Surprise, Surprise. To the door of modest Janet Jones (Vera Ellen) fraughly of the chorus, comes the fabled millionaire, Bruno (David Niven) and a romance in the making. The scene is from RKO Radio's merry musical "Happy, Go Lovely" in Technicolor, which these two, with Cesar Romero are co-starred. Coming next Monday to the screen of the Itchy Theatre.

FARM NEWS

Liquid Fertilizers Again In the Public Eye

In recent weeks, salesmen have been making farm visits attempting to sell liquid fertilizers. We have no idea how many of our farmer friends "fell" for the smooth sales talk. In view of this high pressure campaign it is of interest to note a recent release by the Advisory Fertilizer Board of Ontario. The statement of the Board is as follows: "While liquid fertilizers may be very effective for house plants, greenhouses, intensive garden production, or side dressing, it does not give significant increases in yields or germination of field crops and is not recommended for these latter crops." This statement is based on the results of tests which were carried out by the Field Husbandry Department at the Ontario Agricultural College over the past two years. The Board also states that the results of the Guelph tests are in harmony with those reported by the Experimental Farms Service, and in view of the results, have agreed that no further experimental work on seed treatment with liquid fertilizer would need to be conducted. For those who wish to use liquid fertilizer for house plants, side dressing, etc., may we suggest that they secure a copy of Bulletin No. 463 - "Soil Management and Fertilizer Use." In this bulletin will be found recommendations for the making and the use of such fertilizer solutions. Copies of the bulletin in question can be obtained at the Milton office of the Ontario Department of Agriculture.

Spring Meeting Federated Institutes Held at O.A.C.

The Spring Meeting of the Board of Directors of the Federated Women's Institutes of Ontario was held at the Ontario Agricultural College for three days prior to the annual conference of the Institute on May 1st and 2nd. Mrs. H. G. Purcell of Fort William, the provincial president, was in the chair. In her opening remarks Mrs. Purcell said that some of the recognized leaders in world affairs and peace movements believe the chief stumbling block and difficulty of this age is that men and governments place too much emphasis on the material things instead of the spiritual aspects of life without enough emphasis on the magical force of brotherly love which is the heart beat of all religions. Mrs. Purcell said that the outstanding project of the year was the Tractor and Flour Fund for Greece for which over \$7400 was collected and thus the Institute was able to send a fully-equipped tractor and food to Athens.

Mrs. J. R. Futcher, Resolution Convener, reported that action had been taken with the Canadian Food Processors Association in the request to have fruit, vegetable juices and unfrozen concentrated juices canned in small sized containers for the use of children; and that progress had been made with the Canadian Retail Federation of Merchants in having wire staple closing abolished on food parcels.

Three Tweedsmuir Competitions are being held. The History Project will be judged by Mr. W. E. Hanna, president of York Historical Society, Miss Ethel Chapman and Mrs. S. Atkins of Creemore. The Cultural Project, composed of an essay on the topic "The Rural Home" will be judged by Mrs. George Ridley, Caledonia; Mrs. Arthur Hamilton, Atwood; Miss Ethel Chapman; and Dr. Reaman, head of the English Department, O.A.C. The Handicraft Project, which is an applied quilt, will be judged by Miss Audrey Spence of the W.I. Branch, Toronto; Mrs. Milton Weber, West Montrose; Miss Ina Hodgins, Carp; and Mrs. Ira Lowe, Ida.

Mrs. George Ridley, Caledonia, was appointed to the Board of Directors of the FWIC. Miss Doris Riseborough of Uxbridge has been appointed the new Junior representative on the Board of the FWIO. Mrs. J. H. McCulloch, Brampton, was appointed representative to the Temperance Association and Mrs. Charles Agnew, Weston, to the newly formed Provincial Library.

Mrs. Kathleen McLaughlin of Tamworth, who plans to enter Normal School this fall, won the FWIO Dorothy Fitcher Homemaking Club Scholarship.

Plans were discussed for the Conference of Associated Country Women of the World which will be held in Toronto in 1953.

Miss Anna P. Lewis, Director of the Women's Institute Branch and Home Economics Service reported that the Institute has 1481 branches with over 45,500 members and that 29 new Institutes were organized during the year. Miss Lewis announced the appointment of Miss Ethel Chapman and Miss Jean Armour to the staff of the W.I. branch.

Mrs. J. C. Thompson of Beamsville, Provincial Convener of Agriculture, reported on the Conservation Council of Ontario.

Mrs. Loren Guild of Rockwood was appointed House Mother and Reservation Secretary for the FWIO Holiday to be held at the OAC this week of July 14th. It is planned also to hold a FWIO Holiday at Kempsville Agricultural School.

Frank Crump resigns as Assessor-Commissioner of Acon. Council will advertise for bid.

NEW CANADIANS PASS ENGLISH EXAMS

Four new Canadians taking the special night school classes at the high school wrote their English and Citizenship exams recently and all were successful in passing.

The English classes, offered locally for the first time this year under the direction of North Halton high school district board, proved very popular. Over fifty men and women registered, and there was an average attendance of over 30 at each of the classes which were held from November to April.

Classes had formerly been given by the school board in Milton and Acon. This year, it was decided to try them in Georgetown and the enrolment was so heavy at the start that a third teacher was necessary for a short time when enrolment was at a peak. Principal J. L. Lambert taught the advanced class and Miss Florence Luke the beginners, while Mrs. P. W. Cleave, a former member of the high school staff, was third teacher when needed.

The four who received certificates were Ken Jensen of Georgetown, Mr. and Mrs. Albert Van der Gaast of Norval and Thys Van der Gaast, Belfountain. Students were predominantly Dutch and Danish, and Italy, Germany and Austria were other countries represented in the group.

The courses are encouraged by the Department of Education which plans them in conjunction with the Department of Immigration. A government grant is paid to assist the school board in financing the classes.

Planning a wedding this summer? We would like to print your invitations. Call the Herald, Phone 8.

"the drivers are swell!"

"The next time I go to see uncle Ed I'm going to go on the bus. Last week grandma and I had a long bus trip and the drivers were really swell. When we changed buses the driver helped grandma and me to pick out our new bus and he told her not to worry about anything. The new driver was swell too and he told me he had a little girl like me at home. I sure like going on the bus."
