

Fred forgot
one
thing...

He forgot that a bit of wood preservative*, applied at little cost when the fence was put in, would have saved him the cost of new posts now.

In the telephone business, as around your own home, we find it's better to do the job right in the first place and then look after it. It's the best way we know to avoid heavy repair and replacement costs; to save expense and give you most service for your money.

That's why we treat telephone poles against rot; why we keep our trucks clean and in good repair; why we put up exchanges and offices to last.

It's common sense if we are to keep our costs down—and the price of your telephone service low.

*If you would like to get useful information on the preservative treatment of wood we suggest you write Forest Products Laboratories, Department of Resources and Development, Ottawa.

GHS has Many Wins Four-School Meet

Complete results of last week's 4-school track meet, in which Georgetown, Acton, Milton and Erin high school students competed at Erin appear below.

Acton amassed the highest number of points on the day to win the championship, and while Georgetown did not win group honours a fair share of individual prizes came to town.

These included the Tom Watson trophy for the 880 open to Paul Barber, who won it the second year in a row and the H. Silver Memorial trophy to a girls relay team composed of Diane Harrison, Jean Engleby, Eileen Oates and Sandra Scott. This trophy was donated for the first time this year by Sid Silver in memory of his father, Eileen Oates was senior champion and Dianne Harrison intermediate champion at the meet.
