Norway's Gift Graces U.N. Council Chamber

A painting symbolizing universal peace and freedom by the efforts of enlightened men through the United Nations was recently unveiled in the Security Council Chamber at U.N. Headquarters. The 16 by 26 foot mural was painted by the famous Norwegian artist, Per Krohg, on commission from the Norwegian Government which contributed the decorations and fittings of the Chamber. The marble-framed mural is set into the east wall of the room and faces the public gallery. Shown are two workmen completing the installation.
