ONE OF A SERIES RECALLING OUTSTANDING PERFORMANCES BY CANADIAN ATHLETES — PRESENTED BY CANADA'S OLDEST BREWERY, ESTABLISHED 1784 —

TRANSITION: A little more than 50 years ago, the Canadian Pacific Railway introduced to Canadians their first internal combustion self-propelled rail car (inset). This month (November) the CPR is placing in service four of the very latest in self-propelled cars — the Budd RDC's. Patterned along the "Tocherville Trolley" lines, the old

gasoline-powered, single truck rail car was 13 feet long and carried 14 passengers. Today's 90-foot Budd car carries 80 passengers and is air conditioned. Old 502, the first of the breed in Canada, was also air conditioned, but in a primitive sort of way — she had open sides. Unimpressive as the old car was, she can still lay claim to being the

forerunner of the modern stainless steel, streamlined rail diesel cars which today are providing service between Montreal and Mont Laurier, Toronto and Detroit and North Bay and Angliers. The original rail car, built in 1902, operated from Montreal's Old Place Viger Station to Ste. Therese.

United Church Ladies Hold Mission, WA Rally

The first joint sectional rally of the Woman's Missionary Society and the Woman's Association was held at St. John's United Church, Georgetown on November 3rd. This is a new venture for these organizations and from the gracious welcome in the morning to the appreciative thank you's at the closing session, everyone profited by the combined experience.

Mrs. W. N. Brownridge, Presbyterian president, Georgetown, and Mrs. Dingwall, vice president of the W.A. Hornby, presided alternately. The roll call was answered by the WMS and WA presidents of this section, giving an account of their highlight meeting.

In the work of the W.A. it included bus trips, catering at Fall Fairs, and various kinds of suppers, making life members, doing Korean Relief work and projects at the church and parsonage. In the WMS field, highlight meetings mentioned were: Thankofferings, Missionary speakers and other special speakers, associate member meetings, birthday and WMS family parties, WMS church services and special Christmas meetings, — with candlelighting and carol singing.

The literature presentation from both societies was enlightening, this was carried out by Mrs. Hunter Reid, and Mrs. Gordon DeCoursey of Oakville. It enabled all ladies to get a knowledge of the many fine books available for church women. A question period made clear some points for members and created a new interest in the whole work of the church. Ballinad Auxiliary lead in an impressive worship service to begin the afternoon session, and Mrs. Kidney of Georgetown, delighted all with a request solo, ably accompanied by Mrs. Hector Bird, pianist for the Rally.
