**LIFT!**

How would you build a 200-foot television tower without a single construction worker leaving the ground.

Here's how Bell Telephone Company did it. They made eight-foot tower sections out of aluminum tubing. Then they placed the first section within a base on the ground. Next they hoisted that section and fastened another section underneath it. They kept on repeating the process—raising the completed part off the ground by means of a hand winch. One test tower was dismantled and re-erected on another site, all in one day. Just goes to show that we live in an age of speed—and aluminum. Aluminum Company of Canada, Ltd. (Alcan)

**Mrs. James Georgetown Resident Forty Years**

A Georgetown resident since 1910, Mrs. Emily James, 67, died at her home on Academy Road last Wednesday night.

Mrs. James, the former Emily Alice Burtenshaw, was born in Bedford, England, on December 25, 1885. With her parents, the late Mr. and Mrs. Fred Burtenshaw, she emigrated to Canada in 1908 and first lived at Beamsville, where she married James Castle of Port Colborne. Mr. Castle died in Georgetown in 1915. On Christmas Day in 1919 she married George James, who died twenty years ago.

She was a member of St. George's Church and of the Legion W.A. Surviving are seven children, Fred Castle of Toronto, Mrs. Thomas Hore (Ruth) of Brampton, Gordon James of Acton, Mrs. Lovell Puckering (MargaPet), Lloyd (Bud) James, Mrs. Lorne Draper (Ethel) and Albert (Bill) James of Georgetown. Also surviving are a brother William Burtenshaw of town and two sisters, Mrs. Lorne Dunn, Acton and Mrs. Edward James, of Hamilton. She was predeceased by a daughter, Irene Castle, who died in 1926 at the age of fourteen and a brother Fred Burtenshaw who died ten years ago. Mrs. Allan Norton, Mrs. Wellington Willett and Mrs. Ernest Simson of town are step-daughters.

Archdeacon W. G. O. Thompson conducted the funeral service on Saturday afternoon at the McClure Funeral Home. Six nephews acted as pallbearers, Ted, Fred and Arthur James of Hamilton, Fred and Jack Dunn of Acton and Ross Norton of town. Interment was in Greenwood Cemetery, Georgetown.

On Friday evening, members of the Legion W.A. held a service at the funeral home, with the president, Mrs. Alex Taylor, in charge.

**Legion Notes**

THE NEWS of the Branch this week is primarily restricted to the coming banquets. On Monday night, the Legion will be host to all the lads who played hockey on any of their teams this year. A supper will be served them and it is expected a big-league NHL star will be present. Boys can get the details from their managers.

See advertisement in this issue.

AND FRIDAY NIGHT, April 24, sees the Anniversary Dinner, in honour of our charter and original members. A great deal of planning has gone into this affair, and it is hoped to be a huge success. The rooms are being specially decorated for it, and a dinner, featuring turkey is planned. It is hoped that a number of distinguished guests will be present, including the Legion president, A. B. Hulse, Q.C. Guest speaker will be Rev. Norman Rawson of Hamilton, possibly one of Canada's finest speakers. Mr. Rawson has an international reputation as a speaker, being a paid speaker at many conventions held in American cities such as Boston, Denver, and Los Angeles. His Sunday services and radio addresses from his church in Hamilton attract such crowds that hundreds are turned away. Branch 120 is very fortunate in having Mr. Rawson, a veteran of World War I, incidentally, with them for their anniversary. The latter part of the evening will be given over to a dance.

Dinner will at 7.15 p.m.

IMPORTANT. All charter members or members joining the Branch before May 1st, 1928, please leave their names with the Steward on or before this Saturday, April 18th. This is very important.

A ZONE meeting of sports off-

**Swim Pool Committee Seeks Facts and Figures**

Definite action to build a swimming pool in Georgetown may be in the cards this year.

Last week, at a meeting called to arrange plans for Coronation Day, Mayor Jack Armstrong brought up the subject and a fact-finding committee was appointed to investigate the possibility of financing a pool.

Mayor Armstrong said this year there is marked interest in a pool, with Lions Club and Legion talking about it unofficially, and articles in the Herald have made it a topic of discussion everywhere. He felt that with representatives of most organizations already assembled to deal with coronation plans, it was an opportune time to bring up the matter.

Members of the fact finding committee, who will report to a future meeting of organization representatives are: Leslie Clark, Don Barrager, Edwin Wilson, Bob McMenemy, Jack Harlow and Fred Chapman with the mayor as an ex officio member. Collectively the group represents such organizations as the Lions, Legion, Unions, Chamber of Commerce, Masons, Firemen, Odd-fellows, school board and council.

The mayor said he believes the project is too big for any one organization and that only by an all-out community effort would a swimming pool ever be built. The project has been talked about at one time or another for over thirty years and only a community wide financial campaign, with generous donations from both organizations and individuals and work parties of local people could successfully put it over.

**Lived at Silvercreek Since Marriage in 1894**

A Silvercreek resident since her marriage in 1894, Mrs. James A. Miller, 86, died at her home, lot 25, concession 7 on April 7th. She had been ill two weeks.

Mrs. Miller was the former Sarah Sophia Price and was the daughter of Robert Price and Susanah Brown. She was born in Esqueaux Township, and moved with her parents to Erin Township where her father farmed on lot 18 of the 7th concession.

Mrs. Miller was a great homemaker and devoted to her family and those around her. She was a lover of flowers and was always interested in anything which would have an influence for good. She showed patience that may never be equalled. She was a member of St. John's United Church, Georgetown.

Mr. Miller died in 1936 and she was also predeceased by an only brother, R. C. Price of Erin. Four children survive, Bernard of Acton, Laura, Mrs. T. J. Brownridge, Ashgrove, Robert and Stewart at home, and one grandson, Allan Brownridge.

The funeral service on Thursday at the McClure Funeral Home was conducted by Rev. John M. Smith, and interment was in Greenwood Cemetery. Pallbearers were William Norton, Fred Cole, Wilfred Harding, Alex McKay, Peter Miller and E. L. Miller.

**Anglican Summer Rally Planned at Acton Park**

A summer picnic at Acton for Halton Anglicans was planned at a banquet for men of the deanery in St. Stephen's parish hall, Hornby, on Wednesday.

The summer rally was inaugurated four years ago, when it was first held at Lowville Park. The next two years it was held at Appleby College. It embraces a religious service at which all county clergymen take part, with Anglican families taking a picnic lunch.

Leslie Doby, Acton, was chairman at the dinner held in the new parish hall which has been created by excavating a basement under the church. The ladies of the church catered for the dinner and guests were welcomed by Rev. J. E. Maxwell and Mark Bussell, senior member of the congregation.

The guest speaker, introduced by George Atkins, Bronte, was Rev. W. A. Young, chairman of the Ontario Agricultural College, who is well-known as an after-dinner speaker. Mr. Young interspersed his serious remarks with a good amount of humour. He stressed the value of the special summer course offered to rural clergy of all denominations at the OAC to make them familiar with the problems of the people to whom they minister and asked the congregations to give serious thought to paying expenses of their minister to attend the course.

Mr. Young's main message was what he called "The Order of the Concerned." In every church, he said, there are too many people who do not work for their religion, who are content to sit in the back seat and whose praise or criticism does not count because it is only superficial.

"It isn't opposition that breaks a minister's heart," he said, "It is indifference."

He asked those present to be concerned about their church and to share in its activities to the full.

The fall dinner of the deanery laymen will be held at St. George's Church, Lowville.

**Magician Entertains At Fire Brigade Ladies Nite**

On Friday, members of the fire brigade held their annual dinner at which they entertained their wives at the Oddfellows Hall.

A group of Rebekahs catered for a turkey dinner. A toast to the Queen by Chief William Hyde was responded to by everyone, after which the party gathered upstairs for the evening arranged by the social committee; chairman Erwin Lewis, William Ritchie, Jack Davidson, Charles Tyler and Wilfred Breen.

The highlight of the evening was magician Harry Eller of Weston and his vocalist sister, Mrs. Kitchen, who was accompanied by Mrs. Illes. Mr. Eller kept everyone entertained for an hilarious hour with his magic tricks and Mrs. Kitchen's contralto voice was enjoyed by all. The rest of the evening was spent in dancing, with music supplied by Karn's Orchestra.

cers was held in Acton last Sunday. Representatives from Branch 120 were sports chairmen Gordon King and Herb Arnold, accompanied by Norm McDonald. Big things are planned for all branches, including a crib tournament in Acton this Friday night and a dart tournament in May, here. Ball plans were also discussed. It looks like a busy season for the Branch.

*"On Wednesday nights at Kemano, the volume of business never lets up for an instant. My camera lens just couldn't get more than a third of the line-up into the picture."*

Extract from a letter written by our Manager at Kemano, B.C.

**Pay Night at Kemano**

Since December 1951, The Royal Bank of Canada has provided banking service to construction crews working on the gigantic power and aluminum project now taking shape on B.C.'s rugged mountain coast. Branches and sub-branches are operating at Kemano, Tahtsa Lake, Nechako River damsite, Kildala, Skins Lake and other strategic points in this great undertaking.

Pioneering in remote areas is nothing new to the Royal Bank. It is a strong tradition. Today, for example, we maintain offices at Churchill on Hudson's Bay, Mayo in the Yukon, and Port Radium on the fringe of the Arctic—the "farthest-north" bank in Canada. Whenever and wherever the need arises, The Royal Bank of Canada heads north with the men who are establishing Canada's new frontiers.
