their annual

CHRISTMAS PARTY

Chapel Street School Chosen New Name

The "old public school" is no more.

Chapel Street School was chosen as the name for the building by the public school board at their meeting last Wednesday. The name was selected because the school is flanked on either side by Chapel East and Chapel West.

Both Chapel and Wrigglesworth schools are to receive attractive plaques, donated by local citizens.

At the meeting, the report of Inspector L. L. Skuce, was received for Chapel Street School. He complimented Mr. Henry and the staff on their progress to date, and the work of the caretaker, Arthur Herbert. He recommended a new flagpole for the school.

A later report will be made on Wrigglesworth School.

FARM NEWS

Dr. Mitchell Addresses Halton Dairy Herdsmen

Dr. William Mitchell, V.S., formerly of the Halton Health Unit and now of the Ontario Veterinary College was the special speaker at the monthly meeting of Halton Junior Herdsmen.

It will be of interest to learn that a new experiment is being tried in Halton. Earlier in the year Halton was selected to try out a new project before passing it on to other parts of the province. The project in question is open to young men 18 to 25 years inclusive, and involves the keeping of records of production, feed records, etc. and also the young men are being given a rather diversified course in such subjects as Farm Organization; Feeding and Management of Dairy Cattle; Stable Arrangements; Health of Livestock, etc., etc. The project which is to cover a period of two years will also include visits to various farms and institutions. The group on Thursday of this week are guests of the Ontario Agricultural and Veterinary Colleges in Guelph.

The young men participating in this experimental project include Don Matthews and Effe Somerville of Acton; Fraser McNabb, Georgetown; Don Joyce, Colin Marshall, Clarence Ford Jr., Sam Harrop, John Stark, and Robt. W. Ford, of Milton district; John W. Pickett, Hornby Ford Wickson and George Burkholder of Bronte; and Gordon Alton, of Burlington.

NOTICE

Uncertainty of weather and road conditions as the Christmas and New Year Season approaches places a maximum burden on our delivery system and service to customers at our store. In order to avoid serious congestion at the store and also disappointment in our delivery service, we respectfully request the assistance of our customers.

You can help to maintain our services by ordering or purchasing your requirements as early as possible.

"YOUR STOCK NEEDS
TRACE MINERALS
IN ALL RATIONS"

HIGH HATCHABILITY—Manganese, a trace mineral, must be present in poultry feeds for a maximum number of hatchings. In livestock feeds it is necessary for proper reproduction, lactation and growth.

TONICS ARE UNNECESSARY—"Medicines" are not needed if you feed a complete ration. Copper, iron, cobalt and iodine are trace minerals used as a protection against goitre, anaemia and related disorders.

ECONOMICAL GROWTH—A lack of any one of the vital trace minerals may result in poor growth, weakness, nutritional anaemia or low resistance to disease. Co-op Feeds contain every element necessary to nourish and protect your poultry and livestock through each stage to a profitable maturity.

Greetings

from the Hydro
Family

The Chairman, Commissioners and all of Hydro's thousands of employees throughout the Province join with the Municipal Systems in wishing you the compliments of the Season.

The Commission also take this opportunity to extend their best wishes and thanks to the Engineers, suppliers, technicians and men and women of labour whose co-operation has contributed in great measure to the speedy development of new power sources.

May this Christmas Season be bright and merry and may the New Year bring good health, happiness and prosperity.

Mr. and Mrs. Bert Parr Return to Georgetown

A former Georgetown couple have returned to town and will be spending the winter months here.

It is several years since Mr. and Mrs. Bert Parr moved to Sudbury. Some time ago Mr. Parr was seriously ill, and he has been making a gradual recovery to the point where he is now able to be up a part of each day in a wheel chair.

Mr. and Mrs. Parr will be living on Queen Street in Mrs. Parr's family home, with her father, W. J. Campbell.
