For a modest investment of time and money it is hard to beat Fiberglas insulation for obtaining results.  
For \$30.00 you can buy enough fiberglas to insulate the attic of a house size 24x30. 3" paper backed Fiberglas rolls cost 7.5c per sq. ft. or 2" rolls 5c per sq. ft. Save on fuel and cut out the drafts in your rooms.
