

**PARIS MINISTER HERE
AS ST. JOHN PREACHER**

J. D. G.
In the absence of Rev. John M. Smith in Detroit, the pulpit of St. John's United Church was occupied last Sunday by Rev. Royal E. Newman of Paris, Ont. who will be remembered by many as supplying so acceptably last summer during the holiday season. He was evidently pleased with the number of boys and girls present and spoke to them about the mirror, how it reflected truthfully whatever was placed before it. A smile was returned for a smile, even a frown for a frown. And people are much like a mirror; they will generally reflect what we show to them: truth, kindness, happiness. Jesus want boys and girls to show these kind of things and His love, so as to help make the world better.

In his meditation, Mr. Newman's subject was "the church," and his text was from his scripture lesson in Matthew 18, where Jesus asked His disciples "But whom say ye that I am?" and Simon Peter answered "Thou art the Christ, the Son of the living God." And Jesus said "Thou art Peter, and upon this rock I will build My church and the gates of hell shall not prevail against it." The faith and truth underlying Peter's declaration was to be the foundation for the Christian church.

Mr. Newman is retired after 40 years of Christian ministry and during recent months has taken the opportunity to visit a number of different churches; Anglican, Baptist, Presbyterian, United and from the Salvation Army, the thought that came uppermost to him was the great potentiality of the church; the power for good it has been, still is, and can be. Driving along from Paris, he couldn't help but notice rural churches dotted here and there, with sincere ordinary folk and many boys and girls wending their way to worship. He felt that these rural churches, and such as those in a rural community like Georgetown, had a quiet boldness and faith, underlying their worship, which made a great contribution to the foundation of Christ's Church in our land; to the building foundation of our nation in righteousness, and a great influence for good throughout the world. He looked to our homes to provide the right environment in which our Christianity could best take root and grow, to be further nurtured and nourished in our Sunday Schools and churches, even in our schools and on our playgrounds everywhere, if we would be a nation exalted of God because of our righteousness.

Mr. Newman paid tribute to Hon. Lester Pearson, with whom he grew up and attended school, for his Christian character and his Christian attitude to world affairs in often difficult circumstances. He also averred that no statesman need ever be ashamed or afraid to take a Christian stand in national or world matters; that God would honor such. God created the world and He has a purpose running through it, and though this may seem to lag at times, it can never be thwarted or defeated, or as Jesus said about the founding of His church: "the gates of hell shall not prevail against it." God will vindicate every effort of His church and of His people to, establish His purpose and Kingdom on earth, wherein all shall dwell in unity and goodwill, brothers under His Fatherhood.

Mr. Newman stressed our great heritage of every kind, how much we owe to the great efforts and unselfishness of those who have gone before us, and exhorted the careless and indifferent among us to appreciate this heritage and to strive to pass on to others an even greater heritage of Christian love and faith, building Christ's church on its proper foundation and having it fulfil its rightful purpose and destiny. The choir's anthem was "Holy Art Thou."

Mrs. Bishop and V. Stein sang: "Ivory Palaces."

At the evening service Mr. Newman chose the familiar text: John 3-16 "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him, should not perish, but have everlasting life," making the theme of his meditation "that God is interested in everyone of us, you and me." God is very anxious that we should live eternal life with Him, yet gives us the choice of accepting or rejecting His simple condition: "to believe and so not perish but have eternal life." Rejecting would show that we are indifferent or careless about our higher good; that we are not sufficiently interested in ourselves as He is, as to which we chose of good or ill, content to let selfishness, pride, impurity, hatred and such like remain as part of our living, and not seeking to get them out of our lives and their places taken by love, helpfulness, purity, and peace, the eternal values and virtues. Much of this world's ill and pains, worries and fears, are deep rooted in the doubts of the soul, not having God to lean upon, rather than physical illness. An acceptance of God's simple gift, with trust, faith and prayer would often be the means of healing or greatly helping, and even where God's will was otherwise for some good reason of His own as in the case of Paul's thorn in the flesh, God's assurance

FARM NEWS

**Halton Farmers Approve
Brucellosis Program**

During the past week a meeting relative to the proposed Brucellosis programme was held in each of the four townships in the county under the auspices of the Halton Live Stock association.

All four meetings, which were chaired by Edwin Harrop, president of the association; went on record as favouring compulsory calfhood vaccination of all female calves and to this end recommended that petitions be circulated.

At all four meetings a few while favouring calfhood vaccination, expressed their disapproval of the compulsory feature. However, after hearing all features of the program discussed by Dr. Harold Worton of the Ontario Live Stock Branch, and Dr. Demude of the Halton Health Unit, with a few exceptions stimulated they were prepared to support the programme.

During his address, Dr. Worton pointed out that in the case of tuberculosis in cattle, that prior to the establishment of TB Free Areas, there were accredited herds, supervised herds, etc., but it was only after all herds were tested, that TB has been practically eliminated as a cattle disease in Ontario. The same is true, he stated, in the case of Brucellosis, and it is only by getting mass calfhood vaccination that we can hope to get the disease eliminated.

Dr. Demude stated "We of the Halton Health Unit are primarily concerned with the health of all the

would be the same. "My grace is sufficient for thee, My strength is made perfect in weakness." We are very near the peace of eternal life here, when we can say and feel — "The Lord is my shepherd, I shall not want." Our prayers go with Mr. and Mrs. Newman into another venture of their faith and trust. Albert Tost sang: "An evening prayer." He also accompanied the congregational singing.

Halton citizens and inasmuch as Undulant Fever in humans is caused by Brucellosis, we feel your programme is a progressive step and one which we give full approval."

The following key men undertook the responsibility of securing canvassers to contact all Halton cattle owners during the next two weeks.

Requesting: John M. Bird, Edwin Harrop, Stanley Matthews, H. C. Reid, Nassagaways: J. L. Chisholm, R. J. Laking, Duncan Moffat, F. Rinschert, Nelson; Frank Greenlee, Brock Harris, Ross Segsworth, Gordon Sinclair and M. T. Watson; Trefalgar: Wm. G. Booth, C. H. Lawrence, W. H. Merry, W. W. Thompson, and Walter Royle.

Remember the Lions St. Patrick's dance, Friday, March 12th.
