

## Halton Shorthorns Dominate CNE Show

S. G. Bennett of Scotsdale Farm near Georgetown, was both premier breeder and premier exhibitor in the strong Shorthorn Show held last week at the Canadian National Exhibition.

Farm manager Maurice Baker was in charge of the Scotsdale show herd which took senior and grand championship for males on that great three year old imported bull Calrossie Garden Road. They also had first prize junior bull calf and junior champion on Scotsdale Golden Highlight. In the females Scotsdale Gilda Rosewood, second prize junior yearling heifer, was reserve junior champion. In all, Scotsdale in addition to the Championships previously referred to had five 1sts; nine 2nds; six 3rds, as well as many others of slightly less importance.

**Merry Gets Reserve Senior**  
Kilburnie Orange Blossom 2nd, with manager Lionel Storey at the halter, was first prize senior yearling heifer and reserve senior champion for W. H. Merry, of Oakville. Merry Brook Farm also had the second prize senior heifer calf among other awards.

**Tops Calf Class**  
Amoslea Estelle 5th bred and owned by T. C. Amos of Moffat took the red ribbon in the strong class of senior heifer calves. Amoslea also had the third prize summer yearling heifer; fifth prize junior heifer calf; fourth on their get of sire group; third on three calves bred and owned by exhibitors; among other awards.

**Fat Cattle Awards**  
Here W. H. Merry had the 2nd prize fat steer senior calf on Merry Brook Sirloln; 4th prize summer yearling on M. B. Porterhouse. Both looked good — they sound good and later they'll taste not good but delicious. In the fat steer, junior calf, John C. Willmott's Randy Jr. was third; while in the senior calf section John B. Black, of Moffat was third; and Cliff Norrish also of Moffat, was fifth.

A NATURALIST working in the jungles of Africa uses a portable aluminum elevator to get to the top of 150-foot trees to secure samples of plant and animal life.

He simply shoots a line from a rifle over a sturdy limb, attaches it to the elevator cage and hauls himself up by working a hand winch fixed to the cage's floor.

His one-man elevator is almost certainly made of Canadian aluminum. For by putting untamed "white water" to work creating electrical power, Canada has made itself the largest exporter of aluminum in the world. Aluminum Company of Canada, Ltd. (Alcan)

**SILVER-WOOD FAMILY HEIRLOOMS RECALL MEMORIES**

Mrs. W. Norton was hostess for the Silver-Wood Women's Institute on Thursday, September 10th, with the president, Mrs. Corbett in the chair. After singing "Daisy" and repeating the Mary Stewart Collect, the roll call was answered in a most interesting manner. Each member brought a treasured family heirloom and gave the history of it. These recalled memories and brought forth much discussion of the olden days.

An invitation was read from the Georgetown W.I. to attend their October meeting — the members will look forward to this. Displays for the forthcoming Fall Fairs were discussed. Miss Isabelle Moore took charge of the meeting on "Historical Research" and called on Mrs. George Henderson, Jr. for the current events and also a report on the recent ACWW Conference in Toronto. Mrs. R. R. Corbett told of a delegate who visited her and Mrs. Ern Batkin for a few days.

Mrs. Ruddell gave a clever paper on the motto "Grow old along with me — the best is yet to be." Miss Moore read an excellent article on aprons around the world and she had a small one which had belonged to a member of her family when a child; it was about 75 years old. A pleasant tea hour followed, Mrs. Appleyard being hostess with Mrs. Norton and over the cups of tea the members looked over the dear old treasures displayed and recalled their uses of long ago.

The next meeting of the Silver-Wood W.I. will be at the home of Mrs. Batkin.

Congratulations to Mr. and Mrs. Russell Miller on the arrival of their son, Randall Ernest.

Miss Marjory Shaw is teaching at the Stone School again this year and there are 28 pupils.

**LARGE ROADSIDE PARK** at junction of Highways Five and Twenty-Four was set aside by Hon. George Doucett, Ontario Minister of Highways, as reserve in perpetuity to serve as setting for Memorial Cairn marking community near St. George where Mrs. Adelaide Hoodless, founder of the Women's Institutes was born. The organization she started in 1897 has flourished throughout the British Commonwealth nations and in other countries. She was moved to the far-reaching action by death of a son from drinking sub-standard milk.

Today, as Federated Women's Institutes of Canada joined the Ontario Federation in welcoming first Canadian assembly of the Associated Countrywomen of the World in Toronto, August 12-23, Mr. Doucett hopes that women's influence in Ontario and elsewhere will be mobilized against the selfishness, bad manners and refusal to think of others which is the cause of most traffic accidents. In Ontario alone in 1952, traffic accidents resulted in 1,919 deaths; thousands of injuries; and millions worth of property loss.

Upper pictures: House where Women's Institute founder was born, near Memorial Cairn, as the red brick school which she attended as a girl.

Lower: The Memorial Cairn, which was unveiled by Her Excellency the Lady Tweedsmuir, when Bar. Tweedsmuir (John Buchan) was governor general. Those in picture from left to right, are Mrs. J. Charlton R. R. 1, Paris, past district president, North Brant; Mrs. M. Moore, R. R. 3, Ayr, District President, North Brant; and Mrs. E. Hunt, Burford, district president, South Brant.
