HYDRO SAFETY DEPARTMENT

Savings Through Safety

Ontario Hydro has always recognized that safety devices alone do not eliminate accidents. A special Safety Department carries out a continuing, comprehensive, educational safety program and in addition periodically checks equipment and reviews the safety methods employed in the Commission's widely diversified day-to-day operations. The marked reduction in major and minor injuries to Hydro personnel is a source of satisfaction and has undoubtedly assisted in maintaining the high standard of service associated with the name, "Hydro."

ENTER A HYDRO AT WORK FOR YOU AND YOURS
Information concerning Ontario Hydro can be obtained by writing to your Hydro Chairman, 621 Bloorville Avenue, Toronto.

DO YOU KNOW?
During 1963, Ontario Commission employees and those of their wives were awarded medals and certificates for rescue and resuscitation work by the Canadian Electrical Association and National Safety Council.

STEP IN and DRIVE

TRY FORD V-8 BEFORE YOU BUY

This invitation comes from your Ford Dealer. He's inviting you to get behind the wheel of a Ford V-8 and compare it with any other car in its field. He's willing to bet that Ford's performance will be an eye-opener to you, because it's based on V-8 power—from a great V-8 engine made by Canada's most experienced V-8 builder.

He's sure you'll be impressed when you discover that Ford has the smooth ride and the road-holding steadiness that maybe you thought were available only in cars costing a lot more. He believes you'll find that Fordomatic Drive operates more smoothly, more quietly and more efficiently than any other transmission on the road... and that Ford's power features—"Master-Guide" Power Steering, Power Brakes, Power Seat and Power Window Lifts—take practically every last ounce of effort out of driving.

He's convinced that when you add everything up you'll know why Ford is Canada's best buy. There's a Ford waiting for you to try, at your Ford Dealer's now. Step in and drive.
