The meeting had been specially called to make a decision on the question which has been hanging fire ever since the school district was formed five years ago. Last year, a similar decision had been made, but as new members had joined the board, it was decided to reopen the discussion in order that all members might have a part in the decision. With two members absent, Dr. J. B. Milne of Georgetown and George Cleave of Esqueping, the vote carried unanimously. A brief is being prepared for presentation to the councils of Georgetown, Acton, Milton, Esqueping and Nassagaweya at an early date.

For the meeting the board had engaged architect J. D. Kyle to prepare cost estimates of one school and two schools. These estimates show that costs of building two schools will be about \$840,000, on which a grant of \$400,000 is paid by the government. Cost of operating the two schools, taking into account the issuing of debentures is \$84,000.

Cost of building one school would be \$592,000 with a government grant of \$420,000. There would be extra expense for installing sewerage and water service and it is estimated that the annual cost of school operation would be \$61,000.

The board felt that, in spite of a saving of about \$25,000 a year in operating costs (Georgetown would be about \$5,000 to the good under the present scale of cost splitting,) there are more factors in favour of building two schools in the two towns, than one school in the country.

It is important to consider that one or both towns might grow to such proportion that a school in the town would be a necessity and in future a school in the country could be a "white elephant."

Mr. Kyle based his cost estimates on \$15 a square foot, which is average for present cost of school building. A sharp rise is noted in the past few years. The Orangeville school, built under extremely favourable conditions cost \$9.60 a square foot.

The proposed schools would each be built for a capacity of 200 pupils. Each would include 4 standard classrooms, library, shop, science, home economics, commercial and nurses rooms, gymnasium and administrative offices.

Compared with this year's tax levy of \$64,000 in the district, the estimated tax levy, including debentures on an \$80,000 gymnasium at Milton would total \$114,000 a year.

BANK CLERK MOVES TO VICTORIA BRANCH

A member of the Bank of Commerce staff here since graduating from MacDonald Hall, Guelph, Miss Helen Cleave has been transferred to the bank's Government Street branch in Victoria, B.C.

Prior to her departure from town, she was presented with a cosmetic set from fellow members of the staff and was also guest of honour at a family party at the home of Mrs. Isabel Cleave where, the family gave her a travelling alarm clock.

The latter goal was obtained by John Hulme. A bystander noted that more frequent passing of the puck would result in a better game. "Hockey requires team work, boys, so don't be selfish with that puck."

The seniors who played later ran up a higher score. Doug Richardson's team obtained 6 goals to Calvin King's 2.

On Tuesday afternoon the Intermediate grades saw the films, "People of Peru," "Birds of the Marshes" and "Play Fair."

February attendance reports resulted as follows: Best attendance in Miss Lindsay's class with 98.34 per cent and in second place Mr. Henry's room with 98.23 per cent.

It is very pleasing to see the boys and girls developing such an interest in the books of the local Public Library. The books obtainable there now are interesting, well-bound, and have been carefully selected. There could be no better investment for five cents than a library card. Each child should have one.
