THE WEATHER'S BAD BUT THE NEWS IS GOOD!

THE GENERAL

Winter-Cleat
ESPECIALLY FOR REAR WHEELS

FOR SNOW · SLUSH · MUD

This is the tire that's especially built for our kind of winters. It's tread is *double-thick* and *cleated*. It grips *hard* in *soft* going — zips through snow, slush and mud, where others slip, spin, bog down. A pair on your rear wheels saves you the risks of faulty traction. The nuisance of being stalled. The expense of being towed.

FREE SERVICE

You need WINTER-CLEATS for snow, slush, mud. We'll store your present rear tires and switch them back when the time comes.

SLUSHY, ICY OUTTERS — you pull away easily with Winter-Cleats.

UNPLOWED SIDE STREETS — can't bog you down with Winter-Cleats.

INCLINED DRIVEWAYS — sure traction is provided by Winter-Cleats.

UNIMPROVED ROADS — Winter-Cleats are made to GRIP in mud and mire.
