#### Terra Cotta Lady Wants Saturday Back

Terra Cotta, July 27, 1951  
To the Editor,  
Georgetown Herald.

Dear Sir:

Would you please put this letter in the paper this week. It is in connection with the new store closing hours that some of our merchants have decided to make rants in our town of Georgetown. Well I am speaking for myself and many others that I was talking to on Saturday night past, and there isn't one person that thinks the store keepers who signed for these silly hours had any consideration for the country trade. And where would your business be if you had to depend on town business only. It's a shame that the businessmen that didn't sign this by-law have to suffer for those who did. So we all sincerely hope they will change these terrible hours or else hope the people all get together and vote against it.

Some just say "Well, I guess we'll just go to other towns such as Erin, Acton, Brampton and many other small villages that are open." But there again it's hurting the businessmen who didn't wish this on us. So hope you all can get together and oblige the country people, and lots of town folk also, by having our Saturday night OPEN again. I thank you.  
Mrs. E. F. O'Brien,  
Terra Cotta.

The following morning, Mr. and Mrs. Shipp, accompanied by Mr. and Mrs. Wilson and Johnny left for Quebec. The Wilsons lunched aboard the S.S.
