Smith & Stone Employees Wed

Two Smith & Stone employees were married on May 22nd at St. John's United Church parsonage.

Rev. John M. Smith officiated at the marriage of Shirley Marie Weatherall, daughter of Mrs. John Brown, Georgetown and the late C. F. Weatherall, and Ray David Grant Vogan, son of Mr. and Mrs. Ray Vogan, Molesworth, Ontario.

The bride wore a light blue suit, white accessories and corsage of red roses. Her sister, Marion Weatherall was attendant, wearing a pink suit, white accessories and corsage of sweet peas. The groom's brother, Lloyd Vogan, Molesworth, was best man.

A reception followed at the bride's home. Her mother received wearing a figured nylon dress and a corsage of red roses. The groom's mother wore a mauve dress and corsage of yellow roses.

Mr. and Mrs. Vogan are living in Georgetown after a honeymoon in the States. Among those attending the wedding were the bride's grandparents, Mr. and Mrs. Fred Weatherall, Shelburne and Mrs. Nellie Gott, Fiesheron, and the groom's grandfather, Mr. Thomas Grant, Molesworth.

Tom Ferrgrave

Cubs and Scouts should cooperate with the Ontario Provincial Police in their campaign against traffic accidents. One of many ways to help save lives, perhaps your own, is to learn the ten commandments for cyclists.

1. Keep to the right and near the curb.
2. Meeting traffic, pass on the right; overtaking traffic, pass on the left.
3. Turn right, close to the curb. To turn left, approach intersection as closely as possible to centre line of highway, indicate left turn by raising left arm; if no traffic is approaching from opposite direction make turn and proceed close to the curb.
4. Raise one arm when stopping or to indicate intention of turning.
5. Ride straight. Don't wobble.
6. Watch for stop-signs and traffic officer's signals.
7. Give traffic coming from the right, the right of way at intersections.
8. Do not hang on to moving vehicles.
9. Never cut in front of a moving vehicle.
10. Keep your feet on the pedals—use a light at night.

There have been many questions asked about the newest member of the 1st Georgetown Group which we would like to answer at this time. The Rover Crew consists of the older members of the Boy Scout Movement which band together to keep scouting and the scouting spirit in their blood. The uniform is similar to that of the Boy Scout with a few additions and subtractions. The training for Rover Scouts is divided into three stages: (i) The probationary stage; (ii) The training stage; (iii) The service stage. The Rover's motto is "Service" to first himself and his family; second to his church and country, and third to his crew.

The Crew has made a "canteen" which you will see at the local auction sales. This will be one of the ways the Rovers will raise funds. You will read very little about the Rovers but we will "do our best" to "be prepared" for your "Service".

To be good is noble—but to teach others to be good is nobler—and much less trouble. That is what Mark Twain says, but I am doubtful about the last phrase, since the teaching is largely through personal example; so you have to be careful.—Rovering to Success by Lord Baden Powell, the founder of Scouting.

The Rovers were on a week-end camp to Crooked Creek Camp near Markham.

Brewers' Manager Dies Suddenly

Manager of the Brewers' Retail Store here for the past two years, Walden Howard (Wally) Loudon, 41, was buried in St. John's Norway Cemetery on Saturday following a funeral service at the Ingram Funeral Home.

Mr. Loudon died suddenly at his home in Glen Williams on Wednesday. The service was conducted by Rev. H. W. Bracken.

Native of Toronto, he had been employed with the Brewers' Warehousing Co. since graduating from University of Toronto Schools, for several years in Toronto and for two years in Chatham prior to moving to Georgetown. He was district accountant in Chatham and assumed the managership here after Sam Walker's retirement. He attended St. Alban's Anglican Church, Glen Williams.

Surviving are his wife, the former Frances Clayton, and two daughters, Sandra and Donna.

Grandson Weds in Toronto Church

An evening ceremony in Fairbank Presbyterian Church on May 29th, saw Ivy Margaret Bowers, daughter of Mr. and Mrs. Sidney A. Bowers, Mulverton, make her marriage vows to Roy Alexander Bird, son of Mrs. Bird and the late A. Bird. The groom is the grandson of Mr. and Mrs. Alex. Bume of town. Rev. A. J. Jackson officiated.

Given in marriage by her father, the bride chose a bouffant gown of white net over taffeta with a slim, long sleeved bodice featuring a softly draped round neckline accented with pearls. Her fingertip circular veil was caught to a wide lace band trimmed with lily of the valley. She carried a cascade of pink and white roses. Gowns of net over taffeta in shades of pale green, mauve and yellow, were chosen by the bride's attendants, Jean Hawkes, maid of honour, Mrs. Eileen Bird, Mrs. Ella Miles and Marilyn Ivens, flowergirl. They wore matching picture hats and carried baskets of harmonizing flowers. Jim Hood, Niagara Falls, N.Y., was best man. Dennis Bowers, Donald Bird, brother of the groom, were ushers. Bill Ely was ring bearer.

Receiving at Fairbank Hall, the bride's mother wore a pale blue lace over taffeta gown with navy accessories assisted by the groom's mother in a rose beige gown with navy accessories. The couple left for a wedding trip to the United States, the bride travelling in a navy bengaline coat dress with white accessories.

Institute Sees Movies Florida, Acton Scenes

Movies taken by Mr. A. Mason, Acton, which showed views around his Acton home and his winter home in St. Petersburg, Florida, were shown by Mrs. Harold Cleave at last week's meeting of Georgetown Women's Institute.

Members attended the meeting Wednesday at the home of Mrs. Herb Cleave, Durham Street, and answered roll call by naming a flower or vegetable starting with the first initial of their name.

Mrs. Seward Wilson gave a full report of the District Annual held recently at Campbellville. President Mrs. Frank Petch, who attended a conference of presidents in Guelph, gave details of what had transpired at that meeting.

Quilt blocks were distributed by Mrs. W. G. Bell and members were asked to add to these and complete as many quilts as possible by the end of the year for shipment to Korea. Clothing is also being gathered for a Korean shipment this week.

Mrs. V. Rawson and Mrs. Petch are in charge of arranging a mystery trip for members, and Mrs. Jack Williamson and Mrs. S. Robin are in charge of an exhibit for Milton Fair. The Institute Holiday at Guelph OAC was announced for July 12 - 18 and several members of the local W.I. are planning to attend.

FARM NEWS

WORLD JERSEYSTS TOUR HALTON FARMS

The week of July 10th will see the World Jersey Bureau meeting in annual session at the Ontario Agricultural College. The week's programme calls for the group spending the afternoon of July 22nd in Halton, when they will visit four of Halton's outstanding Jersey herds, those of Gerald R. Graham, Georgetown; Ken Ella & Sons, Hornby; Featherstone Bros., Oakville, and M. C. Beaty, near Milton. The tour is scheduled to conclude with a picnic supper at Lindale Farm, where the party will be guests of the Halton Jersey Club.

The Federal government's Old Age Security Fund can hardly be self-supporting despite taxes that were supposed to make it so, for in October, 1963, the Govt. decided to lend the fund \$1,300,000.

RAIN MARS LADY GOLFERS' OPENING

Rain interfered with a full day's program when lady members of North Halton Golf & Country Club held the first of a series of afternoon tournaments last Tuesday.

Between showers, members played in pairs and afterwards a salad plate supper was served with bridge following in the evening.

Prizes were given for putting, and Mrs. S. W. Orr was first in her group. Mrs. Kenneth Langdon winning a cut for second prize in a three-way tie with Mrs. E. W. Binkley and Mrs. William McNally. In the second group three tied, Mrs. Kent Blow, Acton, Marilyn Bell and Isabel Thompson.

NOW IS THE TIME to feed nitrogen-hungry corn and pastures

... and AEROPRILLS, Fertilizer Grade Ammonium Nitrate, with 33% nitrogen is ideal as a fast acting nitrogen source—easy to handle—low in cost. Corn and pastures now coming into the "cash stage" require twice the amount of nitrogen of other field crops. Lack of nitrogen in this vital "pay-off" period can rob you of your time and investment to date.

Side dress your corn with Aeroprills when 12" to 18" high to get those EXTRA bushels. Satisfy those nitrogen-hungry roots in the home stretch—results will amaze you.

Top dress your pastures now with Aeroprills to boost your hay crop or increase your milk cheque. Easily applied, Aeroprills gives even distribution and astonishing results. Pastures are now at their peak of nitrogen requirement—now is the time to feed Aeroprills.

Aeroprills are in full supply—see your farm supply store.

NO. 5 IN A SERIES ... YOUR HYDRO AT WORK FOR YOU AND YOURS

YOUR HYDRO Safeguards Ontario's Airlines

Today ... tonight, airplanes wing their way along the airlines of Ontario, guided surely on their course by beams of electrical waves. A dependable supply of low-cost electric power has been a major factor in making air transportation in Ontario, safe and economically sound. Electricity supplied by Ontario Hydro powers all major installations in the Province's airports.

It operates the transmitters that bring last-minute weather reports, the radar and direction finding equipment that enables the crew to "see in the dark", and the modern, airport signal and guide lighting that has helped to reduce hazards to a minimum. It is another example of ...
