Member of the Canadian Weekly-Newspapers Association and the  
Ontario-Quebec Division of the C.W.N.A.

### Tips Can be Helpful

A member of the Chamber of Commerce suggests that private citizens can help more than they know in contacting possible future Georgetown industries.

At present, the Chamber and the industrial committee of council pursue all leads and both have voluminous correspondence which so far has led to nothing concrete in the way of new industry.

This Chamber member thinks we are going at the problem backwards, for by the time it is published knowledge that a firm is going to move to another location, or build another branch, plans are fairly well finalized. The time to act is while plans are still in the rumour stage.

Here is where every one of us can help. We all have friends in various Ontario towns

### Something New — Road Signs

Halton now has two townships which have adopted road signs.

Trafalgar was the first township to erect signs on all road intersections. Recently Nasagaweya followed suit. This is a progressive step which it is hoped will be followed in future by Esquering and Nelson.

Of course the plan has its drawbacks.

### Pot Pourri

Mr. and Mrs. Sam Penrice and family moved on Monday into the house on Albert Street which they recently purchased. Mr. and Mrs. Vern Crawford have been tenants of the house which was built by Cyril Brandford . . . The Crawfords will live in the Penrice home on McNabb St. . . . Those who saw the Brampton centennial parade will be interested to know that W. O. Brownridge of town had a hand in decorating the float which Peel Agricultural Society entered . . . Mr. and Mrs. W. J. Hiller who moved from town to Streetsville a few years ago are now living at Lynden . . . Another former Georgetown, Mrs. H. C. Lewis, and daughter Suzanne are away on a trip to Mexico . . . Sidewalk improvements continue to be of primary interest to pedestrians. A badly needed new section has been laid along a portion of Queen Street near the station . . . Local businessman Leo Reimer proprietor of Leo's Electric Service, smashed his truck in an accident last week and was slightly injured himself, with a couple of cracked ribs. The accident happened when he was driving from town to his home at Victoria . . . Seems odd that St. Alban's Church in the Glen is sinking a well on the property when in the spring the church is troubled with too much water from the floods. However, it isn't of the drinking variety . . . Printing of voters lists and other printing connected with the federal election makes the Herald a busy place these days. There will be some bigger papers than usual too, for the next month, with three candidates and three parties trying hard to win the election in Halton . . . New clerks in both the local banks. Pauline Tyers, former Bell Tel. girl is at the Royal Bank and Belle Leslie is with the Bank of Com-

merce . . . We hear news of a former Commerce junior, Jim Vandervoort who left the bank when he was here to go west. Jim is back in Ontario again and with the bank, this time at the Atwood branch . . . Someone wants to know why the papermill continues to blow its whistle each morning at 6.45 and 7 when shift workers all go to work at 6.30. Of course, he might be biased, being a nearby resident who like that extra half hour's sleep in the morning . . . We talked recently with a Stratford man who had a "dream." He thinks the water scarcity in western Ontario will eventually be acute because of the heavy influx of industry and thinks the government should investigate the possibility of creating a huge artificial lake on level land in that area which could be fed by gravity to almost the whole section from there to Toronto. His idea is to pipe water from Lake Huron into the lake and operate it as a public utility like hydro . . . Jim Taylor of Kelmscott Farms says we understated his swine sale in a recent issue. The sale set an all-time North American record for the breed and exceeded many times the previous Canadian record. It was the second highest record in North America for all breeds, and a single animal brought nearly twice the highest previous price in Canada. That's what the man said! . . . With vacation season here, why not give the editor a break and phone in your personals about your visits and visitors. We spend the summer listening to every stray conversation and making notes about when people are going away, but there are dozens we never even hear about. We're always pleased to hear from you at No. 8 in office hours and 651 after hours . . .

He suggests that each time one of us hears a rumour, no matter how flimsy, that he report it, either to industrial chairman Doug Sargent of the town council, or to the Chamber of Commerce. These leads could then be followed up and who knows, you might be responsible for starting a chain of events which will lead to that elusive new Georgetown industry.

It's worth a try!

### P-C Nominee Speaker At Many Meetings

Local lawyer Sybil Bennett, the Conservative candidate in the federal election on August 10th is busy attending meetings about the county these days.

Last week she spoke at meetings in Nelson, Oakville and Milton, and on last Friday night she spoke to a capacity crowd in the Anglican parish hall in Acton at a eucure and dance. The Hon. T. L. Kennedy, former premier of Ontario and long-time minister of agriculture was guest speaker there.

On Monday night of this week Miss Bennett spoke at a meeting in Bronte and last night at a eucure and social held in Limehouse community hall.

### POSTPONED A WEEK HOLD ST. JOHN PICNIC

Postponed from the previous week because of rain, St. John's United Church picnic was held on Thursday at Stanley Park, Erin.

A full program of sports was carried out, and a picnic supper and swimming were also features of the annual picnic.

Winners in the races and contests included: Boys 7-8, Paul Stamp; Girls 7-8, Robert Hawes; Boys 9-10, Darwin Tost; Girls 9-10, Margaret Foster; Comic race, Ann Hyde and Bud Gibbs; Men's balloon race, Jack Runham; Girls' balloon race, Lois Denham; Boys' balloon race, Lynne Hyde; Cinderella race, Mrs. Ern Hyde, Blair Armstrong; Lifesaver, Barbara Kinrade, Tommy Forgrave; Nursery rhyme, Karen Norton, Darwin Tost; Ladies' shoe kicking, Mrs. Bob Harris.

### FARM NEWS

#### HAY, WHEAT CROP HEAVY IN HALTON

Good progress was made the early part of last week, in handling some of the 1953 hay crop — and what a crop — no one should go short of hay this year. Hay balers would appear to be the popular way of taking off the crop. Certainly under present conditions, with the shortage of labour, it is about the only solution on many farms. As one drives through the county, everything points to a heavy crop. As indicated previously the hay crop is excellent — the same is true of the fall wheat, and in general, prospects point to a better than average crop of spring grain. During the past week considerable of the corn crop was finally planted. While very late, conditions would appear to be ideal for quick germination and who knows, we may still get a fair crop of corn.

### FARM NEWS

#### USDA FORECASTS FORMER PIG CROPS

Results of the U.S.D.A. spring pig survey released on June 22nd indicate that the number of pigs saved this spring from December to June farrowings totalled 50.7 million head. This was 10 per cent less than a year ago, 5 percent below the 1947-1949 average, and the smallest spring crop since 1948.

According to the regular quarterly survey of the CDA Marketing Service, hog marketings during the fourth quarter of this year will show a decrease of 21.9 per cent from the same period last year. For Western Canada the estimated decline is 13 percent and for Eastern Canada 29 per cent. On the basis of this forecast marketings during the October — December period this year would average 131,700 compared to 168,600 last year.

The hog-barley ratio, which expresses the number of bushels of barley 100 lbs. of live hog will buy, averaged 19.4 in May 1953, compared to 17.4 in 1952; 20.2 in 1951, and 15.0 in 1950. The present ratio is the highest since the 21.2 average in September 1951. Early in June this year the ration had climbed to slightly over 21.0.

Present hog-feed margin, along with the demand and relatively high price being paid for weaning pigs would indicate that farmers may now be throwing hog production into higher gear again after an uphill climb in 1952.
