Chamber of Commerce Erects Highway Signs

Through the efforts of the Chamber of Commerce, new highway signs have been erected at both ends of the No. 7 entrance to town. The signs are all a local product. They were made by J. H. Mackenzie & Son, lettered by Cecil Adams, Norval and painted by Don Herrington, and installed by the town men under direction of the foreman, Ern Hyde.

Dedicate Memorial Plaque To St. John's Servicemen

Remembrance Day service on Sunday morning at St. John's United Church was an appropriate occasion for the unveiling of the memorial plaque in honour of the memory of the ten young men associated with the church, who gave their lives in supreme sacrifice in World War II. In this act the following were prayerfully and gratefully remembered:

P.O. Carman Sutcliffe, P.O. Stewart McLaren, P.O. William Louth, Tpr Howard Conn, Lieut John Bowman, P.O. John T. Evans, Pte Ervin Hills, Pte Claude Dillon, L.Cpl Hedley Shaw, Cpl Carl Hyde.

The plaque was placed on the wall of the Memorial Room, opposite a similar plaque of World War I. Representatives of the Canadian Legion were present to honour the memory of their former comrades. Elder Howard Kentner assisted Rev. John M. Smith in the unveiling and dedication of the plaque. The choir sang the great commemorative hymn "O valiant hearts, who to your glory came," the congregation singing two verses to close the unveiling.

Rev. John M. Smith spoke on "The Way of Hope," showing that hope, along with faith, is another foundation of Christian belief and doctrine, and that from a strong living faith, comes a sound, enduring hope. In the long years of Jewish history recorded in the Old Testament, hope buoyed them up in spite of captivity, the slave driver's whip and much oppression, still enabling them to struggle on, believing that God was with them, and that with the help of prophets and leaders raised up by God to bring them back from their back-sliding, they would ultimately triumph and reach their goal.

In the New Testament we learn of a great hope fulfilled in the coming of Jesus, and though the true meaning of His Coming was missed, and hopes seemed dashed, with the Resurrection came revived hope, first with the Disciples, then the early Christians. This is continuing, still working among Christians the world over, keeping the spark of hope alive, that peace and goodwill under God will yet come, quieting the wars in our personal lives, in our homes, in our land and the world over. Mr. Smith stressed that hope worth while, was not just optimism which came when things are going right, and we are inclined to feel self-sufficient, but is born of frustration in our lives, of suffering, when the world seemed falling in on us, and God is the only one able to help us. When we call on Him, we realize His power and guidance and hope returns. Our hope, too, should be active, not just relying on Him, but using the brain and brawn He has given us, under His guidance. And our hope should be God-centred, used for the advancement of His Kingdom, and for the welfare of God's creatures the world over.

The evening service was an illustrated talk on "Guide for living", which stressed the value of time, as we used our time so did we live, and especially should we watch the 4 or 5 hours each day, when we were most free to choose how we used them. Mr. McLaren played for the service of praise.

Outlines Advantages of County Ag-Rep Office

"Take advantage of your county agricultural office and use the facilities it offers" was the advice of Mr. McCullough, Peel-Ag-Rep, when he spoke to Terra Cotta Farmers Club at their meeting on November 3rd at the home of Mr. and Mrs. William Hunter.

Mr. McCullough outlined the various services which the Ontario Dept. of Agriculture offers free or at little cost to farmers and urged farmers not to be bashful in seeking help with their problems, for that is why the county office functions in Brampton.

It was the annual meeting of the group and officers were chosen. Serving with Wilfrid Leslie as president of the men are vice president Herbert Dolson and secretary-treasurer Arthur McKane. The ladies chose Mrs. Jack McDonald president. Other officers are: Mrs. Clarence Anderson, vice president, Mrs. Wilbert Cleave, secretary-treasurer; Mrs. Vern Thompson, assistant, Mrs. Herbert Dolson, pianist, Mrs. George Fraser, assistant.

Mr. Robinson of the Workmen's Compensation Board addressed the meeting. A musical program included piano solos by Irene Hunter and Kenneth R. Harrison and vocals by Mrs. Francis Thompson. Mrs. Vern Thompson gave the motto: "Happiness, the Goal of Life." Plans for the annual banquet were discussed.

FARM NEWS

Complete Plans For Halton Folk School

Craiglea was the scene of a recent meeting of Halton Folk School leaders. Representatives were in attendance from Farm Forums, Women's Institutes, Junior Farmer Associations, and the District Co-operative. Plans were made for the third annual Halton Folk School. Dr. Robert Kidd, director of the Canadian Association for Adult Education, was in attendance at the meeting.

"Know Canada" is to be the theme of the 1953 school, which is scheduled from February 25th to March 1st. A study will be made of the various phases of our national life and the contribution which each individual can make toward society for the betterment of home, community and country. The program will also include some instruction in either metalcraft or leathercraft, as well as time out for singing and recreation. Dr. Kidd will be the leader of the school and on Community Night on Feb. 27th, Thor Hanson, Director of Public Relations for the British American Oil Co. will be the guest speaker.

Farming As Career First Forum Topic

Farming as a Career was the first topic of discussion when farm forums throughout Canada started another season of meetings a week ago Monday. The topic was particularly timely at a time when rural life offers many more advantages than it did even a decade ago, but the lure of city wages has increased.

Farmers listening to the broadcast were asked what points they would stress if asked by a young man if he should choose farming as a life's work. All the Halton forums stated he must have a liking for the farm, enjoy good health and have ambition for hard work. In this mechanized age he must

Canada May be Scene World Plowing Match

Wide interest, stimulated in great part by the tremendous success of the "International" plowing matches under the direction of the Ontario Plowmen's Association, is likely to result in the holding of a "World Championship" match in 1953 at which representatives of many countries are expected to compete.

Following the second annual British Ploughing Association match to be held at Falkirk, Scotland, on November 12th, at which Ontario will have two entrants, plans for the creation of a match on a world-wide scale will be furthered. Up to the present seven countries have associated themselves with the Provisional Governing Board which has set up the necessary machinery and tentative rules for the contest.

Of particular interest to Canadians is the fact that there is a strong possibility that the first world wide match will be held on Canadian soil. Mr. J. D. Thomas, former county match chairman, and well known conservationist, has been appointed by the Ontario Plowmen's Association to represent that organization at the world conference. Mr. Thomas will extend an invitation to the governing body to hold the first "world" match in Canada.

A conference on the proposal to set up the world-wide match was held in England last year, and the following nations were represented on the provisional board, in addition to Canada-England, Scotland, Wales, Eire, Holland and Sweden. During

also have considerable knowledge of the care and operation of farm machinery, sufficient capital to start in the proper way and a fair knowledge of the branch of farming he intends to follow. As one forum stated, he must work for an experienced farmer to gain knowledge before starting into business on his own.

Another question asked was: How can the attitude of the farmer's wife affect the success or failure of the farm?

Her whole-hearted support is needed, and in this mechanized day she too should have the ability to handle machinery. One group says she must be the hired man without pay to be her husband's best helpmate. She must have patience with men who are late for meals, give encouragement, understanding and sympathy. Man is the head of the house; his wife is the neck which turns the head and leads him to success or failure.

the discussions a provisional set of rules was drawn up to govern the match. The rules have been tentatively accepted by these countries.

The tentative rules, under which the match will be held, will have a trial run during November's Plowing Association match, a special "overseas invitation class" being included for the purpose.

With the expectation that the first world match will be held next year Mr. Thomas intends to bend every effort to have Canada made the scene of the historic occasion.
