

### Niagara Bus Trip For Public Schoolers

Pupils from classes at Wrigglesworth School taught by Principal William Kinrade and Mrs. W. Gwizdala had a full day of sightseeing Friday when they took a bus trip to Niagara Falls. The boys and girls are from Grade 5, 6, 7 and 8 classes.

The trip was paid for by projects of their own which included publication of a joke book and a school newspaper.

Leaving early in the morning on chartered buses supplied by Georgetown Transportation Co., they stopped at the Royal Botanical Gardens, Hamilton, and the Stoney Creek monument, then drove through the fruitlands to Jordan.

They were fortunate at Port Weller in being able to watch a boat pass through the locks.

The group had a guided tour of Ft. George and at Queenston Heights the usual thrill of climbing Brock's monument.

An interesting trip through Sir Adam Beck power station No. 2 at Niagara was followed by the visit to the falls. Only thing missing this year was the opportunity to travel on the Maid of the Mist. Both boats were damaged by fire recently and are still not in use.

Three teachers accompanied the pupils, Mr. Kinrade, Mrs. Gwizdala and Kenneth Harrison, as well as some of the mothers, Mrs. Thomas Eason, Mrs. Len Sunnucks, Mrs. Ray Harley, Mrs. Ernie Rawson, Mrs. Jim Bradley, Mrs. Merv Cook and Mrs. Doug Lawson.

### Presentation for Acton Lady Teacher

A pleasant social evening was enjoyed at the Chapel Street School, in Georgetown on Tuesday, May 24th. It was a meeting of the Lady Teachers of Georgetown, Acton and the Esquimaux Schools. After a short business period presided over by Mrs. James F. Evans the president, the remainder of the evening was spent playing court whist. Winners in the game were Miss Beatrice Hume, Miss E. Moffat and Mrs. N. Gardiner.

A pleasant duty performed during the evening was the presentation of a sterling spoon adorned with the Women's Teachers Federation Crest to Miss Foster of the Acton staff, retiring from teaching this June.

Officers for the Esquimaux Unit for next year are President, Mrs. Reed, Acton, secretary treasurer, Mrs. Allan, Acton.

### LADY GOLFERS HAVE BUFFET SUPPER

a Vote for STAN ALLEN is a vote for the Humanitarian program of the CCF

## STANLEY A. ALLEN CO-OPERATIVE COMMONWEALTH FEDERATION

THESE ARE THE HIGHLIGHTS of a program that is the result of intensive study and discussion over a period of two years.

IT IS NOT PULLED out of the hat at the last minute as mere election bait. On the contrary, it was discussed fully at regional conferences held in all parts of the province and was finally approved at a representative and democratic convention.

PARTICULAR ATTENTION was given to the question of paying for the various measures we propose. We are satisfied that our province, with its great natural resources, can fully afford our program. In fact, we cannot afford to be without it, because it meets basic needs of the vast majority of our citizens.

# STAN ALLEN - CCF

1. **JOBS FOR ALL:** Democratic planning will keep everybody at work making the things we need: houses, schools, hospitals, and the materials used in building them.
2. **HOSPITAL AND HEALTH INSURANCE:** The CCF proposes the immediate introduction of a province-wide hospital insurance program as the first step towards complete health insurance.
3. **SICKNESS BENEFITS:** We propose a plan under which those who lose income because of sickness will receive compensation in the same manner as workmen's compensation is now paid.
4. **GOOD HOUSES:** A public housing program will provide decent homes for all families at prices or rents they can afford, regardless of their means. Specifically, the CCF proposes the construction of 40,000 low cost, low rent homes over the next four years (as compared with slightly more than 1,000 such homes constructed by the present government over the last five years).
5. **PROTECTION OF HOME OWNERS:** We propose legislation to protect families from losing their homes or farms in cases where they are unable to keep up their mortgage payments because of sickness, unemployment or other similar misfortune.
6. **GRANTS FOR EDUCATION:** The CCF will relieve the tax burden on homes and farms, and at the same time provide the means for meeting the increasing demand of our educational system, by increasing provincial grants for education to 50 per cent of the overall cost (from the present level of about 30 per cent).
7. **FARM SECURITY:** The CCF proposes adequate marketing legislation to establish stable farm prices. The effect of this will be not only that the farmers will enjoy a secure standard of living, but in addition they will be able to buy industrial products and thus help to maintain employment.
8. **NATURAL RESOURCES:** Official government documents reveal that our forest and mineral resources are being brutally depleted, and only a pittance is being paid in royalties. The CCF will undertake a planned program of development of our natural resources, in which our great heritage will be used for the benefit of all our citizens and the interests of future generations will be protected.
9. **PROTECTION OF CONSUMERS:** We advocate the establishment of a Consumers' Bureau as a public service, to give consumers independent expert information on the quality of goods placed on the market in Ontario, to control misleading advertising and to recommend appropriate action for reducing unreasonable price spreads.
10. **PENSIONERS:** A provincial supplement of \$20.00 per month to old age pensioners.
11. **AUTO INSURANCE:** A CCF public auto insurance program will cut premiums by at least one third and give better protection to the public.
12. **HONEST GOVERNMENT:** The CCF proposes a complete review by independent experts of the methods of government spending, to eliminate corruption and inefficiency.

### GLEN WILLIAMS

### BARE HANDS CATCH 22" BROWN TROUT

The season's most unusual fish story comes from Glen Williams where two teen-agers caught a 22 inch brown trout last Tuesday without the aid of fishing pole or net.

Pierre and Rino Meyer caught the fish with their bare hands and it was swimming in the shallow rapids about 200 yards from the old Beaumont dam. The boys were in water up to their knees and got a good soaking which they felt was worth the trouble in view of their catch.

HERALD ADLETS are a sure way to convert unwanted articles into cash. Furniture, electrical appliances, clothing, bicycles, farm equipment change hands rapidly when you spend half a dollar on an Adlet.

### Provincial Bowlers Banquet, Prize Night

Doug Cole and Pauline Herrington were awarded prizes for the High Triples for men and ladies, and Ann Wylie and Lloyd Boyd received the prizes for High Singles at the turkey dinner held by members of the Provincial Paper Ltd. Bowling League on Saturday evening. The event was held in the Oddfellows Hall, with Verdun Rebekah Lodge catering for the banquet.

The champion team for the year was captained by Jack Hooper, with the following members: Doug Cole, Marilyn Felker, Muriel Ballantyne, Verna Louth, Jean Chappel, Helen Chaplin and John Warren.

After dinner, Jack Hooper and Lloyd Boyd presented the trophies to the winners and crests were given to all club members. The bowlers adjourned to the upper part of the hall, later, for dancing and refreshments.

### CLUB MIDTOWN

Due to cadet rehearsal and inspection the scheduled teen-town meetings of May 24th and 31 were cancelled.

The big problem at the moment is whether or not to continue the dances during the whole summer or just every other week. Please help us decide by giving your opinion.
