MEMORIALS

CASELEY—In fond and loving memory of a dear husband and father, Herbert Caseley, who passed away October 25th, 1953, as the result of being struck by a car.

His weary hours and days of pain, His troubled nights are past, And in our aching hearts we know He has found sweet rest at last. —Ever remembered by his Wife and family.

SALMON—In loving memory of our dear mother, Mrs. A. Salmon. We often smiled at her, who held her dear— She planted things at any time of year. The wrong way up, or sideways, surely doomed, And yet for her, we found they always bloomed.

Her lovely gift is called the touch of green, And all around her growing things were seen. She watched each leaf and every bud unfold And lift to her its verdure or its gold. And on her grave, the white she lies serene. The little growing things she loved are green On cold, unfriendly soil, in struggle sure. They somehow manage to exist for her. And maybe, who can tell, above the skies, That never shone more blue than her dear eyes. The Father bids her tend the flowers gay. We shall know where to find her some sweet day. —Rev. R. O. D. Salmon, Anne E. Watkins.

SMETHURST—In ever loving memory of a beloved husband and father, Sgt.-Major Albert J. Smethurst of Limehouse, who died in Christie St. Hospital, Toronto, October 20th, 1942. —Wife and family.

We especially wish to thank Dr. A. McAllister, the Rev. Arkwright for his consoling words, all the donors of the beautiful floral offerings, the pallbearers and the Turner Funeral Home, Orangeville for their kind, efficient management of the service. —Mrs. Mary E. On Saturday, an immersion service was held. At a later session, a film "The New World Society in Action" was shown, depicting how millions of publications are printed in the nine-storey factory in Brooklyn, N.Y.; and the 500 people who are voluntary workers there — all in the interests of Bible education. The main talk of the assembly "Does God Really Care," was given on Sunday by C. E. Hepworth, District Minister, to over 850 people. The speaker emphasized that God does care; that man has forgotten God, not God abandoned man. He further showed that the earth will remain forever. COMPLETELY RE-STYLED CHEVROLET FEATURES V8 ENGINE

The futuristically designed 1955 Chevrolet, offering for the first time, a high-output 163 horsepower V8 engine as well as a more powerful six cylinder "Blue Flame" economy leader, was announced across Canada today. Greatly increased comfort and driving qualities stemming from re-engineered frame and suspension are enhanced by the first "dream car" styling in the low-price field. The Bel Air Sports Coupe (above) illustrates the broad, low grille and hood treatment, greatly increased vision through the new sweep-aim windshield, and the "feet" look imparted to all 14 body styles by the longer, lower lines of the new models.
