"Royal" Presidents Have Tea Together

A highlight recollection of a British visit for Mr. and Mrs. S. G. Bennett is a tea during the British "Royal" at Windsor which the couple attended and at which Mr. Bennett sat at Queen Elizabeth's right.

The Bennetts returned home recently after visiting with his sister, and her husband, Mr. and Mrs. R. C. Bennett in Surrey, One of Canada's top short-horn breeders on his Scedale Farms adjoining Georgetown, Mr. Bennett is also president of the Royal Winter Fair and it was this which brought him the signal honour at the Royal tea, for the Queen is president of the British "Royal".

Mr. and Mrs. Bennett attended the Royal and also the Highland Show at Dumfries, Scotland during their stay in Britain.

Mrs. M. Madill was hostess for the August meeting of the Woman's Association on Tuesday afternoon. Psalm 743 was read in unison after the usual opening creed and hymn. A lengthy business period then ensued during which further repairs were planned for the manse and another quilting was arranged for. The W.A. also plan to assist with a booth at several local fairs this fall. A woollen blanket was purchased and will be donated to Cedarvale School at Georgetown. The roll call was answered with "Bring a parcel, buy a parcel" which added considerably to the funds. Mrs. Smith gave a reading on "Friendship" stating that life without true friends would be very dull. The meeting closed with a hymn and prayer. Lunch was served by the hostess assisted by Mrs. McLean.

"It's Astounding"
...that your policy paid me more in dividends than I paid out in premiums" ...
says Mr. R. B. Blyth

Robert Bayne Blyth,
4499 BROADALE ROAD, CLEVELAND 9, OHIO
25 January, 1954

The Mutual Life Assurance Company of Canada,
Waterloo, Ontario.

Gentlemen:

Let me express my deep appreciation of your promptness in forwarding the cheque in settlement of the quinquennial dividend on policy 83970. I want also to express my great gratification at the results of this policy, taken out by me when I lived in Victoria, B.C.

Not long after I took out the policy, it seemed advisable for me, for health reasons, to come to this country, where I have been ever since. Had I remained in Canada, I certainly would have bought more insurance with your Company, but living on this side of the line, I secured several policies from other companies. While I have been pleased with the records of some of these policies, none of them compares favorably with the one I have with The Mutual Life of Canada.

It happens that we have five children, for each of whom I took out a policy when they were in their 'teens—in five of the better companies in this country. But none of these policies show a record that compares favorably with the record of the policy I hold with you.

I presume you have the policy result before you. It is one of which you may be proud. To me, it is astounding that I should have received in dividends from the policy an amount more than equal to the total amount of the premiums I paid out—while the policy still offers the protection it always did. It is a marvelous record for which I am profoundly grateful.

Sincerely yours,
R. B. Blyth

You have full permission to use my letter of January 25, 1954, in any way you deem best. I shall be highly gratified if it can be used to call attention of a wider public to the advantages offered by your company.

R. B. Blyth
