## Beat Streetsville, Enter Lacrosse 'A' Playoffs

Georgetown N&Gs enter the Intermediate A lacrosse playoffs on Thursday night. They are host to Sarria here that night, and play in the oil city Saturday.

The team, trailing Streetsville 2-1 in games, finished brilliantly in their series with that team when they eked a win in overtime Wednesday to tie the series, then took Friday's match 18-7.

Streetsville places in Intermediate B and will play Wallaceburg in that league.

N&Gs 18 — Streetsville 5  
Five goals in overtime resulted when Georgetown put on the power play Wednesday. Rutledge in the Streetsville nets and Cuthbert, last year's regular goalie, sparked both teams as the play moved at a fast pace from end to end. Four fights and 8 minor penalties provided a rough game. Hillson paced the winners with 4 goals, McCandless had 3, Len Caruso 2 and Moddison a single.

**Injuries on Friday**  
Len Caruso got a 6-stitch cut over the cheek and Streetsville's Widdis received a broken nose on Friday. During the third period only one goal separated the teams, but Georgetown pulled ahead slowly to take a commanding lead 18-7.

Benett must have thought D. Chard was his shadow, the way he was being checked all through the series. Cuthbert, showing excellent form and very steady in the net, picked up one assist.

## Thirteen Ways to Ruin Your Town

Reprinted from Civic Administration Magazine

The citizens of Perth, Ont. (pop. 5000) have formed an association for the industrial development of their town, certainly one of the most beautiful in Canada and as a start raising a fund of \$75,000 to buy two and a half acres of industrial land and a factory which stands on it.

The Perth Courier has strongly supported the project but comments editorially in a recent issue that "no space at all has been devoted to suggestions for the reader whose ambition is to do nothing for his community."

The paper then proceeds to list 13 pointers on town planning, "designed especially for the backward citizen," as follows:

1. Don't pay taxes. Let the other fellow pay his. Vote against taxes. Then fuss because the streets are not kept up.

2. Never attend any of the meetings called for the good of the town. Wait until you get outside and then fuss those who made the suggestions. Find fault with everything that was done.

3. Get all the town will give you, and don't give anything in return. Write unsigned letters to the editor demanding more for your tax money.

4. Talk co-operation, but don't do anything for your town unless you get paid for it. And by all means refuse to serve unless you are chairman.

5. Never accept an office. It's easier to criticize than do things. Accuse anybody who serves in an elected office of being a publicity seeker.

6. Don't do anything more than you have to. When others willingly and unselfishly give their time to make a better town, howl because that town is run by a clique.

7. Don't back your fire or police departments. If the firemen work to bring the insurance rates down, tell everybody that is what they are supposed to do. Don't thank them or the policemen for endangering their lives that you might have a safer town in which to live. Demand special treatment, raise Cain if anybody expects you to obey traffic and parking laws.

8. Look at every proposition in a selfish way. If you are not the one that gets the most good out of it, vote against it. Never consider what it will do for the town as a whole.

9. Don't do anything for the youth of the town. Criticize them as potential delinquents. Keep your feet on them. Encourage them to move away when they grow up.

10. If you have good town leaders don't follow them. Take a jealous attitude and talk down everything they do.

11. Don't work on any committee. Tell them "I'm too busy."

12. Don't say anything good about your town. Be the first to point up its shortcomings. Pretend that if trouble comes your way it will be residents of some other town who will visit you while you are ill, bring in the fire department if your home is burning, comfort you if you lose a dear one, stand back of you in disaster.

13. And don't support your local retail stores and industries. Claim the prices and services in stores in other towns are better. Claim industry hurts the town. But if you need a donation, ask your local stores and industries for it. Expect them to back you, but don't back them.

If these 13 steps "don't ruin your town, it isn't the fault of the backward citizen. At least he can be sure he did his damndest."

**WHY DO COWS LEAVE HOME?**

During 1953, Dairy Herd Improvement Association Supervisors made a survey in their respective groups to ascertain the reason for disposal or sale of cows. The summary reveals that 23.4 per cent of those disposed of were sold because they were low producers; 17.8 per cent left-home because of sterility; 16.7 per cent for dairy purposes; 10.5 per cent because of udder trouble; 9.0 per cent due to Bang's Disease; 7.3 per cent sold for export purposes; 6.3 per cent went because they were low testers; 4.9 had to leave because of injury; 2.9 because of old age; 1.3 per cent were TB reactors. Export sales were abnormally low because of the effect of the embargo in operation for part of the period.

**GRAIN CLUB MEMBERS VISIT LAWSON MILL**

The seed cleaning plant of Walter Lawson & Son, Stewarttown, was the scene of a joint meeting of the Halton and Peel 4-H Grain Club members on Tuesday evening. Associate Agricultural Representative Art Bennett, assisted by Club leader Fred Nurse, and Messrs. Walter and Bob Lawson, staged a most interesting programme which included demonstrations on the large power cleaner, the Carter disc grader and Seed treader.

The club members were also given some training in the judging of cereal grains. The Halton 4-H Club also completed plans for their club display which they plan to enter in the Inter-Club educational display class of the Special Junior Farmer and 4-H Club Section at the Milton Fair on September 24 and 25.
