In case of rain the event will be held in Acton Arena

HARVEST YOUR GRAIN THE EASY WAY

MASSEY-HARRIS "CLIPPER" COMBINE

THE ONE-MAN MACHINE FOR SMALL FARMS

If you are a small farm operator and still harvesting your crops by the old, expensive binder-thresher method why not join the hundreds of other farmers right across Canada who are swinging over to the Massey-Harris "Clipper".

The "Clipper" is truly a one-man harvesting outfit. Its threshing mechanism is operated from a power take-off or engine drive and the operation of the machine is easily handled by the man on the tractor seat.

Why not come in to-day and let us tell you all about this modern harvesting machine... its many outstanding features... its low cost operation... and its money-making and labour-saving advantages.

Your Liberal Candidate

MURRAY McPHAIL

A candidate in this riding who has shown, among other things, that logical, independent, business-like thinking can be forgotten while concentrating on a follow-the-leader campaign, is now trying to tell the folks in Halton County all about markets and eggs.

Maybe the candidate has heard the boys talking or has read "Pocket Politics" but it's rather unfortunate that she hasn't a better understanding of the subject. Anything about markets and eggs coming from a charming woman may sound fine when it's told over the tea cups to select little groups of friends. Chit chat, to be sure, but important enough to be impressive.

However, when the same statements are made for publication by a person aspiring to represent this riding at Ottawa — and is even looking forward to being rewarded with an appointment as cabinet minister — then I say we should have a more critical eye and ear. And, among other things, we find that the candidate is now showing some concern about eggs.

In 1945, we are told, Canada shipped two billion eggs to the United Kingdom and now she ships none. The implication is, of course, that the Liberal administration made a mess of this market and that Canada is holding the biggest omelet in history. In addition, one might get the impression that the Tories had created the market in 1945 and the Liberals had come along and lost it. In the first place, there was a Liberal administration in 1945 and the Liberals aren't likely to go around "losing" markets that they helped to find. We could still sell eggs to the United Kingdom — two billion of them if the producers actually wanted it that way. But the United Kingdom cannot pay the price that the domestic market offers. And the candidate should find out something about poultry prices and eggs before allowing herself to go off the deep end with pure political propaganda. If she lived in Halton she should know that the farmers and poultry people are getting a pretty good price for eggs.

Also the Tories might be interested to know that Halton County is the centre of the largest export area of pedigreed livestock in Canada. There is a large market for pedigreed livestock in Mexico and in South America. And never before in history has the price of pedigreed livestock been so high. At the same time, we are likely to have an all-time high for hogs.

With farm cash income in Canada averaging \$2,500,000,000 per year, farmers have been able to reduce mortgage and other indebtedness to a new low level for modern times. They have been able to improve their dwellings and farms greatly, to mechanize their operations to a high degree, and to introduce many new comforts of modern living into their homes.

Liberal government action, worked out by practical farmers and in consultation with farm organizations, is helping to keep agriculture prosperous. That includes markets for farm products that will yield a return over the cost of production. And it certainly applies to the market for eggs.

LIMEHOUSE

Many Holiday Visitors With Limehouse People

Mr. and Mrs. A. C. Patterson visited at Welland and Niagara Falls a week ago.

Congratulations to Ruth McBride, pupil of K. R. Harrison, who passed her grade 8 piano with first class honours at the Royal Conservatory of Music, Toronto, recently.

Mrs. Douglas Scott is in New York this week.

Mr. and Mrs. A. Spitzer are on a motor trip through eastern Ontario.

Gloria Latimer spent last week in Georgetown.

Messrs. A. W. Norton, Harvey, Stanley and Lorne Norton motored to Meaford to fish last week-end.

Mr. and Mrs. E. Scott and family, and Mr. and Mrs. Briggs and family, were among those who attended the AVRO picnic in Exhibition Park on Saturday.

Mr. and Mrs. L. Wright, Mr. and Mrs. Lawson, Toronto, visited the S. M. Wright's Sunday evening.

Mr. and Mrs. Jasper, Toronto,

Best is Best In Lily Show

Top honours in the sixth annual show of the North American Lily Society, held in Hamilton last week-end went to C. A. (Sandy) Best of Toronto and Georgetown, son of Dr. and Mrs. Charles H. Best.

A postgraduate botany student at the University of Toronto, he won the best-in-show prizes for his Nankeen lily, the Pauline Pierce trophy, for the finest display of three native lilies, Shuksan, Mendon and Michigan Turks Cap, and the Skinner prize for showing the seedling most adapted to prairie conditions.

He also contributed the most imposing lily in the show, an eleven foot giant that towered above the other displays.

Some growers had their troubles in getting their lilies to bloom for the opening. A schoolteacher from Buffalo, N.Y., explained the problem of having all the lilies in the show bloom at the same time, was a weighty one.

"Some of these flowers were picked a month ago," he said. "They were put in refrigerators to wait out the opening of the show. No matter how much you know about flowers, you can't put them on a time schedule and expect them to come through."

Oddly enough, there were very few holdouts. The lilies filled every corner of the Connaught Hotel's ballroom and overflowed out into the halls. There were hybrid lilies that didn't look like lilies at all. There were lilies which fitted the usual conception of lilies; there were big lilies and small lilies; lilies alone and lilies in groups — but every lily in the show was truly a thing of beauty.

SMOOTHER SARNIANS TAKE LACROSSE GAME

The local N&G's lost their second successive home start when they bowed to the Sarnia Beavers 19-10 in an Intermediate OLA fixture at the Arena Wednesday night. As in the Dundas game, superior ball-handling and a smart passing attack told the story. Indicative of the local entry's lack of the latter important phase of the game is the fact that nine of their ten goals were unassisted.

Sarnia jumped into a 4-1 lead in the first quarter. In the second period the locals came to life and outscored the visitors 4-2 to bring the half time count to 6-5 for the Beavers. Midway through the third period the N&G's had an 8-7 lead and then ran into a flock of penalties. Taking advantage of extra manpower the visitors rapped in five unanswered tallies to lead 12-8 at the three quarter mark. The better-conditioned Beavers ran the locals ragged in final stanza outscoring them 7-2 to run the final count to 19-10.

Len Caruso was the big dealer for the N&G's, scoring a double hat-trick. Scotty Morrison scored twice, Zeke McCandless and Junior Beaumont had singles. No less than eleven of the Beavers shared in the scoring. Gibson paced the attack with four, Cooper fired three, Haddon, McLean, and Soper scored two apiece. Riddack, McClune, Williams, Phillips, Butler and Leharr had singles.

As for the crowd... well crowd is an overstatement. S.H.

Soccer Visitors Win Abbreviated Tilt

An Acton-Georgetown soccer match in the park on Thursday was shortened because of the Lions garden party, and the visitors won a 3-2 victory from the Wolves.

Acton fielded a strong team and Wolves had four men on the injured list from their previous game in Acton. Acton has certainly improved beyond recognition and the district will certainly hear more of them.

Wolves looked like the winning side but couldn't get goals, and an unfortunate penalty sealed their doom in this short match.

were with the Gearys.

Mr. and Mrs. Taylor, Mr. Bill and Miss Betty Taylor and Miss Annie Thompson, Toronto with the Briggs on Sunday.

Mr. and Mrs. Bob Roughley, Dale and Jane of London were with the Jack Roughleys over the week-end and during the week were Mrs. Kerr of Brandon, Manitoba. Mr. and Mrs. W. Wheeler, Toronto, Mr. A. T. H. Robinson, Guelph, Mr. and Mrs. Sorrente of Windsor.

Mr. and Mrs. Ted Morrow and Elaine of Toronto with Mrs. Lane and the H. Nortons.

Rev. and Mrs. Bradbury of Kincolith, B.C. with the Max Bradburys.

Mr. and Mrs. Robt. Cordingly, Toronto, and Larry Nevers, Silvercreek with the Earle Nevers.

Mr. and Mrs. H. G. Belf, Guelph, Mr. and Mrs. Wilbur Patterson and family, Mr. and Mrs. Russell Patterson and baby daughter, Carol, Rockwood; Misses B. and K. Rozelle, Acton and Mrs. Stuart Smith, of Weston, all with Mrs. R. and the A. C. Pattersons.

Mr. and Mrs. Lowden and family of Windsor at Miss Ivens this week.
