WHAT COUNCIL DID

New Homes Will Pay Water Hook-up Levy

New home owners wishing water services in Georgetown will pay an extra charge of \$40, or \$80, according to legislation passed at Monday night's council meeting.

In the future, when a new water service is required, a charge will be made for taking water from the main to the property line. The charge, payable when application is made, will be \$40 for a 1/2" service, \$60 for a 1" service, and time-and-labour plus 10 per cent for larger services which might be required for factories or commercial establishments.

The matter was introduced by water chairman Stan Allen last week, and recommended to council after the water committee had met and recommended it.

Cr. Lyons and Gray thought that the figures were too low, but drew no support for their amendment to set the costs at \$50 and \$75.

Boston Church Records Supply Historical Data

The March meeting of Enquiring W.I. was held Wednesday evening at Mrs. Bally's home, Mrs. R. Harris presiding. Mrs. Cook reported on the cook books, and had some for inspection. The topic was historical research. An article was read from a newspaper clipping and for roll call the members were asked to comment on the article, which was on the subject of "Juvenile Delinquency." The discussion was very interesting. Mrs. Walter Lawson supplied a paper taken from a book, Boston Church Records and Memories. The part read was a letter from James Hogg to his son Christopher, March 3rd, 1820, and a letter from James Laidlaw in Canada to his son Robert Laidlaw in Scotland dated York, Sept. 19th, 1810. Miss Stone exhibited a model of a bedroom made to scale. The room was built-in of the latest style. Donations were made to the collections of three funds for the victims of recent fires. Miss Applebe and Mrs. Bally were hostesses for lunch.

Junior W.A. meeting was held on Monday afternoon. Gretha Gosling chose the hymn, "Holy, Holy, Holy," and conducted the worship service. The Monday Pledge was remembered. The medical work among the children of Honan, China, Gretha read the minutes of the previous meeting, seconded by Carol Devereaux. Quilt blocks were made in the busy period.

The roads were very bad during the snow storm Friday and Saturday. One car turned around three times. We think the motorcycles should staff off the roads until they are clear of ice and snow. Several of these machines were tearing up and down Sunday afternoon leaving no space for pedestrians to get to safety.

WHAT COUNCIL DID

Charge Subdividers New "Parking" Fee

Taking advantage of new legislation which permits a town to reserve up to 5 per cent of new subdivisions for use as parks and playgrounds, Georgetown council has acted for the first time in the contemplated new Sunbeam Heights subdivision, on the suggestion of Cr. Doug Sargent.

The legislation allows for the sale of such property, subject to the approval of the Dept. of Planning, with sale proceeds to be reserved in a special fund for other park purposes. Council has accepted a cash payment of 5 per cent of the purchase price of the proposed subdivision in lieu of the exchange of property.

Council, on a recorded vote, purchased for \$2200 a plot of land from Bob Lane adjoining the new water reservoir, necessary for any future expansion of the system. The matter has been debated for several weeks, with some councillors feeling the purchase price is too high. Cr. Lyons was the only councillor voting against the purchase.

Cr. Sargent reported that an industrial firm is looking for a 10-acre site with rail and highway facilities, and that he is contacting any property owners in town who might have available property.

It was suggested by Cr. Hale that the three large mills, the railway and town might get together and provide a proper roadway over the much-used railway property which provides access to the mills.

The fire was first noticed by a neighbour, Vern Thompson, who turned in the alarm. Mr. Cook, who works in town with Ken McMillan lives on the property but has the farm and barn rented to Frank Asbeck. One cow was lost in the blaze.

Prompt action by Georgetown and Milton brigades saved George Wilson's house from being destroyed Monday afternoon when a fire started in the kitchen of the 6th Line farmhouse.
