## Gideons Present Bibles To Chapel Grade Fivers

On Friday, youth testaments were presented to 47 Grade 5 pupils at Chapel Street School by Brampton Camp of Gideons No. 83. The testaments had been dedicated at a special service the previous Sunday in St. John's United Church.

Gordon Garner and Harold Page, two Georgetown members of the Gideons went to the school to present the testaments and they also left 45 bibles, received by V. A. Stein of the staff, which will be available for use by pupils in the senior grades. Pupils receiving testaments were in the classes of Miss Wilma Stull and Mrs. James F. Evans.

## Deny Munro Request for Free Subdivision Services

With legal opinion that council was in a position to decide either way on charging for water and sewer services into a projected housing subdivision, council at a meeting last Thursday decided to make no exception in the case of contractor Finlay Munro who, at a meeting earlier in the week, appealed for consideration.

Mr. Munro, who is owner of an 84 lot property purchased from Tom Hewson, reminded council that in 1953, when the subdivision was first planned, council had agreed to put in free services.

Since that time, a council motion stated that council could change its mind if satisfactory progress was not made on subdivisions within three months of Dept. of Planning approval.

With Deputy Reeve Allan Nortop and Councillor Harry Hale opposing the decision, a motion Thursday passed: That council inform Finlay Munro that services will not be installed in the subdivision heretofore known as the Hewson Survey, this decision being made in accordance with council's motion in 1953 giving them the option of refusing services where subdividers fail to make satisfactory progress within 3 months of approval of the subdivision by the Dept. of Planning and Development.

The town has petitioned county council to take over the unfinished part of Maple Avenue as a county connecting link.

There is some possibility that this road will be completed this year, linking the east and west Maple road ways, and providing a second traffic artery between the east and west parts of town.

Cr. Doug Sargent mentioned a proposal to make a start on clearing up surveying difficulties in town, by establishing fixed points from which surveys can be made. His suggestion is that concrete posts be placed at fixed locations from time to time, so that eventually any point in town can be determined in its relation to these survey centres.

Mr. Sargent's idea is to establish ten of these "monuments" this year. Cost is estimated at \$1200, and the Ontario government will pay half the cost.

### George Elliott Speaker At Guernsey Annual

An inspiring address by George Elliott, Q.C. of Milton, entitled "It's All In Your Mind," highlighted the afternoon programme at the Halton-Peel Guernsey Breeders annual meeting. Mr. Elliott in his usual fluent and forceful manner began by asking three questions: "What are we seeking? Why are we seeking it? Have we found what we are seeking, then enumerated eight characteristics of good citizens.

To be good citizens, we should try to be: Scholarly, Emancipated or Free, Courageous, Ultimate Minded, Reverent, Idealistic, Thoughtful, Youthful. It was more than a coincidence that the initial letters of these eight words spelled what everyone is looking for — Security. In Mr. Elliott's own words, "Security is something we can't buy — can't sell. It develops inside you. It's all in your mind."

Flock Bros. presented several musical selections which added enjoyment to the programme.

Others who contributed to the programme were Eugene Lemon, Jack Fraser, Jim Swartz, from the York Simcoe Club and Carl Ellis from the Central Club.

Harold Clapp, President of the Ontario Guernsey Breeders' Association spoke briefly, congratulating Halton-Peel Breeders and at the same time threw out several suggestions as objectives for 1955.

Glen Leonard Bessie has brought honour to George King & Son, of Oakville, and to Halton County, by recently completing a 10 year old record of 10,007 lbs. of milk and 1,001 lbs. of fat. This excellent record, the highest milk record for Guernseys in Canada in 1954, when added to her former production gives her an eight lactation total of 102,119 lbs. of milk and 5,457 lbs. of fat, which makes her eligible for a Diamond-Medal Certificate.

Other production certificates awarded were Gold Medal, Wm. G. Booth; Silver Medal, Geo. King & Son, Wm. G. Booth, John McNabb, and Bronze Medal, M. T. McNabb & Sons (4).

To conclude a very successful meeting, breeders were reminded of the Ontario Guernsey meeting scheduled for Guelph on January 19th. Special speakers included a USA expert on Marketing Golden Guernsey Milk; Dr. J. C. Rennie, OAC; and Dr. Henderson, OVC.

### HYDRO SAFETY CLINIC FIRST OF A SERIES

First of a series of hydro safety clinics was held at the Legion Hall Thursday morning, with hydro employees from town and from Acton, Milton and Orangeville attending.

The clinics are sponsored by the Electrical Employees' Association. Two instructors were present to give safety tips on such things as transformer connections. Other clinics are planned from time to time. Hydro superintendent G. W. McCallum
