QUICK
KNOCKDOWN
THE NEW BOXING ring recently installed in Madison Square Garden can be knocked down almost as fast as some fighters we could name. This is important to the Garden, with its quick-change schedule of sports events, from boxing to basketball to hockey and back to boxing again. Made of lightweight aluminum, this ring promises to be more than a match for the toughest heavy-weight.

Aluminum is constantly making news in our own sports world. Anglers, yachtsmen and other strenuous types go for the light, strong, non-rusting equipment made by Canadian manufacturers from Canadian aluminum. Aluminum Company of Canada, Ltd. (Alcan).

Legion Notes

Thursday evening of last week was the regular monthly meeting of Branch 120, with the largest crowd on hand in a good many meetings. The president opened the meeting with the usual ceremonies, and after the roll call of officers, the secretary read the minutes of the last regular meeting (in June, before the summer recess), and the executive meetings held during that time. The minutes were adopted and accounts passed. One letter was read under correspondence, dealing with the resignation of the entertainment chairman. The financial report was given and was quite a lengthy one. The reports of the various committees were presented and were all very satisfactory.

Under general business a comrade brought up the subject of the Xmas draw saying he thought it should be dispensed with and possibly the money for the Christmas Tree taken from some of the sports we sponsor. The president pointed out that it was too late to do anything this year regarding this year, but the subject could be reopened next year if the member so wished. The Poppy day chairman asked for volunteers in this work for Poppy Day.

The president said that plans were underway to further the annual Remembrance Day supper, and it was hoped to have an outstanding speaker present. Questions were asked regarding the proposed air conditioning system, and the answer was given that it would be installed as soon as the hydro change-over took place. The big discussion of the evening was regarding the future of the Friday night dances and it was finally moved that they be started again. Sam Tennant was elected as entertainment chairman for the balance of the year. It was moved and passed unanimously to once more sponsor all kid hockey in Georgetown, as in other years. Various other small items of business were dealt with the meeting, which had opened at 8:10, closed at 9:25.

Les Clark then said that while the cooks of the evening were getting the hot beef sandwiches ready, the group were fortunate enough to have one of their members present whose hobby was photography, and he was going to show some of his films, taken locally, on trips, and a hunting trip on the Manitoulin. Pictures of the coronation day parade were also shown. The group received Don Barrager's pictures enthusiastically and he received a very hearty vote of thanks for his efforts to make the evening such a huge success. The chief cook, Vic Torrance then announced the beef sandwiches were ready and the meeting demolished some sixty lbs of beef in short order. Jack Wareing then took over at the piano and the evening ended with a good sing song.

The committee of the evening, under the leadership of Vic Torrance are to be congratulated on the wonderful evening provided. The consensus of opinion was that this was one of the best evenings held in the Branch.

ROUND THE ROOMS

Sam Tennant tells us the Friday night dances will start again this Friday night. The sports chairman held a hockey meeting on Sunday, and we understand registration is going to begin this Saturday. We believe another meeting will be held in the near future. Rumour has it that one of our members has taken up riding as a hobby. Seems he started at the "bottom," riding a Shetland pony, and hopes for a big future in the riding game. He says there's lots of room for improvement, though, he got on it six times — and was thrown off six times! Thanks go to Albert Livingstone for roasting the beef for last Thursday night's affair. Wonder what we can dream up for next meeting? The Horseshoe Team went to Woodstock last Saturday, and although not victorious, managed to place in the semi-finals in the two events they entered. Gord King tells us he's now open for engagements as emcee. Congratulations to Scotty Patterson for winning the trophy as "most valuable player" in the Brantford football league. He received the award last Monday night.

Groceries, Flowers, Prizes
Cooking School Big Success

St. John's Hall was well filled on Monday and Tuesday nights when members of the Boy Scout Auxiliary sponsored the Monarch Cooking School.

Miss Greta Weiner, who has travelled from coast to coast for the company as a home economist, was in charge. On Monday, Vince Mountford, Brantford was master of ceremonies and Mrs. George Glassford pianist. Thursday night Mayor Jack Armstrong took over as emcee and Mrs. John Barber played the piano.

Two dozen shopping bags filled with groceries were given away each evening, and there were a number of special prizes as well. Some of the delicacies made on stage were given to members of the audience. Door prize, a Sunbeam toaster, donated by the auxiliary was won by Mrs. Albert Livingstone. Rose Dale Floral presented flowers each night to the oldest lady present, those being Mrs. William Frank and Mrs. James Seddon.

Birthday prizes were donated by Eatons and Simpson-Sears, and winners were Mrs. Watson Winfield, a lazy Susan, and Mrs. William McDonald, a towel set.

Monday night's winners of shopping bags were Mrs. Matt Law, Mrs. William Frank, Mr. H. Hughes, Mrs. Garfield McGilvray, Mrs. Watson Winfield, Mrs. Herb Graham, Mrs. William McClements, Mrs. Norman Fendley, Mrs. W. Hunter, Mrs. Harvey Armstrong, Mrs. W. J. Baking was presented to Mrs. Blake Leshe, Mrs. Alex Kean, Miss Anne Tucker, Mrs. Jack Saunders, Mrs. Pius Rau, Mrs. Charles Benwick, Mrs. William Ganton, Mrs. C. Carey, Mrs. Harold Gilmer, Miss Marjorie Iman, the emcee and pianist, Mr. Armstrong and Mrs. Barber, and caretaker Mr. Seward Wilson.

The committee which arranged the cooking school comprised Mrs. Joe Emmerson, Mrs. Frank Seddon, Mrs. D. Kidd, Mrs. Albert Livingstone and Mrs. Garfield McGilvray.

Fire Prevention Week is a good time to check fire hazards in your home and to clean your furnace. Fire prevention is important to everyone.

FARM NEWS

Choose Three Halton Seedmen, Winter Wheat

Three competitors in the Sixty Bushel Winter Wheat Club, sponsored by the Halton Soil and Crop Improvement Association, exceeded the 60 bushel mark in their respective yields. Topping the list is Fred Nurse, of Ashgrove, with a yield of 67.2 bushels per acre. Next in line comes Ernest Pell, of Omagh, with 64.8 bus. per acre. In both cases the variety was Genesee. Calvin Aitken, of Acton, with a field of Cornell 595, was in third position with a yield of 62 bus. per acre.

Those exceeding the 50 bus. mark, were as follows:
A. M. Sherwood, Burlington, variety, Cornell, Yield 58.8; Wm. A. Brain, Hornby, Dawbald 50.4; F. O. Hunter, Norval, Cornell, 51.2; Walter Hoyle, Oakville, Cornell, 52.

1954 marks the first year that Halton growers participating in this competition have exceeded the 60 bus. mark. The average yield of the thirteen growers participating in the competition was 50.8 bus. per acre. In all cases small plots were cut at four different points in each of the threshing and calculation of the yields were done at the Ontario Agricultural College, Guelph.

Fred Nurse, Ernest Pell, and Calvin Aitken, will represent Halton in the inter-county competition at the Royal Winter Fair.

FABIAN
of
SCOTLAND
YARD

Can a woman hate her husband so much she would help to hang him? The answer is apparently "yes" when Inspector Fabian tackles the sinister case of "THE TROUBLED WIFE", another true life mystery from the files of Scotland Yard. Don't miss this stirring episode filmed in authentic London settings especially for television.

NO. 9 IN A SERIES... YOUR HYDRO AT WORK FOR YOU AND YOURS

YOUR HYDRO
... power to
scan the skies

In our constantly shrinking world, the field of electronics assumes increased importance daily. One of the great marvels is "radar", and here again Ontario Hydro plays a vital role.

Hydro generates much of the power for the "radar" at our airports and defence stations... an alert guardian of your safety and sentinel of our Dominion's security.

Radar is another way in which today's advanced electronic equipment, made possible through electricity, contributes to our way of life... another example of...
