Norfolk Plow Model World Champ Trophy

This October crack plowmen from 12 countries will be vying for possession of a golden model of what is, in all probability, the great-great-granddaddy of the plow they use from day to day. The winner will be the first tractor plowing champion of the world.

The championship and the trophy, known as the Esso Golden Plow, will be awarded at the first world plowing championship match which will take place on the Durham-Northumberland Counties Home Farm, near Cobourg. It is being held in conjunction with the Ont. Plowmen's Association annual four-day International Match, October 6 to 9.

J. A. Carroll of Toronto, president of the World Championship Ploughing Organization, announced this week that the United States, Denmark and Belgium had confirmed their entries in the match. Competing countries now total 12.

The trophy for the world championship is being jointly offered for annual competition by Imperial Oil in Canada and other interested companies overseas. It has been designed, and is being made, by The Goldsmiths and Silversmiths Co. Ltd., of London, the world-famous company of British craftsmen which reconitoned the crown jewels for the coronation. It will cost about \$1,500.

The World Championship Ploughing Organization decided its trophy should be symbolic of plowing as an ancient art. The original of the plow selected as a model is in the London (England) Science Museum. It is believed to date from about 1721, though some of its features go back to the 16th Century. Called the Norfolk plow, it was one of the pioneer light plows in England and the continental countries, and the forerunner of nearly all modern plows. With a pair of husky horses and an equally husky British yeoman behind it, it was capable of turning over about an acre a day — about one quarter as much as a modern tractor plowman with a one-furrow plow could accomplish.

The finished trophy will be mounted on a mahogany base two feet long, one foot wide and seven inches high. From the top of the plow to bottom of the base it will stand 16 inches high. The main trophy will be held by the national plowing association of the winning plowman. The world champion will receive a copy about one-third the size.

Word of U.S. entry into the world match was received by Mr. Carroll from Alfred Larson, vice-president of National Association of Soil Conservation Districts. This association sponsors state and area plowing matches, climaxed each year with a national match. The U.S. world competitors will be chosen at Augusta, Wis., September 17 - 18. Confirmation of the Belgian and Danish entries was received from Alfred Hall, W.C.P.O. secretary in England.

Other nations competing are Gt. Britain, Northern Ireland, Republic of Ireland, Norway, Sweden, Finland, Holland, West Germany and Canada.

SOCIAL & PERSONAL

Miss Louise Matheson, Toronto, was a visitor in town last week with Mr. and Mrs. Roy Hansen, King Street.

Marion Hunter, daughter of Mr. and Mrs. A. G. Hunter, Burlington, visited in town last week with her grandparents, Mr. and Mrs. Thomas J. Fisher.

Swimming Pool Start Hoped for This Fall

In the early summer a committee was set up from various organizations in the town to get facts and figures on what a swimming pool in Georgetown would cost and to find ways and means of financing the same. Two meetings were held and progress was made, but with the advent of vacations, matters were left until the present.

The committee is composed of a chairman, Lealie Clark, secretary, Robert McMenemy, Jr. and consists of Mayor John T. Armstrong, Don Barrager, Fred Chapman, Jack Harlow, Sid Silver, Ed Wilson and Dick Licata.

It is understood that there are at least three feasible plans for the committee to explore, and this is to

be done at a meeting held tomorrow night. It is expected that a decision will be reached then as to what type of pool would be best suited for Georgetown and, if as most of the committee members seem to believe, that a pool is quite possible in Georgetown in the near future, findings as to best location, cost and financing methods will be placed before a public meeting in the near future.

Members of the fact-finding committee feel that if the public is as interested as opinions expressed by many seems to indicate, that it is quite possible swimming facilities for Georgetown could be a distinct possibility for early next year.

Stewarttown Teacher Jean Frank Married

Former teacher at Stewarttown School, and last year teacher at No. 4, Nassagaweya, Jean Frank married Fyfe Sommerville on August 15th in Ebenezer United Church. She is the daughter of Mr. and Mrs. Andrew Frank, Campbellville, and the groom the son of Mr. and Mrs. George Sommerville, R. R. 2, Acton.

Pastel gladioli formed the setting for the ceremony which was conducted by Rev. Robert Armstrong, Acton.

The bride, who was given in marriage by her father, wore a floor-length gown of white nylon net over taffeta, with embroidered front panels on the skirt, and a Chantilly lace redingote with stand-up collar, long sleeves, lily points over the hands and buttons to the waist. Her embroidered fingertip veil fell from a matching nylon headdress and she carried red roses.

Donna Frank was her sister's maid of honour in a floor-length strapless gown of cornflower blue nylon net over taffeta with matching bolero and headdress. Her bouquet was of white and yellow mums.

Kenneth Allan of Georgetown was best man and the ushers were the bride's cousin, Bill Anderson of St. Catharines, and the groom's brother, Bill Sommerville of Acton.

The wedding music was played by Mrs. James F. Evans of Georgetown. The soloist John Kitching of Guelph sang "The Lord's Prayer" and "Because" during the signing of the register.

A reception for 100 guests followed in the church parlours, decorated with blue and white tapers, and blue, white and pink cornflowers and the couple cut a three-tier bride's cake. The bride's mother received her guests in an afternoon dress of Queen's blue mesh with black accessories and a pink rose corsage. She was assisted by the groom's mother in a dusty rose crepe dress with lace insets, navy accessories and a corsage of pink roses.

Guests attended from Georgetown Guelph, Hillsburgh, Toronto, Sarnia, Montreal, London, Kilbride, Fergus, Listowel, Kitchener, Hamilton, Acton, and district. Lockport, New York, and St. Petersburg, Fla. Leaving for a trip to Montreal, New York and Vermont, the bride wore a pink linen suit with navy blue accessories. Mr. and Mrs. Sommerville will live at R. R. 2, Acton.

One Hardman Medallist Brother Accident Victim

The Hardman family are much in the news this week.

Bob Hardman, Notmandy Boulevard, reports that son Bill, who is back from a summer spent at Ipperwash cadet camp received the shield awarded to the best cadet in D Company, and narrowly missed the Governor General's medal which is given to the best cadet in camp.

Bill was Company Sergeant-Major for D Company, a position which he has filled for two years on the local high school cadet corps. Barry Timleck and Bill Leslie of the local corps also attended the summer camp.

On Monday, a letter from elder son Bud, who is a member of the Lord Strathcona Horse Regiment stationed at Currie Barracks, Calgary, tells some less pleasant news. Recently a platoon was out on a tactical scheme when an army truck went out of control on a road wash-out. Bud was in front beside the driver and was thrown twenty feet. Unconscious for some time, he spent a few days in hospital and is still bothered with a knee injury. The unfortunate driver died in hospital and nine soldiers in the rear of the truck were injured, though none seriously.

To complete the family news story, Mrs. Hardman, who is employed for the summer on the cooking staff of Camp Kennabi, boy scout camp in Haliburton, has written saying that a bush fire came close to the camp and burned out several acres of timberland in the vicinity.

Tottenham Featured On CBC Documentary

A documentary on life in a small town, in this instance the town of Tottenham, Ontario, was heard in a special edition of Dominion magazine on stations of the CBC Dominion network recently.

The documentary entitled, appropriately enough, "Small Town" was based on tape recordings and was narrated by Allan Anderson. Anderson surveyed the life and living habits of Tottenham's population of 591, traced the town's past and through tape recordings of conversations of the people themselves gave a picture of present-day activities in the little community.

With his tape recorder, Anderson took the listener to Tottenham's post office, the town's favorite gathering place; to a barn with its bellowing cattle; to the town's lawn-bowling club, and to a discussion among a group of Tottenham boys in which they expounded on such subjects as swimming, fishing and turtle hunting.

Anderson's big objective in preparing the broadcast was to get at the day-to-day life of a small town through the actions of its people. Tottenham lies forty miles northwest of Toronto, and another thing Anderson wanted to find out was what happens in a community of this size as influences of the city and the city itself creeps closer and closer.
