Art Exhibit International Tour

From left to right, in front of the painting of Ottawa at the Seagram Art Exhibit, are A. Y. Jackson, Dean of Canadian Artists, B. K. Sandwell, Dean of Canadian writers; Robert W. Pilot, president of the Royal Canadian Academy; Samuel Bronfman, president, the House of Seagram and A. J. Casson, past president of the Royal Canadian Academy. The painting of Ottawa was done by Franklin Arbuckle, R.C.A., O.S.A., and is one of the 22 Cities of Canada depicted in the Seagram collection.

On the first leg of an international journey to give peoples of other countries a glimpse of Canada are a group of 50 paintings and sketches commissioned by the House of Seagram. The paintings of 22 of Canada's leading cities were done by well-known Canadian artists with the objective of furthering world understanding of Canadian life and to reflect Canada abroad through the distinctive character of its cities.

The first stop on the 30,000 mile tour will be made at San Juan, Puerto Rico. Other cities on the itinerary include Havana, Mexico City, Caracas, Venezuela, Rio de Janeiro, Brazil; Sao Paulo, Brazil; London, Paris, Rome, Milan, Geneva and Stockholm. Following the international tour the paintings will be exhibited across Canada in each one of the 22 cities represented.

After its Canadian tour the collection will be broken up and each individual painting will be presented to the city whose life it depicts.

Accompanying the exhibit will be brochures with full colour reproductions of the paintings and commentary by B. K. Sandwell, noted Canadian writer, on each city and on Canada to be presented to leading government and business leaders in the countries visited. Smaller booklets printed in each of five languages (English, French, Spanish, Portuguese and Italian) will also be available to the general public in each of the countries visited.

Samuel Bronfman, president of the House of Seagram, in announcing the tour, said:

"We seek to bring to the people of the world some glimpses of the Canadian landscapes and skyline. We hope in this fashion to establish abroad a familiarity with our urban civilization, and thus evoke a deeper understanding between ourselves and the people of other lands."

"The cities of Canada are the concrete result of the vision, the foresight, and the energy of Canadians. In introducing them abroad we introduce, through not the least of their achievements, the people of Canada."

The entire exhibition includes a complete portable gallery of aluminum and wood, draperies, velvet ropes and diffused lighting designed to fit the contours of any room where the exhibit might be set up on the tour. It packs into 50 large packing cases and weighs four tons. It will be shipped by air and boat.

CLEARING AUCTION SALE

Dated at Milton this 23rd day of March, 1953.

HINDLEY & ELLIOTT,
Auctioneers
George Currie Sales Clerk. 4-1
Dick & Dick, Solicitors
Milton, Ontario.

In The County Court of the County of Halton

IN THE MATTER OF an application under Section 388, Sub-Section 98 of The Municipal Act, being R.S.O. 1950, Chapter 243;
AND IN THE MATTER OF a By-law of the Municipal Corporation of the Town of Georgetown, to change the name of Factory Street to Park Avenue.

APPOINTMENT

UPON THE APPLICATION of The Municipal Council of the Town of Georgetown,
I HEREBY APPOINT the 22nd day of April, A.D., 1953, at my Chambers in the Court House, in the Town of Milton, at the hour of 10:30 o'clock, in the forenoon, for considering the By-law of the Municipal Corporation of the Town of Georgetown to change the name of Factory Street to Park Avenue; and for hearing those advocating and opposing the change.

AND I DO HEREBY ORDER that a copy of the By-law and this Appointment should be served on the Registrar for the Registry Division of the County of Halton at least two weeks before the time appointed below.

AND I HEREBY ORDER that Notice of the Application herein be published once in the Ontario Gazette at least two weeks before the time so appointed and at least once a week for four successive weeks in the Georgetown Herald.

DATED at Georgetown this 18th day of March, A.D., 1953.
4-15. W. N. Robinson, Judge.

Flood Relief Campaign Will End Next Week

Announcement is made this week by town clerk John D. Kelly, who is treasurer of the municipal-sponsored Britain-Holland flood relief campaign, that the campaign will conclude on April 1st.

To date some \$2500 has been subscribed by generous residents of town and district and it is anticipated that there will be a flurry of last minute gifts during the next few days.

A novel gift last week was \$1.80 which little Jane Hoare collected for autographs on the east of her broken arm. Jane who is the daughter of Mr. and Mrs. Charles Hoare, broke her arm while playing at Chapel Street School some weeks ago.

In addition to the money subscribed directly through the local fund, several hundred dollars have been sent through other sources and it is believed that total donations might be \$5,000 if all these were accounted for. Many New Canadians from Holland have subscribed heavily through their church organization in Brampton. A \$220 special collection at St. George's Church was sent to diocesan headquarters at Hamilton for a special fund appeal by Bishop Bagnall. Over \$170 was tallied by the Lions Club for a general fund, the money being given in jars placed in various places of business in town. Many other organizations, such as Verdun Rebekah Lodge, split their donations locally and to their national headquarters. The Rebekahs, for instance, gave \$50 locally and \$50 more was sent to their central fund.

WHY YOUNG MEN WENT
(continued from Page 4)

experience of our ancestors? Even horses and dogs show good results of several generations of progressive civilization . . . why not the human race?

If it will be of interest to people, I will be glad to give a few experiences I have had from the time I left Ontario to go west in 1902. I will tell about taking up a homestead, and how we organized schools, municipalities, agricultural societies, churches, co-ops, built roads and became interested in provincial and federal politics. There is some satisfaction in looking back on all this which we had some share in building.

THE GREEKS HAVE A WORD FOR IT

... WE MEAN the magic word that tells a mule to get going. It probably worked better than usual, recently, when Greek mule-drivers had to transport into the isolated interior, roofing materials needed for the construction of refugee shelters. The government purchased 2,000 tons of aluminum for the purpose — and incidentally licked the transportation problem.

Another nice thing about aluminum's lightness is that a given poundage goes two to three times as far as with other metals. It often means that aluminum, with all its advantages, actually costs less, too. Aluminum Company of Canada, Ltd. (Alcan).
