Young People's Group Meets at Kirkwoods

The Young People's group held their regular meeting at the home of Jim Kirkwood Sunday evening. The worship service was led by Janice Baker and stressed the thought of giving thanks for our church, closing with the hymn "Lead on O King Eternal". The topic was prepared by Jim Kirkwood and told the story of the radio ministry of the church to far northern lands, in charge of Rev. and Mrs. Pike. Letters from grateful listeners who had received much help and encouragement were read. The Children's Hour on Saturday morning and Sunday School of the Air are tremendously popular. The group then held a question period and discussed problems important to young people today. After a short recreation and business period lunch was served and a social time enjoyed.

Medal Metal

It's HARD to realize that less than one hundred years ago aluminum was a precious metal, priced at \$17 an ounce. In fact, Queen's University at Kingston, Ont., presented the first graduate from its chemistry course with an aluminum medal in 1858.

Nowadays the price of aluminum is 18c a pound. How is it that a dollar buys as much aluminum today as it did before the war, while it buys so much less of most other things? One big reason is the increasing use of aluminum — ten times that of 15 years ago. Volume production keeps production costs down. Aluminum is not only light and strong — it is low in price too.
