

LIONS GARDEN PARTY-FEATURE

The ROYAL CITY FOUR, a male quartette from Guelph, will be one of the attractions at the Lions Club Garden Party in the park next month. The garden party will have double interest for on that night the lucky draw will be made for a motor boat on which the club is at present selling tickets.

Members of the quartette, left to right, are: Frank Elliott, bass, Kelly Davies, baritone, Ted Spry, tenor, and Keith Dolson, lead. Keith, a Georgetown high school graduate works for the agricultural chemical Dept. of Canadian Industries, Ltd.

TENDERS FOR COAL AND COKE

Federal Bldgs., Province of Ontario

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal" will be received until 3 p.m. (EDST), Wednesday, June 23, 1953, for the supply of coal and coke for the Federal Buildings throughout the Province of Ontario.

Forms of tender, with specifications and conditions attached can be obtained from the Chief of Purchasing and Stores, Dept. of Public Works, Ottawa, and the District Architect, 36 Adelaide St. East, Toronto, Ont.

Tenders should be made on the forms supplied by the Dept. and in accordance with departmental specifications and conditions attached thereto.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

Such security will serve as a guarantee for the proper fulfillment of the contract.

ROBERT FORTIER,
Acting Secretary,
Dept. of Public Works, 6-11
Ottawa, May 22, 1953

FARM NEWS

Homemakers Have Achievement Day

Dressing up Home Grown Vegetables so every member of the family would love to eat them was demonstrated on Saturday, June 7th, at the Town Hall in Milton. It was the achievement day for some seventy girls from all parts of Halton County who have spent the last three months studying the food value of the vegetables and practising good cooking methods at a series of Homemaking Club meetings. Under the direction of a local leader who attended a training school sponsored by the Women's Institute Branch, these meetings have been conducted. The girls, ranging in age from 12 to 26, have put into practise what they have learned, and now serve at least two vegetables other than potatoes to their family every day. Leafy, green and yellow vegetables rate high on their list, and the hints they have gathered on salad-making help them serve them raw frequently.

During the morning of the Achievement Day the Homemaking club members judged school lunches and menus, and planned well-balanced meals. The afternoon programme consisted of skits and demonstrations on Dressing Up Vegetables, and on comments on exhibits showing 'Five

Ways with one Vegetable'. The following girls commented for their club:

Ashgrove: Barbara Cunningham, Hornby, Phyllis Bradley, Limehouse, Ruth Brown, Nelson, Helen Vivian, Norval, Eileen Hunter, Omagh, Joan Clare, Palermo, Evelyn Booth, Scotch Block, Joan Cardinal.

Recipients of county honours for the completion of six Homemaking Club units were:

Ruth Featherstone, Frances Cox, Joan McCay, Helen Vivian, Audrey Featherstone, Nelson Club, Evelyn Gates, Ash Club, Mary Lou Alexander, Ashgrove Club, Joanne Julian, Acton Club.

Provincial Honour certificates and pins were presented to the following girls who have completed 12 Homemaking Club units:

Ruth Brown, Limehouse, Ruth Barnes, Ashgrove, Joan Wrigglesworth, Ashgrove.

Silver spoons were presented to every girl who has completed the units 'Cottons May Be Smart' or 'Dressing Up Home Grown Vegetables'.

The Bank of Toronto Trophy was presented to the Ashgrove Club and to Joan Wrigglesworth, Barbara Cunningham and Jean Bird individually.

Miss Joan Wrigglesworth was awarded a bus trip for her consistently good work and steady progress in club activities.

The Homemaking Club members have chosen Sleeping Garments as

the Fall unit, and The Milky Way for next spring. Anyone interested in Homemaking Club Work should get in touch with the Home Economist, Dept. of Agriculture, Milton.

Mrs. E. G. Clarke, Home Economist for Halton, Peel and York Counties, was in charge of the day. Mrs. Mabel Borgstrom, and Miss Flora Durbin, of the Women's Institute and Home Economics Service assisted with the Achievement Day.

Georgetown Attendants At Erin Church Wedding

Two Georgetown girls were attendants at a wedding in All Saints Church, Erin, on May 24, at which Archdeacon W. G. O. Thompson was the officiating clergyman.

Principals in the wedding were Helen May Jackson, daughter of Mr. and Mrs. Gordon Jackson R. R. 2, Erin and John David Airdrie, son of Mr. and Mrs. John Airdrie, R. R. 1, Acton.

Mrs. Lawrence Taillefer, Acton, sister of the groom, was matron of honour and Misses Muriel Nodwell and Verna Beatty, Georgetown, were bridesmaids.

PATCHING IMPROVES NO. 7 HIGHWAY

Patching has been done on No. 7 east of Norval, where the Beamish Contracting Company is putting a new asphalt surface on a bad stretch of road.

Draw Boards Are Handy

Entering one of the small homes constructed during the war years, I came across another item of interest. Space was at a premium, and many items had been left out of the general plan, including a drain board. The good lady of the house had complained on many occasions, especially when looking for a place to put clothing when run through the ringer. The matter was finally settled to her satisfaction by her husband. Collecting discarded pieces of lumber he built a board, supporting it against the wall with an upright piece of one-inch pine. A cleat against the wall gave added support. His intention was to rebuild with B.C. Fir Plywood. Mammoth is also excellent for such purposes. Quarter inch moulding finished off the edges to prevent water leaking to the floor.

Utility Table

When visiting towns where sawmills are located it is always good policy to watch out for the local craftsman. One I met last summer was a worker from the shipyard. He had used pieces of 2" x 6" pine planks to make an exceptionally good coffee or utility table. Seating down, the edge gave good close joints on the

top, and when painted these were hardly discernible. The legs and supports were constructed of the same material. I was more than interested to find two other articles made by the same hands, a table lamp of 2" x 4" scantling, and a flower pot which turned out to be a grapefruit juice tin, nicely painted to match the drapes and carpet.

Outdoor Tables

When we think of outdoor tables we naturally have to think of rain and inclement weather. I was impressed by a touch of hospitality over the border when, passing a fine garden, I noticed a sign on the gate. "Enter here all those who love a little beauty" and as I entered, in a shady nook I noticed a picnic table and later learned it was made by the local plumber as a gift to a local service club. This man had constructed most of the table by using old water piping, joints and caps which had been discarded. It was painted in peart gray and could easily grace garden, park or roadside. Seats and top were made of planks, but two by fours could be used instead. Asking if it might be copied the builder replied "Well copying is the sincerest type of flattery". So, here it is for you.

A few days ago I came across what might be called the Wonder House. This had been erected by an enterprising young man who carefully collected slats from packing boxes, cutting them to uniform lengths and storing away for future use. In course of time, he drew the plans for a humble cottage, then built it in sections and assembled the various units. The roof was made of used lumber from the local wreckers. The house was finally covered with insulated siding, and the roof covered with imitation shingles. His objective is to take it down and again assemble it as a summer cottage. I could not help but exclaim "more power to his elbow".

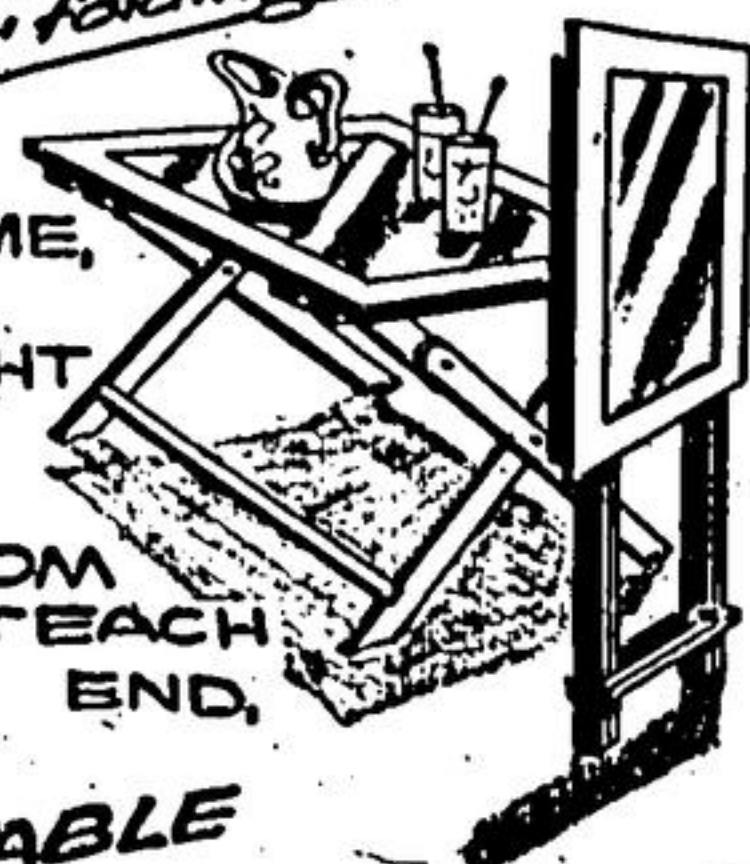

DRAINBOARD

FOR THE WASH IN THE BASEMENT, OR FOR DISHES IN THE KITCHEN NAIL CLEAT TO WALL AT PROPER SLOPE. BUILD DRAINBOARD WITH RIM OF QUARTER-ROUND ALONG EDGES. TACK SMALL BLOCK TO OUTER CORNER AS BASE FOR THE UPRIGHT. ALL MATERIAL MAY BE 1" PINE. 1" OVERLAP ON TUB OR SINK.

AROUND THE HOME

TABLE OR BLACKBOARD rigid on folding

FROM AN OLD PICTURE FRAME, PIECE OF MASONITE, EIGHT PIECES OF 7/8" SLATS, CLEAT ACROSS BOTTOM OF FRAME AT EACH END.

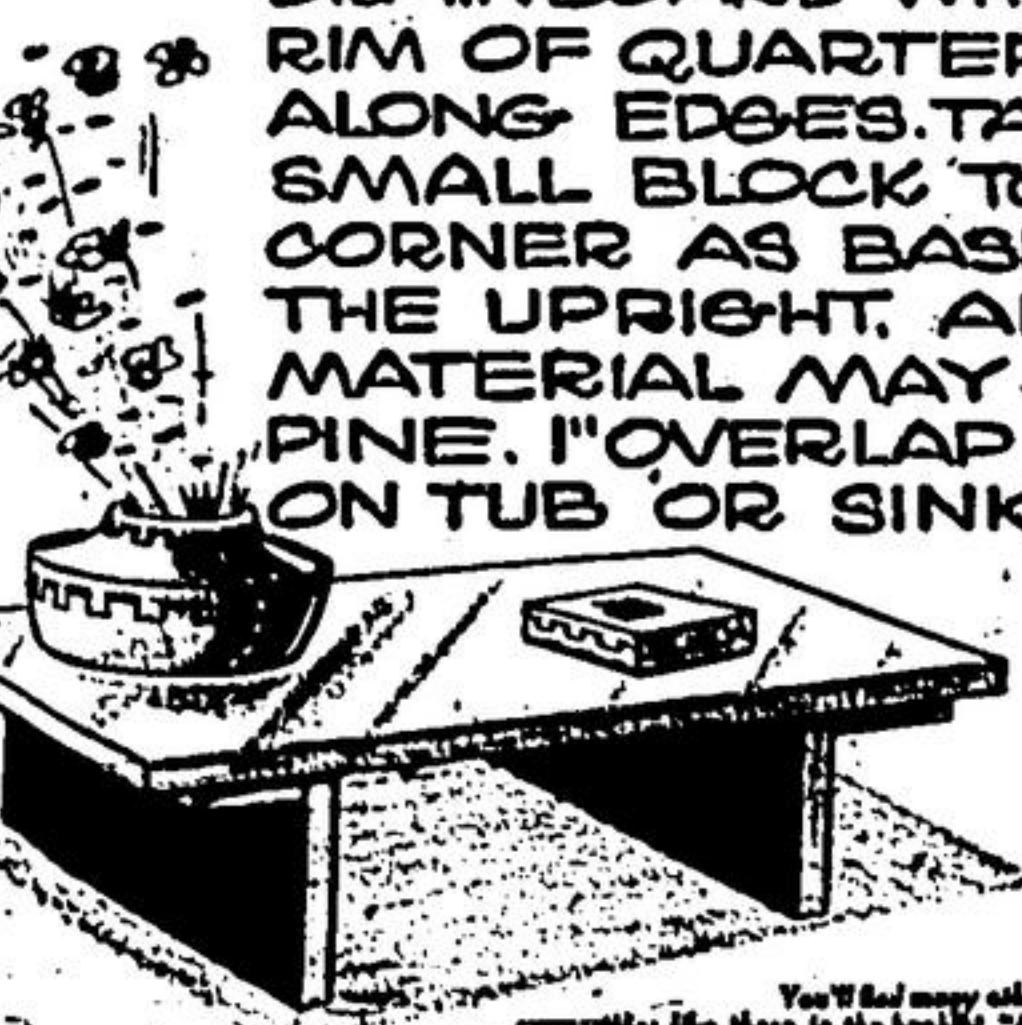

OUTDOOR TABLE

USING DISCARDED PIECES OF WATER PIPING AND ELBOWS. TABLE TOP: 2'6" WIDE, 6' LONG. SEATS: 1'3" WIDE, 6'9" LONG. ALL PIPE 1" DIA.

UTILITY TABLE

FROM ENDS OF 2X6 BOARDS. FOUR PIECES FOR TOP WITH TIGHT JOINTS. FOUR PIECES FOR SUPPORTS. TOP: 36" LONG, 24" WIDE. SUPPORTS: 14" HIGH, 22" WIDE. WIDTH OF RESTS FOR TOP: 22"
