The present officer slate was reinstated for another year, with Mrs. R. Coulter, R. R. 3, Campbellville, as president.

The annual report and financial statements were presented showing the Festival Association had concluded a very successful year.

## P-C Headquarters in McMillan Building

In the forthcoming election campaign, which as yet has been singularly quiet in Georgetown, the local Progressive Conservative organization have been the first to announce a location for a town headquarters, where voters may get information as to polling places, etc.

The party headquarters will be located centrally in town at the corner of Guelph (the highway) and Mill St., in the former implement agency occupied by Ken McMillan for many years. There will be someone in attendance each evening to answer any question regarding voting, residence rules, etc. It is emphasized by the Conservative executive that this is a service for all voters, and those in charge will be glad to help anyone, regardless of political affiliations. A telephone will be installed for voters further convenience, and an advertisement in the Herald will give the number when it is installed.

Election day it is planned to operate cars from this spot for the convenience of voters, and again people are urged to take advantage of this service.

New SWEETENED  
SUCKLING PIG RATION  
gives fast, economical gains

The twelve pigs, littermates, photographed at 56 days weighed 612 pounds, an average of 51 lbs. per pig. Started on Pioneer Sweetened Suckling Pig pellets at two weeks, they had consumed an average of 50 lbs. of feed per pig.

A controlled test with three litters on six uniformly divided groups of weaner pigs demonstrated a preference of 10 to 1 in favour of Pioneer Sweetened Suckling Pig pellets.

Pioneer Sweetened Suckling Pig pellets start baby pigs to eat early in life, and make possible fast uniform gains in weight. Weaning is no problem any time after four weeks if pigs are eating well.

Rapid early growth is always the most profitable — less feed is required per pound gain.

Give your next litter of pigs a palatable nutritionally balanced ration — Pioneer Sweetened Suckling Pig pellets.
