Halton Cattle, Sheep Prominent at Winter Fair

Friday evening saw the opening of the 1952 Royal Agricultural Winter Fair. If possible, it was an even more colourful event than in former years. The official opening was made by Lieutenant General Sir Archibald Nye, High Commissioner for the United Kingdom at Ottawa with the 48th Highlanders providing the guard of honour. Another highlight of the evening was the welcome to the International teams from France, the Republic of Ireland, Mexico, United States and Canada.

As usual, when one enters the huge Coliseum, it is almost with awe that one views the flower show. Words fail to convey any idea of the perfection of the blooms, the beautiful exhibits, and the fragrance of the flowers and fruit. This section of the Royal alone is worth a visit to the big show. Aside from that, every department of the 1952 Royal seems to be filled to capacity with near perfection exhibits. The cattle barn is bursting at the seams and in addition some cattle are housed in the sheep and swine barns. Halton is well and truly represented in the Jerseys by entries from the herds of M. C. Beatty, Ken Ella, Featherstone Bros. and Gerald H. Graham, in Guernseys by Wm. G. Booth, J. L. Chisholm, Joyce Bros., Lazy Pat Farms, and M. T. McNabb & Sons; while in Holsteins, F. Pelletier & Sons and A. G. Hunter, are upholding the honours. In the beef section there are some outstanding entries from the Shorthorn herds of T. C. Amos, S. G. Bennett, Grant Campbell, Harland Merry and Stanley and Arthur Norrish. Others represented are Cecil McCann, with Herefords; J. H. Willmott, with Hampshires; T. J. Brownridge, with Tamworths; Valley Crest with their Clydesdales.

Bannockburn Presentation For the Mel McCulloughs

Bannockburn school was the scene of a community gathering to honor Mr. and Mrs. Melvin McCullough (Margaret Brown) who were married recently. Mr. and Mrs. McCullough were presented with a trilight lamp, coffee table and table lamp on behalf of the community friends and neighbours.

Mrs. Stan Morrison read an address expressing the best wishes of the large crowd present and the presentation was made by Lloyd McEnery, Ralph Denny and Bert Watson. R. L. Davidson was the chairman of the evening.

Winners of progressive euchre were Mrs. George Somerville and Clayton Wilson. Following lunch, dancing was enjoyed to music by the Melody Makers.

Liberals Choose O'Marra Contest Next Election

A. J. C. O'Marra, 31, Port Credit lawyer was named Liberal standard bearer for Peel in the next federal election at a nomination meeting in Brampton last week.

Mrs. J. E. Houck and Stan Harmer withdrew their nominations and left the contest between Walter Paisley of Clarkson and Mr. O'Marra who won on the first ballot.

Elected to positions on the new county executive were H. G. Chappell, Malton, president, Mrs. H. C. Sibbald, Claude Frank Dolson, Altona and John Keaveney, Lakeview, vice presidents; Charles Saddington, Port Credit, secretary treasurer, and Fenwick Job, Brampton, director of organization.

NO MUSCLES FOR THIS

BRINGING HOME THE BOTTLE is child's play for four-year-old Karen Wilson of Toronto. Extremely light, this ten-gallon plastic bottle is unbreakable and can be run over by a tractor and still retain its shape. Used for shipping industrial acids it is made by Plas Canada Ltd., an Oshawa firm associated closely with the local Smith and Stone organization, and was one of many new items at the recent Packaging Exposition in Toronto.

HALTON JUDGING TEAM FIFTH PLACE ROYAL

The Inter-County Live Stock Judging Competition held last Thursday, prior to the opening of the Royal, brought together thirty-two teams of three young men each from as many different counties. They came from Carleton in the east, Lambton and Kent in the west, and Sudbury in the north. Before the day was over the 96 young men knew they had been through a competition. Their task consisted of judging ten different breeds of livestock, and giving oral reasons for their respective placings on each of the ten classes. The Jeffrey Bull Memorial Trophy, emblematic of the championship went to the Durham County team, coached by veteran Agricultural Representative Ed Summers. It was rather significant that all three Durham members took a gold medal—Earle Brown in Dairy Cattle, Bruce Taylor in Sheep, and Wm. Ferguson in Swine.

The Halton team composed of Alex Buchanan of Moffat, John W. Pickett of Hornby, and Earl Wilson, of Norval, placed fifth as a team. That they had been well coached by Art Bennett, assistant agricultural representative for Halton is borne out by their excellent standing. The top ten awards were as follows:

Durham, Middlesex, Wellington, North Simcoe, Halton, Perth, York, Kent, Lambton, Huron.

HIGHBALLING—A new "high ball" service has been inaugurated by the Canadian National Railways to speed up the handling of low-than-carload shipments. Distinguive placards with a green ball on a yellow background, such as the yardman is affixing to the car in the photograph, are making their appearance across the country on C.N.R. cars carrying I.C.I. merchandise. Cars bearing these placards will receive priority handling at stations, freight sheds and distribution points across the system to provide faster service for this traffic between Eastern Canadian cities and over transcontinental routes.

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. Now Pop
Thousands who never could gain weight before, now have slimmer, attractive figures. No more body trouble, belly bulges, thin thighs. They thank LUNAU. It puts flesh on bony limbs, restores appetite, stimulates your metabolism, improves your health. Don't lose any more weight when you gain before you wish. Introducing "You-are-qualified" the only diet. Try LUNAU Today. Tables for new health, lovely curves, now pop. Today. At all drug stores.

Georgetown Couple Wed In Streetsville Church

A Georgetown couple were married in Streetsville United Church on Friday evening at seven o'clock by Rev. Lloyd Stapleton.

Principals in the double ring ceremony were Shirley Elizabeth Caseley, daughter of Mr. and Mrs. John Caseley and Harold Rasmussen, son of Mr. and Mrs. Paul Rasmussen, of Fyn, Denmark.

The bride, who was given in marriage by her grandfather, Mr. Thomas Brocklebank, Streetsville, wore a wedding gown of embossed nylon over taffeta with lily point sleeves and trimmed with seed pearls. She wore a seed pearl tiara and carried a cascade of red, roses and stephanotis.

Her bridesmaid, Miss Mary McNally, Toronto, wore a ballerina length gown of blue nylon over taffeta, matching blue lace bolero, a halo of blue flowers and carried yellow roses. The bride's uncle,

Mervin Brocklebank, Streetsville, was groomsmen.

At a reception at the Yellow Briar Inn, the bride's mother wore royal blue crepe, black accessories and a corsage of carnations. The groom's aunt, Mrs. Aksel Rasmussen, Toronto, received for him, wearing green taffeta, black accessories and a corsage of red roses.

For a honeymoon trip to Peterborough and other eastern points, the bride wore Lapis blue crepe, navy accessories and a corsage of red roses. The groom is employed with Provincial Paper Ltd. and the bride is an employee of the Alliance Paper Mill. Mr. and Mrs. Rasmussen will live on King Street, Georgetown.

During 1952 the Canadian Pacific Railway will spend \$62,000,000 for new equipment.

CO-STARRING AT THE ROXY next week in Lydia Bailey, a technical spectacle of adventure and romance, are Dale Robertson and Anne Francis, pictured above in a scene from the movie.

Veteran Stonemason J. T. Lambert Dies

John Thomas Lambert, 81, veteran

Georgetown stonemason and a resident of the city for more than 50 years, died in St. Joseph's Hospital on November 4th.

Born and educated in Erin Township, Mr. Lambert was the son of Mr. and Mrs. R. M. Lambert. He moved to Guelph in 1896 and had resided there ever since. A stonemason and bricklayer by trade, he was for several years the city building inspector.

Surviving are his wife, the former Ada Willie Robertson, and four sons William R., of Brantford, J. Thomas of Kincardine, J. Harold, Guelph and Dr. Robert S., of Willoughby, Ohio. One son, Roy L., was killed in a motor accident near St. Thomas in 1946. Also surviving are four daughters, Mrs. Robert L. Craig and Mrs. Stanley G. Craig, both of Guelph, Mrs. Malcolm H. Reed, of Hamilton, and Mrs. Herbert Hallman of Kitchener. There are 15 grandchildren and three great grandchildren. He leaves two sisters, Mrs. Robert Dron, of Georgetown and Mrs. James Forbes of London; and three brothers, Lorne, of Toronto, Howard, of Acton, and Herbert of Guelph.

Plans for one of the biggest mass tuberculosis surveys ever held in Ontario have been completed through the cooperation of the Halton Tuberculosis and Health Association and the Ontario Dept. of Health.

In a carefully detailed program which will make x-ray examination available for every man, woman and child in the county, mobile units will enter the county on December 1st and during the following weeks will travel to every community, to take up their stations for examination of residents. Prior to these visits, however, the association plans to have each area surveyed, to have volunteers call at every home and explain the purpose of the survey and to arrange appointments for visits to the travelling clinics.

In the Georgetown area the dates have been set as December 15 for the visit at the two paper mills for x-raying all employees. The machine will be set up between the two factories. Then on December 16th and 17th the unit will be established in the Oddfellows Hall. Sessions for x-raying will be from 2 to 5 and 7 to 10 on Tuesday the 16th and from 10 to 12, 2 to 5 and 7 to 10 on Wednesday the 17th.

In Georgetown the committee directing the program is headed by chairman A. Maclaren with Bill Barry as secretary, chairman of canvass committee Mrs. Edwin Wilson assisted by Mrs. Seward Wilson and Mrs. Jack McGibbon; chairman of supplies, Mrs. William Gibbs.

The committee comprise A. Maclaren, Miss Luena Campbell, representing the Women's Institute, Mrs. Jack McGibbon the Rebekahs, Mrs. Wm Gibbs the Women's Auxiliary of the Legion, Mrs. Edwin Wilson the IOOE, Andy Mino the Oddfellows, Clarence Kennedy the Lions Club, John D. Kelly the Masons, Jim Murphy the Legion and Stan Allen the unions.

Each of these nine organizations are appointing ten members who will act as canvassers to call on twelve to fifteen homes. These homes have been allocated by the canvassing committee and the supplies will be distributed in envelopes and given to the canvassers on Wednesday, November 26th at a meeting of all canvassers in St. John's Memorial Hall.

The plan prepared by the committee has a twofold purpose: To complete a thorough survey of the area and to spur the annual sale of Christmas seals which finance the operation of the Association. On November 17th the seal sale will be launched with an urgent appeal this year for citizens to purchase and use the seals. Receipts for purchases of \$5.00 will be sent, to be used for social tax purposes. For lesser amounts receipts will be provided on request.

National health figures have revealed that in the past two years tuberculosis, once the greatest killer, has been on the increase. Medical advances against the disease, it is believed, resulted in a false sense of security, with the results that it has been able to make inroads into an unsuspecting population. Only in mass surveys have measurable advances been made against it, revealing early infections which yield more quickly to treatment and enhance chances of recovery. Such surveys also remove from contact with healthy persons many cases which might later become sources of infection of others.

The Halton County drive is being watched by provincial and federal health authorities because they regard the county's project as an important development. That some cases may be revealed is expected in view of the fact that at present 23 Halton residents are patients of sanatoria and nearly 100 have undergone treatment in recent years. These were revealed by casual examinations; a mass survey would have shown many of them long before symptoms which reveal an advanced condition. It is believed that a thorough drive such as has been organized by the committee will be an important contribution toward wiping out tuberculosis in the area.

NOW USES FULL TITLE

Mrs. Maurice Lunau is a busy speaker as she rounds up workers in the county for the tuberculosis drive. But she is through using the T.B. abbreviation in her speeches since the other night. "You know" a woman said after a meeting: "I don't think I'll help with this drive. I'm not very interested in T.V."

The per diem system under which railroads compensate one another for use of freight cars reached its 50th birthday July 1st, 1952.
