Four Junior Farmers Get Trip to Britain

Dutch Law Student Visits Unde Here

A law student at Leiden University, Holland, Frits Molhuysen is visiting for a time with his uncle and aunt, Mr. and Mrs. Lykka De Vries at their farm home on the Check Line.
 Frits, who is a son of Mr. De Vries' sister, will spend the summer in Canada and the States. He expects to go to New York City from here and will meet some American friends there and continue on with them to Savannah, Georgia. The friendship was formed during the war when an American officer became friendly with the Molhuysen family.
 He is finding no difficulties as a stranger in this country, as like so many other Europeans he speaks excellent English. The visit is particularly pleasing to Mr. De Vries, who had not seen his nephew since he was two years old. Frits had met Mrs. De Vries when she visited in Holland a few years ago, but had missed the visit of his cousin, Joan when she was overseas later.

Holstein Breeders Send Prize Animals to Italy

One of the largest shipments of purebred Holsteins ever exported from Canada left Montreal May 15 by boat for Italy. It included 350 choice heifer calves and two high class bull calves. These animals were intended as foundation stock for the herd of Holsteins maintained by Count Gastano Marzotto at Portogruaro. Included were replacements for the 41 head burned to death when the plane carrying them crashed at Pisa last January.
 More than ordinary interest is attached to this shipment since it is the first lot of Holsteins to leave Canada since the imposition of the foot and mouth disease embargo.
 The calves were purchased from the leading herds of Ontario and Quebec by Tom Hays and Albert Stagg of Oakville. All were required to meet stringent requirements—these including an average production on the three nearest tested dams of at least 16,000 lbs of milk on a mature three-times-a-day milking basis. They were also carefully selected for good blood lines and type. After inspecting them George M. Clemons of the Holstein-Friesian Association of Canada reported that "they are a high class lot and many of them would have been strong contenders at the shows this year had they remained in Canada."
 Both bulls are top notch individuals. One received from Fred Fawcett, Brantford, is from a dam with a 365 day record as a seven year old on twice a day milking of 22,297 lbs. of milk and 900 lbs. fat (4.08%), while the sire's dam has a 365 day record as a six year old on three times a day milking of 23,346 lbs. milk and 978 lbs. fat (4.19%) and is classified as "Excellent" and the highest rating attainable for conformation. The other bull bred by Raymondale Farm, Vaudreuil, Que., and secured from R. C. Given, Georgetown, is out of a dam with 910 lbs. fat from 22,652 lbs. milk (4.02%) as a five year old on three times a day milking and his sire's dam has 836 lbs. fat from 21,841 lbs. milk.
 Local breeders contributing calves were as follows:
 F. O. Hunter, Norval; Percy Leslie, Georgetown; G. W. Breckon, and Son, Freeman; R. C. Given, Georgetown; Victor J. Lawrence, of Oakville; A. T. Woodley, Milton; John Pickett, Hornby; W. M. Thomson, Hornby; T. H. McGee, Norval; A. H. McKane, Georgetown; J. A. McDonald, Terra Cot; Estate E. J. Mesgher, Oakville; Morley Watson, Tanaley; Logan E. Heslop, Freeman; G. W. Bowcock, Freeman; C. T. Scott, Freeman; M. J. Brown, Norval; W. H. Reid and Sons of Georgetown; Ashville Farms Ltd., Milton; J. C. Bell, Freeman; W. E. South, Norval; G. Leslie Peer and Son, Milton; M. Thuen Dearing, Palermo; W. J. Cleave, Norval; Joseph M. Wickson and Son, Bronte; W. S. Hall, Oakville; Dr. Paul Beer Georgetown.

Four Ontario Junior Farmers, ambassadors of good will, are due to sail from Montreal on May 30th for Great Britain, returning around the middle of July. Their trip, sponsored by the Ont. Dept. of Agriculture, is an exchange visit, as four young farmers from Scotland are touring Ontario and a delegation from England is expected later this year. The Ontario delegation includes Eleanor Saracene from Norfolk, Mary Carmichael of Middlesex, Harold Beatty from Victoria and James Bennett of Grenville. Miss Betty Boyle, associate editor of Junior Farmers News (official publication of the Junior Farmers) and a member of the Publicity Branch staff of the Ont. Dept. of Agriculture will act as leader of this delegation of young people. This trip to Britain will give Miss Boyle an opportunity to see under peacetime conditions the sections of Britain in which she worked as a member of the RCAF, W.D.'s during World War II.

In making this announcement, Col. the Hon. T. L. Kennedy, Ontario Minister of Agriculture, stated that exchange visits are playing an increasingly prominent role in the Junior Farmer movement, not only in Ontario but in other countries of the world. However, this is the first time that Ontario's overseas delegation has included girls. These young people will live on farms in England and Scotland for four weeks studying British agricultural conditions and methods. They will also have an opportunity to learn something of the organization and activities of their British counterparts, the Young Farmers. Col. Kennedy said such exchange visits promote understanding and fellowship among young people from various countries and help our youth to become better farmers and better citizens.

The ability of these young people to profit from such a visit is indicated in the biographical sketches below.

Eleanor Saracene of R. R. 4, Waterford, is a young lady with several firsts to her credit. Last year she enjoyed the distinction of being the first girl to be elected president of the Junior Farmers' Association of Ontario. In that capacity she was honoured with an introduction to the Queen, then Princess Elizabeth, during the Royal Tour. Now she is one of the first two girls selected to represent the Ontario Junior Farmers overseas. Eleanor has completed 9 Homemaking Club units and acted as leader for seven. Her experience in Junior Farmer work included being president of Norfolk County Junior Institute, County Director for 3 years, vice president and then president of the Provincial Association. During that time she attended as a staff member 25 district leadership training schools, 10 conferences in Northern and Southern Ontario and Provincial Junior Farmer Camp. Her other activities include Church Young People's work, Simcoe, Little Theatre, Norfolk County Junior Farmer Choir and Junior Director of the County Fair.

Mary Carmichael comes from a 600 acre dairy farm located near Ilderton in Middlesex County. Mary has completed 18 Homemaking Club projects winning both her county and provincial honours. Already her interest in the Junior Farmer movement has taken her on trips to the National 4-H Club Congress in Chicago, the 4-H camp in South Carolina and the Rural Youth Conference in West Virginia. She has served as secretary treasurer and as president of the local and County Junior Institute and for two years was county director of the Provincial Junior Farmers' Association. In addition, Mary has been a director of the London Township Agricultural Society for 3 years and has taught Sunday School for 10 years.

Harold Beatty, a young man of 27, operates a mixed farm near Dunsford in Victoria County. Dairying is the chief interest and their Holstein herd has one of the highest production records in the county. An enthusiastic club member since he was 12, he participated in both calf and grain clubs representing his county twice at the Provincial Inter-Club Competition in Guelph. Now as a leader of two Calf Clubs for Junior boys, he is making good use of his training and experience. As a member of the Kawartha Junior Farmers he represented Victoria County at the 4-H Club National Congress in Chicago in 1948. He has also won many prizes at Junior Farmer judging competitions at Peterborough Fair, the Canadian National Exhibition and the Royal Winter Fair. In addition to these activities, Harold is extremely interested in the work of the United Church and this year is president of the Lindsay Presbyterian Young People's executive.

James Bennett comes from an Eastern Ontario farm at Spencer-ville, specializing in dairying, swine and poultry raising. He has spent eight years in Calf Club work and 2 years in grain and corn clubs. In 1945 he was a member of the County Calf Club judging team at the Provincial Competitions in Guelph. Jim started in the Junior Farmer movement as a member of the

CARROLLS Warehouse Moving SALE

We are moving to our newly built central warehouse in Hamilton this week. Of course we want to reduce our inventory to facilitate moving and these rock-bottom specials are our way of doing it. It will pay you to stock up at these prices.

SPECIAL — HEINE TOMATO KETCHUP 16-OZ. TINS 25c

SPECIAL — HEINE SPAGHETTI 2 16-OZ. TINS 29c
SPECIAL — BRUNSWICK or FAIRHAVEN SARDINES 3 TINS 20c

SPECIAL — SUMMER PRIDE CHOICE UNGRADED PEAS 2 16-OZ. TINS 25c

These Peas were packed by "Tins Foods"—the same popular variety that is canned under the Blue & Gold label—but "Tins Foods", who are very fussy about such things, decided they were not quite good enough to grade "fancy"—so they graded them "choice". You will find them better eating than most other choice Peas—and WE have priced them as low as 'standard' for this week-end only.
