RURAL MANAGERS**

**Planners for Better Living**

Ontario Hydro has 108 Rural Operating Areas. The manager, with headquarters in the Area Office is a specialist in rural electric supply. He is an authority on the most practical and the most economical use of power. But his prime purpose is maintaining a dependable electric service to all his customers... providing a low-cost hired hand to speed work on the farm, and help make life in Ontario's rural areas, comparable in convenience, comfort and efficiency to that in the largest cities.

**DO YOU KNOW?**  
Since 1949 your Hydro bill does not show the number of kilowatt-hours used. It shows the number of kilowatt-hours used and the number of kilowatt-hours available.
