### Neighborly News Broadcaster Gets Publicity Post

Don Fairbairn, well-known radio personality on Canadian networks has joined the Dairy Farmers of Canada as executive assistant to Publicity Director, O. J. W. Shugg. Formerly radio director of E. W. Reynolds, Ltd., Advertising, Mr. Fairbairn brings his new post a wide experience in both the fields of agriculture and publicity. Born and raised on the home farm in the Niagara Peninsula, he attended Beamsville High School, Hamilton Normal and the Ontario Agricultural College before entering the field of radio as a farm commentator, writer and producer in 1935. In 1939 he joined the CBC farm broadcast Department as the first commentator hired by the first supervisor of that department, O. J. W. Shugg. Thirteen years later, the two men again find themselves closely associated.

During the war Don Fairbairn served with the RCAF in both Canada and Europe, first as a radar mechanic and later as a public relations officer. On his return to Canada, he was producer in charge of rehabilitation programs for the CBC and then sales representative in Commercial Division before resigning in 1947 to resume a microphone career as writer and commentator. When Andy Clark, the originator of Neighborly News died in 1948, Mr. Fairbairn succeeded him and is a regular Sunday morning visitor in thousands of Ontario and Quebec homes. He also directs Dairy Farmers of Canada, "Down Dairy Lane," heard every Thursday on the Trans Canada network of the CBC.

Don directed a coast-to-coast radio broadcast from Georgetown Fair a few years ago.

## Want to Keep YOUR Freedom?

We like to sing about this Canada of ours being "the true north rising free." It is a fine sentiment, and on the whole it has been quite true.

But our freedom is a thing which needs constant care lest it die here as it has died in so many other countries throughout history.

We cannot enjoy true freedom as a people unless we insist upon personal freedom. We lose personal freedom, and so contribute to the downfall of all freedom, every time we ask Government to plan or regulate our lives.

Collective bargaining; the right to dispose of our services and our property as we see fit; the right to freedom of assembly, speech and worship — all these we enjoy because freedom-loving individuals fought and, if necessary, died for them.

If we want to keep our freedom we must have the same courage and resolution.
