

You can't buy money

Can you imagine buying two or five or ten dollar bills at bargain prices? Of course not!

Money isn't sold, it is rented. It is rented the way you rent an apartment or a rowboat or a bicycle. The value in borrowed money is the convenience of use. The "rent" for money is fixed by the risk taken or service rendered.

We have developed as a leader in the consumer finance field by offering a sound money service at the lowest possible rates consistent with intelligent business policy.

Household Finance encourages wise borrowing. Our booklet, "Money Management, Your Budget", is available at the nearest branch office, or by writing our Consumer Education Department, 80 Richmond Street West, Toronto, Ontario.
