**Legion Notes**

The regular monthly meeting of the Legion was held last Thursday evening in the Legion Hall at 8 p.m. sharp. The president, secretary and treasurer in their respective chairs. After the usual opening ceremonies the minutes of the last regular monthly meeting were read and confirmed and also those of the executive meetings during the month.

Reports of committees were given by the various committees including 'Sick, Entertainment, Bingo, and Sports. A fine report was also given by Com. Alf Sykes on the Oyster Party held recently.

Under general business a motion was responded to with a hearty vote of thanks on the successful efforts of those who looked after the oyster party. A communication was read from District Sports Officer Lou Sciarra about the Cribbage Tournament. Various requests for donations were made from different organizations. Sports chairman James brought up the subject of sponsoring a juvenile ball team and was instructed to go ahead and get further details and meet with the executive later. Decoration Day was brought up and left over, pending further information regarding other parades of that type being held at the same time, so that dates would not clash. Alf Sykes 'volun-

teered' to organize and hold a chicken fry after the regular May meeting. Also volunteering to help were Vic Torrance, Harvey Garvin and Bill Kozack. A protest was sent to District and some sports officers regarding the handling of the protest against the Branch champion cribbage team.

The president explained briefly his plans to hold a giant fireworks display on the night May 24th. The executive had already confirmed that he was to approach the town council and possibly other organizations regarding it. If successful it will be held in the park under supervision and would be much the same as the successful display held on Coronation Day last summer.

Meeting adjourned at 9:05 and sandwiches were served by entertainment chairman Herb Arnold, along with other refreshments.

HEY, KIDS! Don't forget the big hockey banquet to be held on Monday evening next (May 3rd) at 7 p.m. As a special treat for all Georgetown's embryo hockey players, Bob Goldham, local hockey star who has had such a great season with the Stanley Cup winners Detroit Red Wings, will be on hand to speak to the boys present. Bob is sandwiching this in, in a pretty tight speaking schedule, and it is hoped ever hockey player in the kid hockey will be present to hear him. He was in town on Sunday

and made arrangements to be at the dinner with the sports chairman, and later confirmed it with the writer. The dinner will be at the Legion Hall at 7 p.m. with a sports film later. It is also hoped to have that old-time hockey great and the country's greatest all-round athlete Lionel Conacher present if his parliamentary duties will allow. Gord Alcott is trying to make it, as is the chief OHA referee Pat Patterson. SO BE ON HAND, FELLOWS. A food dinner, good film, and a great hockey player on hand, all for free!

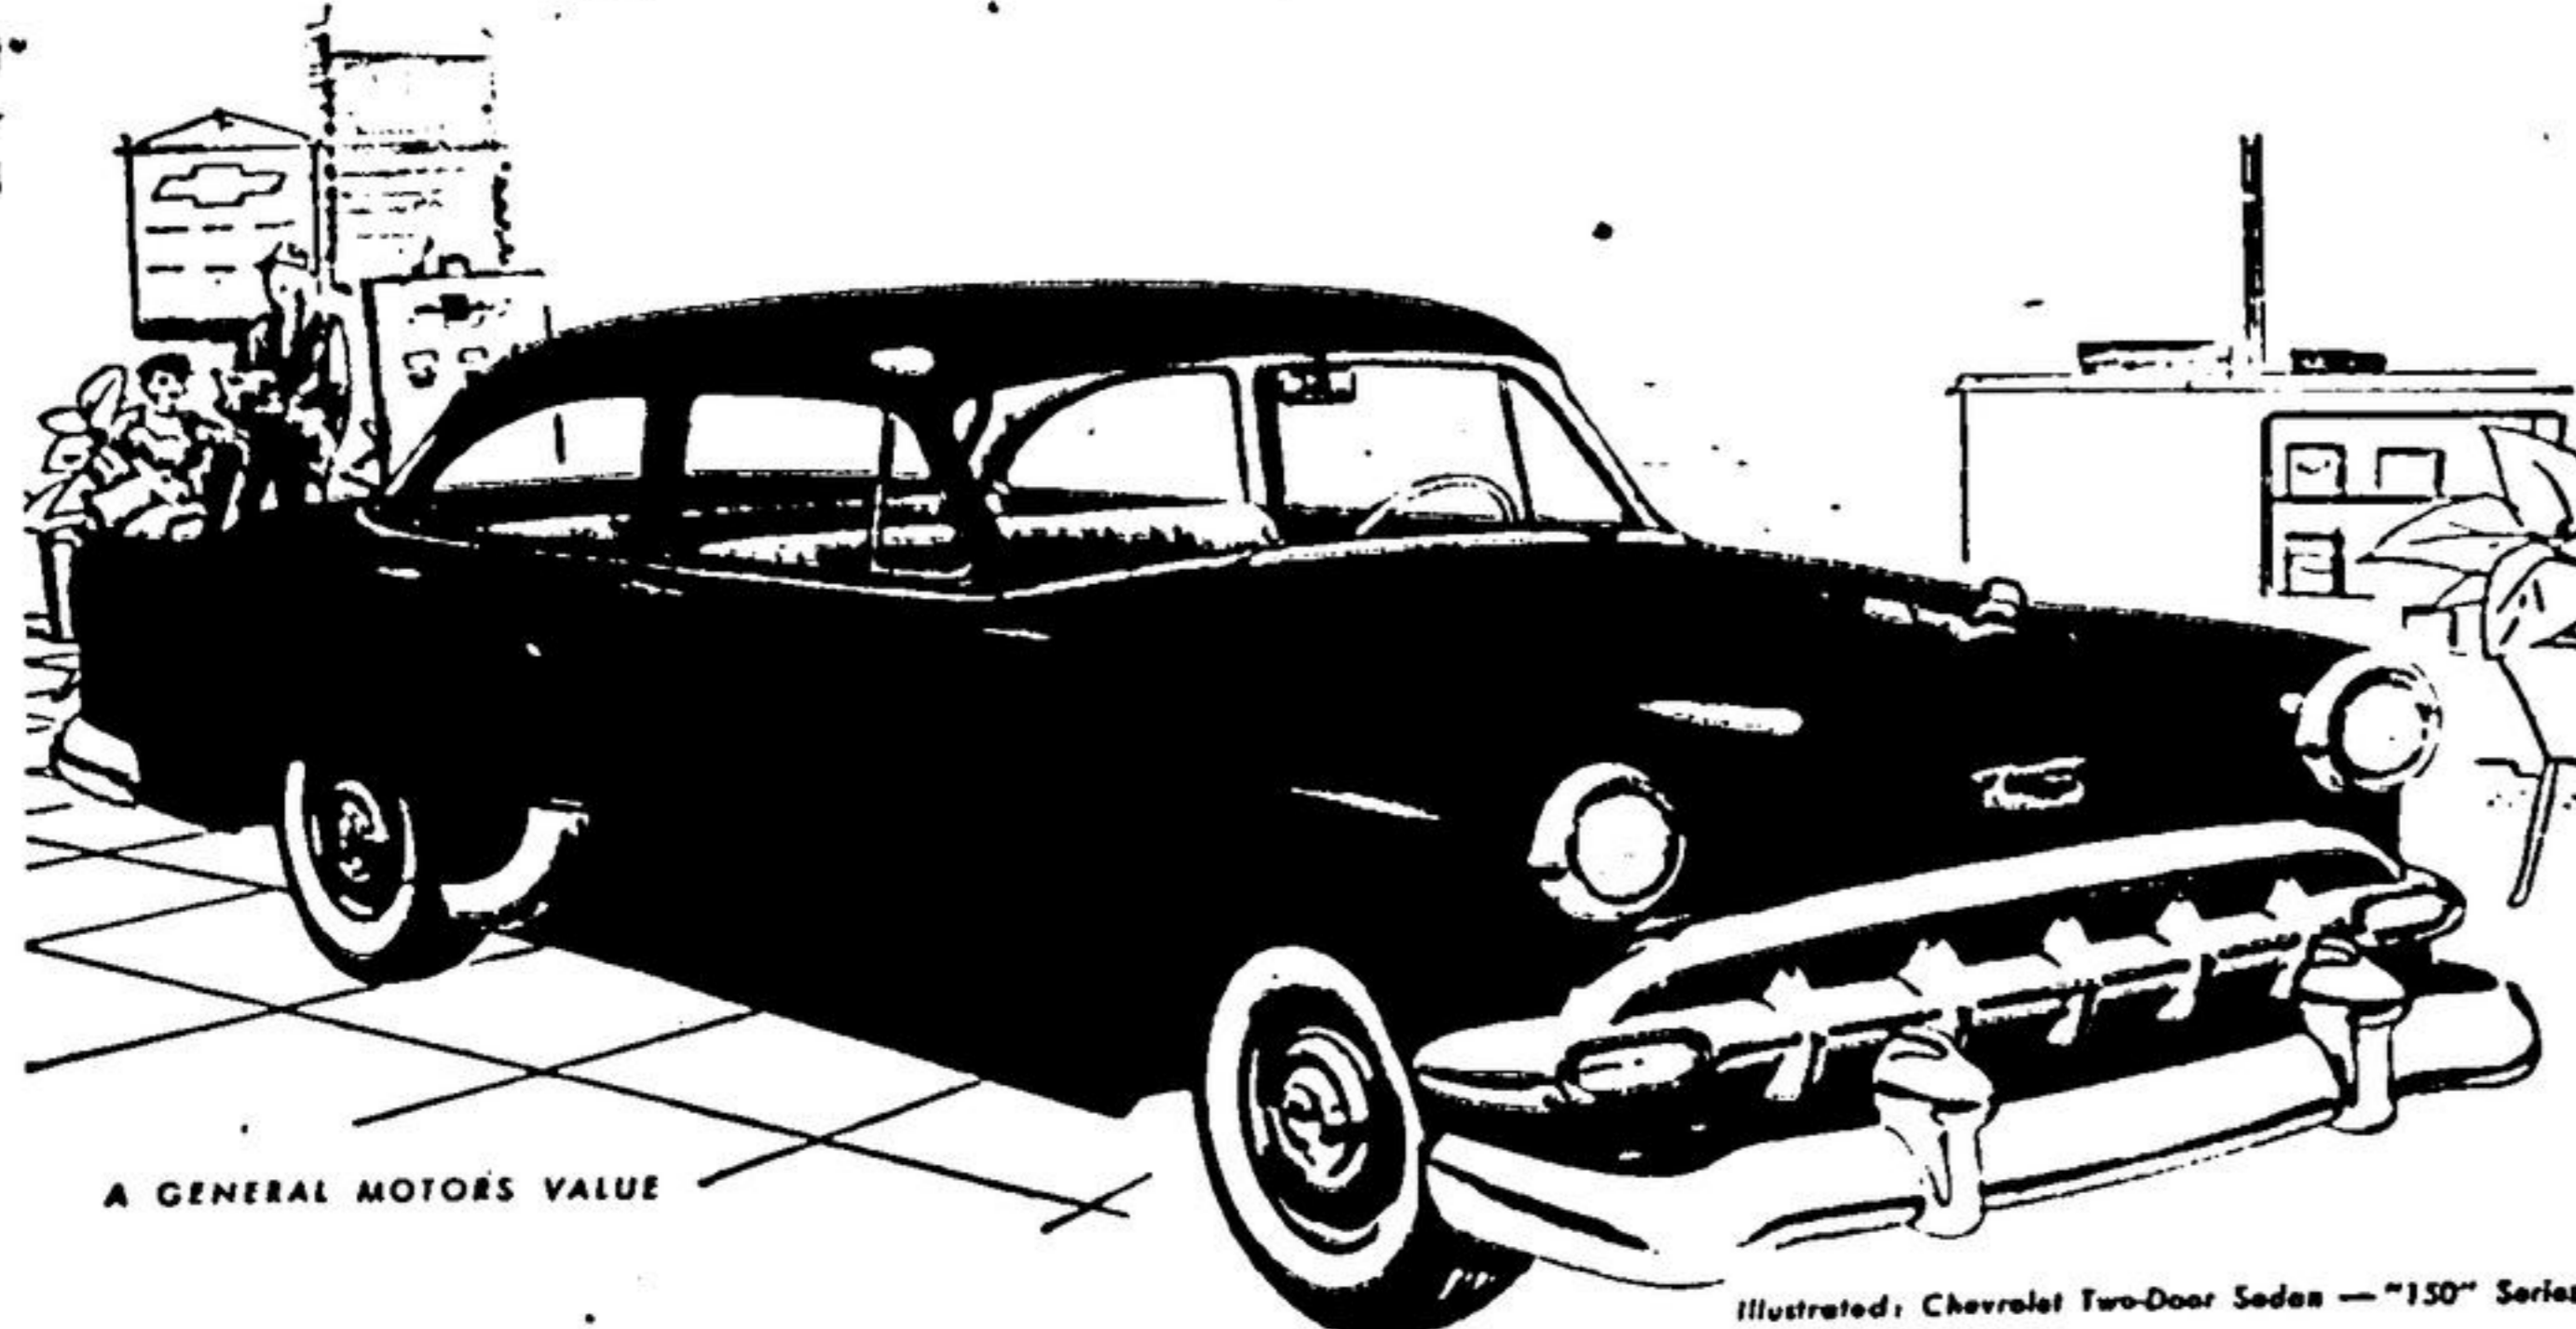

The lads seem to be getting quite a 'bang' out of the horseplay that has been taking place in this column the last few weeks. Enough seem interested to keep it up, so anything any member can contribute as long as it is above board, will be welcomed by the writer, who naturally cannot be expected to hear all the choice little bits that happen 'round the Rooms.

**ROUND THE BRANCH**

A couple of the boys seem genuinely interested in contributing to this column, Chubby and Scotty. John has already offered his services as interim reporter while the scribe is on holidays. The only catch is, as far as we are concerned, we'd still want to censor it. Altho' we're toying with the idea of letting him write it, in partnership with Chubby... we figure they'd be so busy watching each other the column would HAVE to be on the up and up... Knobby Clark is up nights just now, laying for Sykes and Torrance, whom he suspects to be interested in his chickens for the Branch chicken fry coming up — however, we hope the boys use discretion, some of the birds are so old that they were being shown in poultry shows when Knobby was a boy and that my friends is quite a long time ago... Humour has it that the boys of our cribbage team are getting themselves fingerprinted and photographed so they will have no more arguments with a number of the poor sports in the District... Fort Erie has definitely stated that they do not or will not accept the trophies back, as Branch 120 won them fairly and squarely... hope this satisfies our zone and district sports chairmen... If not we guess they'll have to get along without entries from the Branch!

Wonder who the rich man of the Branch is who's pushing a revolutionary dogma: Too much money in circulation so what do we do? Why, tear it up, of course! And proceeds to set an example. This item was only repeated because of requests of his 'friends'... With the advent of TV there came a great interest in the members to watch it at the Branch — we were jolted into an awareness of how the distorted it has come in the time the Branch has had a set when for the last Detroit-Canadian game, there were only five at the Branch to see it, according to those present... The Vets Guard had a meeting last Sunday in the Rooms... due to a mix-up of dates some arrived a day early... The dart room is taking a lot of use these days with the three dart experts, Fred, Henry and Bill willing to take on all comers... a number of card parties have been held on Tuesday evening... Our champ cribbage team goes to Preston on May 8th (if you win fellows, better get Smitty to sign saying you can keep your trophies) or they may want them back again... Zone dart tournament in Acton on Saturday... We hear that the 'fearsome six' that went to St. Catharines a few weeks back are going to St. Kitts to the District Convention there this Sunday. Wonder if Father is going along to look after them. After all when father goes any place these days he takes the youngsters to carry his bags... but serious, we'd like to just give a friendly reminder, that the bulletin board is NOT to be written on without permission. Watch it please, fellows... All the hockey managers are reminded that they are invited to the hockey wind-up next Monday night... So far the menu for the chicken fry sounds like this: Chalken legs with french fries and the trimmings...

**Why Pay More?**

A GENERAL MOTORS VALUE

Illustrated: Chevrolet Two-Door Sedan — "150" Series

**YOU CAN HAVE  
ALL THESE WONDERFUL FEATURES IN '54**

**Fisher Body Beauty — Outside and In**  
This is the new-car look Canada likes best. Longer, lower, smoother lines. Colorful new interiors with durable new fabrics. Chevrolet gives you Fisher Body beauty and quality outside and in!

**Highest Compression Valve-in-Head Engines**  
Chevrolet gives you the new kind of power that pays off in finer performance on less gasoline. The compression ratio of Chevrolet's great overhead valve engines is the highest of any low-priced car!

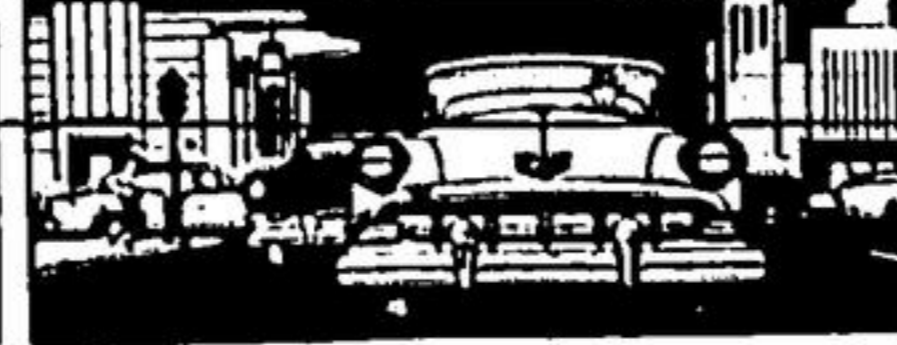

**A Smooth "Flat" Ride Like the Biggest Cars**  
Engineers call it a "flat" ride — solid, steady, road-hugging. It makes driving easier, riding more comfortable. And it comes from advanced engineering including Chevrolet's famous Unilized Knee-Action!

**Bigger Brakes for Easier, Smoother Stops**  
Chevrolet brakes are a full 11" in diameter — as large as those of many far more costly cars. This extra size provides greater braking power and makes stopping easier and safer for you.

**Highest Valve-in-Head Horsepower in the Low-Priced Field.** Two great valve-in-head engines — the "Blue-Flame 125" in Powerglide-equipped models and the "Blue-Flame 115" with standard transmission. They're unsurpassed in the low-priced field for all 'round performance and economy.

**Zippy, Thrifty Powerglide Automatic Transmission.** Powerglide's ahead of other automatic transmissions in the low-price field in more ways than one! It's the first one in the field, and it's been improved and advanced beyond all others. Optional at extra cost.

**All the Latest Automatic Power Controls**  
Chevrolet's the first low-priced car to offer the extra-cost options of Power Steering, Power Brakes (on Powerglide models) and Automatic Front Window and Seat Controls (on Bel Air and "Two-Ten" models).
