Swimming Pool A Step Closer

Last Wednesday evening a fact-finding committee appointed some weeks ago to compile data about the possibilities of a swimming pool for Georgetown met at the Council Chambers.

Guest of the evening was Mr. Jack Sugarman, of Toronto, an architect who had prepared tentative plans of what he considered Georgetown needed and approximate costs, etc. Mr. Sugarman was present at the request of a friend on the committee, Sid Silver.

Various plans were mentioned, ways of financing, etc. and a chairman, Leslie Clark, was elected. A secretary was appointed, Robert McMenemy, Jr. Now that approximate costs have been found, and various methods of financing this project have been discussed, a further meeting will be called at the pleasure of the chairman, and it is hoped to meet with the heads of both industry and labour at this meeting and discuss a plan of action to present at a public meeting to be called later.

The general feeling of the meeting was that while the project is a big one, the biggest every undertaken in the community, yet it is highly possible, and with cooperation from

School Association Busy Plan Lecture in Fall

The enthusiasm with which the Wilkins Bros. lecture "India Beyond the Khyber" was received in Georgetown has prompted the Stone School Association to sponsor their second lecture "The Far East" next Fall. Plans for this event were discussed at the regular meeting of the Association held at the school on June 3rd. It was decided to hold the lecture in St. John's Hall on Tuesday, October 3rd. The result of the first lecture was most gratifying and a substantial sum was raised.

A new picture of the Queen will be purchased for the school. Mr. Earl McKay agreed to make a cash box for the Association. It was also decided to purchase a new table for the projector and Mr. John Glynn was asked to be responsible for the purchase.

The teacher of the school, Miss Marjorie Shaw, suggested that screens on some of the windows would make the school much more comfortable in warm weather. The association agreed to supply these and a committee composed of Mr. Earl Trow, Mr. Glen Spiece and Mr. W. Norton was appointed to make and install the screens.

As there is painting to be done inside the school and other minor repairs, it was decided to hold a Work Bee at the school on July 4th at 1.00 p.m. Mrs. Earl Trow was appointed social convener of this event.

Refreshments were served at the close of the meeting.
