BOING!

MODERN ALUMINUM alloys seem tough enough to take almost anything. For instance, one manufacturer uses aluminum for those little electrically driven cars the kids love to climb into at carnivals and fairs. The idea is to whirl around at high speed exchanging spine-shattering bumps with other "motorists". They actually stand up under this treatment (the cars, we mean). Our own Alcan researchers are constantly developing and testing new applications, better products, improved production techniques. There's always something new in aluminum! Aluminum Company of Canada, Ltd. (Alcan).

### "Old" at 40, 50, 60? Men! Get New Pep Quick

Get rid of the crazy idea that you have to be old at 40, 50 or 60. Just try a little "pep-up" with Oxy-Tone Tablets today. For weakness, loss of energy, lack of pep and tired-out, run-down feeling due to lack of iron which you may call "getting old". Restlessness, nervousness, irritability and stimulation. Helps both men and women. "Get-acquainted" size only 60¢. At all druggists.
