Every Community

has a number of worthy organizations which provide the spearhead for community projects and private and public welfare.

Helping Georgetown

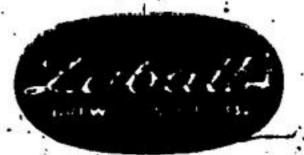

to be a better community, and contributing in no small way to the town's advancement are Orion Oddfellows and Verdun Rebekahs lodges. When worthwhile things are being done, you will find these men and ladies always willing to donate, always ready as organizations and as individuals to lend a helping hand.

Once a Year

the Oddfellows and Rebekahs combine to hold a Garden Party. On August 15th they are arranging a big night of entertainment in the park and hope that everyone will attend. Funds raised will be used for future welfare activities and will be used for a good cause.

Hats Off

to the Oddfellows and Rebekahs. Let's help THEM out by going to the Garden Party. .

HALTON DHIA GROUPS HAVE HIGH AVERAGE

The annual summery for Ontario Dairy Herd Improvement Associations, which was recently released, reveals that the three Halton groups compare very favorably with those in other parts of the Province. There are 44 groups, or a total of approximately 1144 herds enrolled. Halton South, now supervised by Jack Teasdale, is in third position with an average production of 348 lbs. of butter fat per cow; in eighth position is the West Halton group supervised by George McCormack with an average of 317 lbs. of butter fat, while East Halton county, supervised by Frank W. Chisholm, is in tenth place with an average production of 306 lbs. B.F.

Out of the 1144 herds enrolled we note that 15 herds averaged 400 lbs of butter per cow. Numbered among these is the herd of Cliff Wrigglesworth. Hornby, whose herd average was 12271 lbs. milk and 421 iba B.F., also that of Walter Royle of Oakville with an average production of 11485 lbs. milk and 403
